Senator Warner Miller has grown to be very stout. He weighs nearly 300 pounds. Henry Watterson says that the American minister at Paris is the youngest man of his age in the world.

Senator Van Wyck has returned to Washington from Nebraska, and will remain till the congressional session closes. Count Moltke invariably begins each day with a visit to his wife's tomb, a practice he has observed ever since her death.

The senior Dr. Nichols, of Cambridge, Mass., recently celebrated his golden wed-ding, and his aged mother assisted in receiving the guests.

Governor Pattison, of Pennsylvania, has purchased a residence in Philadelphia, in an-ticipation of his retirement from the gov-ernor's mansion in Harrisburg. A son of the Rev. Dr. Jestrow, the eminent rabbi of Philadeiphia, has been elected lecturer on the Assyrian language and litera-ture in the University of Pennsylvania.

"Our Uncle George Tillman," says The Augusta, Ga., Chronicle, "has been in Washington for many winters, and has never worn an overcoat. He is uncommonly healthy, and attributes his freedom from colds and pneumonia to discarding his overcoat."

The little daughter of Senator and Mrs.

He now divides his time between inditing poetry in his study, playing chess at the Cafe de la Regence, and taking exercise at his carpenter bench, which he has set up recently in one of the rooms of his cory home back of Notre Dame. Mr. Tilton points with pride to some neat book shelves that he has just finished.

Henry Bergh says that when he first be-gan the Society for the Prevention of Cruelty to Animals movement the only donations he received came in \$1 or \$5 lots. Later on \$100 checks began to take away his breath, but now immense fortunes float around his way, and he gathers them into the society's exchequer without any excitement. Speak-ing of the contest of Miss Welton's will, just decided in his favor, he said: "It has already cost the contestants \$20,000, and I think they will not appead."

Henry Ward Beecher, who refused a recoption tendered him by the city authorities of Brooklyn because some one objected to the expense, has been interviewed on his recent visit to England. He says there is a "preva-lance of crusty bread and sour coffee" in the right little tight little island. Of the queen he says the people are mostly loyal to her, but they criticise her parsimony and sentimen-tality. The Prince of Wales, Mr. Beecher adds, is always spoken of as a "perfect gentleman." He stopped at the hotels and says he saw no slouch hats over there.

# RAILROAD MATTERS.

It is reported that President Newell will retire as general manager of Lake Shore and take the presidency of C., C., C. and I. Dakota people do not see any good reason why the Milwaukee railroad should charge only three cents a mile in the states all about and four in Dakota.

A railroad has been incorporated in Illinois with a capital of \$10,000,000, to be known as the Cairo, Kansas and Western Railroad company of Chicago.

The Richmond and Danville road, it is reported, has made proposals to the Nort Carolina railroad for a renewal of the leas of the latter for fifteen years.

Up to Nov. 1 the Atchison, Topeka and Santa Fe company has constructed 346 miles of new road in Kansas under the Chicago, Kansas and Western charter. President Wilbur, of the Lehigh Valley
