BLOOMSBURG, PA. FRIDAY, SEPTEMBER 3, 1886

Thomas E. Benedict of Middletow N. Y. has been appointed Public Print-er at Washington. Gabert H. Bene-dict editor of the Ellenville Press N. Y. will act as chief clerk.

President Cleveland and party left Monday morning for the upper lake region, where they will spend a tow days in fishing and hunting. They will return the latter part of the week.

Lightning struck into the powder magazine of Laffin & Rand at Chicago on Sunday evening, causing a terrific explosion which was felt for miles around. About 100,000 pounds of powder exploded. Other powder mag azines were in the same vicinity; but none of the powder exploded—the buildings however, were torn down by the explosion of the other magazine People in churches near by were panic stricken, not knowing the cause of the great shock. Only three lives were lost, and a number seriously injured.

BUCKALEW AND CONGRESS.

Not that he needs any recommenda tion or commendation from any one-for all know him. But when so distinguished a citizen is chosen to repre sent the 11th Congressional district in Congress as Charles R. Buckalew, there is a stride in the path of reformation almost unparalleled in the annals of modern politics, especially in dis-tricts of such overwhelming majorities.

The people have been, time and again, systamatically cheated out of their choice by scheming, unscrupu-lous and petty politicians, in the inter-ests of self aggrandizement rather than for the public weal. Not that they have not been creditably represent-ed, but that they have been defrauded out of their best and purest representative men. Buckalew is indentified, more or less, with every public interest local and general in behalf of the people's good of this commonwealth, in the framing of the State Constitution. He will be a power, if chosen, that will not only be felt in the 11th congressional district but throughout the whole nation. He will not only vote on questions and bills, but will lead

an influence second to none in the rapacious foe of the prosperity of labor nation, in the interest of good governand of the security of capital; favors pacious foe of labor and capital. The ment. the Conference:
"Resolved, That a congressional committee be appointed to consist of one committee man from each county or part of a county, who shall have power to rame the time and place of holding the congressional conference for this district, and the time and place shall be announced before September 1st of each year; and further that the time named shall not be later than September, 10th; and provided further that at least ten days notice be given

before the meeting of the conference. The above resolution, which originated the district Committee, shows the authority of that Committee to be limited to the fixing of the time and place for holding the Conference meet ing, and of course giving notice of the same. The Committee have nothing to do with the Conference when held.

But the main object of this resolution is defeated for the present year by de-lay in holding Conventions in the eastern counties of the district. The Convention for Carbon county is called for 11th September-a date later than the time fixed for a Conference by the resolution rule.
Columbia, Luzerne, Lackawanna,

and Montour, have taken timely action by holding their Conventions at early dates; Monroe and Pike have held theirs within the past week, but Car-bon is decidedly behind time.

A Great Victory A Terrible Case of Scrofula Cured by

Hood's Sarsaparilla

" In the winter of 1879 I was attacked with Scrofula in one of the most aggravating forms. At one time I had no less than thirteen large absesses over and around my neck and throat, continually exading an offensive mass of bloody matter disgusting to behold, and almost intolerable to endure. It is impossible to fully describe my sufferings, as the case was complicated with Chronic Catarrh. After three years of misery, having been treated by three physicians, I was worse than ever. Finally, on the recommendation of W. J. Huntley, druggist, of Lockport, I was induced Huntley, druggist, of Lockport, I was induced to try Hood's Sarsaparilla. And now, after having taken twelve bottles, within the last twelve months, the scrofulous cruptions have entirely ceased, and the abscesses have all disappeared, except the unsightly scars, which are daily becoming 'smaller by degrees, and beautifully less.' I do not know what it may have done for others, but I do know that in my case, Hood's Sarsaparilla has proved an effective specific indeed. As an evidence of my gratitude I send these facts unsolicited, and I am ready to verify the authenticity of this cure, by personal correspondence with any one who doubts it." Charles A. Roberts, East Wilson, N. Y.

This statement is confirmed by W. J. Huntley, druggist, of Lockport, N. Y., who calls the cure a great victory for Hood's Sarsaparilla. Send for book giving statements of many cures.
