Chairman.

At the time of this writing there has not been any conclusion reached by the Senatorial Conference of this District. And it is not possible to pronounce what the conclusion will be, but we desire to call attention to some facts with which we desire the Demoeracy of not only Columbia county, but of the district and State to be informed.

We may say in passing that in pre-senting the name of Col. Freeze as the candidate, we have selected a lawyer of distinction, a writer of note, a democrat who is known over the state, and who for forty years has with voice and pen devoted himself to the party suc-

A Fraud Exposed.

THE ORGAN OF THE IRON WORKERS RE PUDIATES A TRANSPARENT TRICK.

In the current issue of the Labo Tribune, of Pittsburg, appears the following. It is of special significance, because the Tribune is the official organ of the Amalgamated Association of Iron and Steel Workers of the United States :

REBURE THE FALSE PRETENSE. In justification of the course of the Bellefonte Iron and Nail company in issuing scrip to their workmen, which is being used against Gen. James A. Beaver, the Republican candidate for In 1882 the following was the vote Governor in this State, who is a mem ber of that firm, there is a circular going around alleged to be issued by the workmen themselves, justifying the course of the firm in issuing the scrip -that it was at their (the workmen's) request, etc. Four of the men whose names are attached to the circular, a copy of which has been sent to every K. of L. assembly in Pennsylvania, claim to be members of the K. The only safe and sure way seems to be to "turn the rascals out." Post-master Harrity of Philadelphia retain-ed a number of republican employees, and some of them purposely made mistakes that resulted in delays in the mail, or failed to deliver, to give republican organs an opportunity to criticize the management under a Demoerat. If they had been turned out in the first place there would have been no occasion to find fault with Mr. Harrity's administration.

In order to make it appear that the Democratic party has no more regard for the laws prohibiting the assessment of office-holders for political purposes, than the Republican party had when in power, the organs are resorting to desperate means. On Monday the Press printed what professed to be a facsimile of a letter sent out from the office of the collector of Internal revenue at Philadelphia demanding 3 gressman-at-large, congress, senate, and all other county offices. I was a great sufferer from Dyspepsia and Constipation. I had no appetite, and was constantly afflicted with Headache and Dizziness. I consulted our family doctor, who prescribed for me, at various times, without affording more than temporary relief. I finally commenced taking Ayer's Pills. In a short time my digestion and appetite IMPROVED my bowels were regulated, and, by the time I finished two boxes of these Pills my tendency to headaches had disap-peared, and I became strong and well.— Darius M. Logan, Wilmington, Del.

I was troubled, for over a year, with Loss of Appetite, and General Debility. I commenced taking Ayer's Pills, and, before finishing half a box of this medi-cine, my appetite and strength were re-stored.—C. O. Clark, Danbury, Conn. Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered Stomach and Liver. Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was refreshing.—Henry C. Hemmenway, Rockport, Mass. I was cured of the Piles by the use of Ayer's Pills. They not only relieved me of that painful disorder, but give me in-

REPORTS OF GOVERNMENT CHEMISTS As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances.

E. G. Lovz, Ph.D." "It is a scientific fact that the Royal Baking Powder is absolutely pure.
"H. A. Morr, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious sub-stance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. Dana Harrs, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Expositiou, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country. No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, ecientists, and Boards of Health all over the world.

Nore—The above Diagram flustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

*While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.
