GEN. LOGAN'S SUDDEN DEATH Is a great shock to the nation. Few knew that he was even indisposed when the news of his death flashed over the wires and thousands of people stood aghast at the sudden change from health and vigor to cold and silent death. For the past twentyfive years there has been no man more constantly before the public than General John A Logan. Through all his career he has been noted for his fearlessness and purity of character, both in public and private life. Loved by friends and respected by

enemies he will be mourned by all. His death adds another to the long list of victims to sudden and acute rheumatism. Probably no disease is so common as rheumatism, none is more sudden or danger-ous, and there is certainly none which so completely baffles medical skill.

Only one remedy has yet been discovered which is a sure and safe cure for rheumatism and its twin disease, neuralgia, and that is Athlophoros. In thousands of cases Athlophoros has proved a quick and certain cure for these diseases. In connection with Athlophoros Pills it has never yet failed to speedily effect a cure.

In all probability many deaths attributed to heart disease are caused by these ter-rible diseases, which are far more danger-ous than is generally considered. Rheumatism, even though in a very mild form, is extremely dangerous, for it is liable at any moment to go to the heart and cause instant death. Why trifle with a disease so fatal when a certain cure can be obtained of any druggist?

Every druggist should keep Athlophoros soid Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St. New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c, for Pills. In 1870 the village of Durham, N. C., contained 250 inhabitants. Now it has 6,500 and 2,000 or 3,000 just outside the boundaries. The valuation has risen from \$59,000 to \$3,500,000. Tobacco, cotton, and woolen factories account for this.

In South Carolina the colored people own \$10,000,000 worth of property. In North Carolina there are twenty colored men worth from \$10,000 to \$20,000 each. In Louisiana they pay taxes on \$15,000,000 in New Orleans, and in the state on \$30,000,000. The remains of the revolutionary hero, Gen. Israel Putnam, to whom Connecticut accords the bonors of Bunker Hill, have been removed from their resting place of a century and placed underneath a new \$10,000 monu-ment which the state has had erected.

One of the most important industries of the day is the canning trade, and Maryland and California are the principal canning states. Maryland alone gives employment to 60,000 persons in canning fruits and oysters, the estimate being 150,000,000 cans annually. Europe's wealthiest cab driver resides in
