BLOOMSBURG, PA.

FRIDAY, OCTOBER 8, 1886.

Ex-Senator Wallace has positively declined to accept the nomination for Congress in the twentieth district.

The Supreme court has decided that the law of June 29, 1881 prohibiting the issuing of store orders, is unconstitutional. They say the laborer "may sell his labor for what he thinks best, whether money or goods, just as his in the river are having quite a rich employer may sell his iron or coal, and barvest this season. show that this is so. The New York Times, (Rep.) of a very recent date, says: "If there is any cloud anywhere in the financial

sky it manages very thoroughly to hide itself. There has been no hint of it in the week past. Trade is booming; merchants are crowded by custom, and manufactories are driven to fill orders disfavor on the restriction. booked far ahead; every man who wants work has it, and every dollar not locked up is showing an earning power. The farmers of the West and South have crops that pay for the first time in years ; the railroads in all their history have never been called upon to handle such a vast traffic. Illustrations of the increased earnings of the rail-roads of the country were given last week. The same state of things continues, with but the one difference that the percentage of increase is even larger now than then. The result is un-precedented. The prosperity betoken reaches in every direction."

The Outlook in the State.

From the York Age, The political situation in the State has a most encouraging outlook for the success of the Democratic State ticket. From all sections of the Commonwealth we meet prominent gentlemen, who are not in any sense of the word poli-ticians, but who, in traveling about transacting their business, have naturtransacting their business, have natur-ally become interested in the triangular burg, and was captured on Wednesday contest going on, and with the tact and shrewdness peculiar to the active man of business, put together the threads of conversation they hear about the probable result of the election, just as they would some business problem,

and they reach a conclusion which be accepted as almost indisputopen able. The judgment of these men, as we hear it expressed upon the cars and at the hotels, where we chance to fall in with them, is that Chauncey F. Black will be the next Governor of Pennsylvania. They have a substan-tual basis for this belief, and they do 21 years, is visiting relatives and friends not hesitate to put themselves on record as prophets, regardless of their own political opinions, for many of the all look so old. He will remain in this gentlemen who make these statements and honestly believe in the election of Mr. Black, are of the opposite party and will vote for their own candidate.

REPORTS OF GOVERNMENT CHEMISTS
s to Purity and Wholesomeness of the Royal Baking Powd

"I have tested a package of Royal Baking Powder, which I purchased in the pen market, and find it composed of pure and wholesome ingredients. It is a cream if tartar powder of a high degree of merit, and does not contain either alum or hosphates, or other injurious substances. E. G. Love, Ph.D."

"It is a scientific fact that the Royal Baking Powder is absolutely pure. "H. A. Morr, Ph.D."

"I have examined a package of Roya. Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious sub-stance. Huway Monros, Ph.D., President of Stevens Institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. DANA HAYES, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country. No other article of human food has ever received such high, emphatic, and uni-versal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE-The above DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Frof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advant-age of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

\* While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicat-ing that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

### WHY HE WILL BE ELECTED.

A New York traveling man called

upon us Saturday for an order, and in the course of his conversation said : "This is the home of Mr. Black, the Democratic candidate for Governor, is it not ?" We remarked it was. "Well," said he, "if signs and talk go for any-thing York county will be honored with the next Governor. I have been pretty generally over the State, and find he is not only popular, but that the labor interests and Germans are earnestly at work for him, and I believe he will be elected."

### The Democratic Record.

POSTMASTER-GENERAL VILAS ON WHAT THE PARTY HAS DONE AND PRO-POSES TO DO.

Postmaster General Vilas was to speak at a ratification meeting at Milwankee last week, but was prevented from coming and sent a letter of apology, in which he said :

When President Cleveland took office a large number of our fellowcitizens had been taught to expect little less than national calamity to follow Democratic ascendency, distrusting the pledges of that party to the people and failing to comprehend its benign principles, which wisely seek the good of all. There were many who believed the operations of the Government would prove a disastrous failure : that owners of the dogs offered a large reward the public service would be imbecile, the finances ill managed ; the revenues but half collected or half squandered, our pensions go unpaid ; our public lands be lost ; our colored citizens rele gated to servitude, and all security for ousiness disappear.

"Weak and credulous, indeed, must be the man who longer yields faith to such direful prophecies. In the eighteen months which have passed, not only the ordinary operations of the Government have been without difficulty or disturbance but already many ledges have found redemption. quantities of the public which had fallen under Vast lands private control have been reclaimed and saved for settlers, and measures of economy in collections of revenue and in expenditure have yielded good results. For a summary proof contrast the business of the Treasury during the last fiscal years, of which the acting Secretary, Mr. Fairchild, has kindly furnished me a statement. During the year ended June 30, 1885, the receipts were \$823,690,706 38, and during the year ended June 30, 1886, \$336,439,727.06, while the expenditures of the former period were \$260,-226,935.11, as against only \$242,483,-138 50 in the latter : or roundly stated. more revenue was collected during the last than during the preceding year by \$13,000,000, while the expenditures were decreased by \$18,000,000, not withstanding, also, the increase in the payments for pensions was over seven

# Rheumatism

It is an established fact that Hood's Sarsaparilla has proven an invaluable remedy in many severe cases of rheumatism, effect ing remarkable cures by its powerful action in correcting the acidity of the blood, which is the cause of the disease, and purifying and enriching the vital fluid. It is certainly fair to assume that what Hood's Sarsaparilla has done for others it

will do for you. Therefore, if you suffer the pains and aches of rhoumatiam, give this potent remedy a fair trial.

### A Positive Cure.

"I was troubled very much with rheuma-tism in my hips, ankles, and wrists. I could hardly walk, and was confined to my bed a good deal of the time. Being rec-ommended to try Hood's Sarsaparilla, I took four bottles and am perfectly well. I cheerfully recommend Hood's Sarsaparilla as one of the best blood purifiers in the world." W. F. Wood, Bloomington, Ill.

The First Sign Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest i the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfechled system, promoting the digestion and assimilation of food,; restoring the nervous forces to their normal condition, and for purify-ing, enriching, and vitalizing the blood. Failing Health. Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervous-ness. I tried various remedics pre-scribed hy different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever. —Mrs. E. L. Williams, Alexandria, Minn. I. L. Williams, Alexandria, Minn. I have used Ayer's Sarsaparilla, in my family, for Scröula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterativ., and must say that I honestly believe it to be the best blood medicine ever compounded.-W. F. Fowler, M. D., D. D. S., Greenville, Tenn.

Dyspepsia Cured. It would be impossible for me to de-scribe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary re-lief. After taking Ayer's Sarsaparilla for a short time, my headache disap-peared, and my stomach performed its duties more perfectly. To-day my health is completely restored. - Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regu-lates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered. — H. D. Johnson, 383 Atlantic avenue, Brooklyn, N. Y.1 Ayer's Sarsaparilla,
