GEORGE A. CLARK, P. M.

Dr. Shattuck prepares a medicine known as the "Rest Cure Specific" that is very highly recommended for kidney and liver complaint, blood diseases and malaria. It is not a patent medicine, but is a compound put up by a skillful physician, and we have personal knowledge of its effect. It is an excellent remedy. It has not been extensively advertised and hence is not so well known as some patent preparations upon which thousands of dollars have been spent in advertising to bring them before the public, but it is far more reliable because it is compounded right here at home by a reliable physician, and therefore deserving of confidence.

Joseph Orr Winterstein a highly esteemed citizen of Millville, died at his home in that village April 1st, at eleven o'clock at night after an illness of about two weeks. His disease was typhoid pneumonia. Mr. Winterstein was old and respected, having moved to Millville when he was a little boy. He lived several years at Danville, a few years at Foundryville and then moved back to Millville where he has resided ever since. He was born October 1st, 1815 in Luzerne county, near the spot where the Wyoming monument now stands. He leaves a widow and nine children, two of whom, L. S. Winterstein, Esq., and Mrs. J. B. Sker reside in Bloomsburg. The funeral was held on Monday at one o'clock, and was largely attended.

It is a bad custom when physicians prescriptions are dispensed by a pharmacist to write the names in vials and boxes. Prescriptions carefully compounded for special cases and conditions may become absolutely injurious by lapse of time, and under certain circumstances, some articles change their character by being kept in small quantities. There are a few simple preparations which may be kept in the house, though even of these the fewer kept the better. But of all things injudicious, among the most so is the giving to one person, without medical advice, the medicine prescribed for another. It would seem in some families that the members consider themselves as residuary legatees, entitled to appropriate all the remainders of the doctor's prescriptions for a relative by a physician after his visits are discontinued. So says the Philadelphia Ledger.

The Merchant Tailoring Department is now replete in Spring styles. Call and see the largest stock of Cloths, Cassimeres, &c., to select from. Suits made up in City Style at D. Lowenberg's, Merchant Tailor.

An affair occurred at Berwick a short time ago, which created quite a breeze there. Katie Gensel, a young girl of that place, ran away with C. C. Allen, the advance agent of the Lewis Opera Co., which played here last week. It was a case of love at first sight. Allen met her on the street shortly after he reached the town on Saturday, and on Monday evening they left on the early train for Tunkhannock, where the troupe then was. They were unable to obtain a marriage license there, and the manager refused to place the girl in the chorus. He discharged Allen when he learned how they had left Berwick, whereupon Allen left Miss Gensel in the lurch and started for Washington, where he lives. The girl is now serving as a domestic in a Wilkes-Barre family.

Allen turned up in Wilkes-Barre a few days since and gave an account of the affair, which is very plausible. He says that Miss Gensel went to Tunkhannock with him, expecting to become a member of the troupe, and while in Tunkhannock she remained with the family of the proprietor of the hotel. When the troupe arrived, and the manager would not employ her, she went to Wilkes-Barre, to seek employment.

Wanamaker's.

PHILADELPHIA, APRIL 4, 1887.

A great do to see in the store this week. A grand occasion in Dress Materials, including Silks, the first part; Millinery, too, the last part.

They say our Millinery is away beyond anything we've ever shown before. It has the wealth of the Chestnut and Thirtieth Streets corner.

If you can't come to the store you can send a letter for either samples or goods.

Let nothing hide those half-hundred English Dress Cloths, those wonderful mixtures and checks and stripes and plaids and combinations. The wonder is in the number as well as in the fineness and the elegance. Half a hundred ladies might wear dresses of them, and the stuffs differ so that you'd hardly trace a resemblance when the wearers meet. 54 in. \$1.25.

Near by some fine "camel's hair" in the light spring shades. Always stylish and dressy; something you can rely on. 42 in., 85 cents, \$1 and \$1.25.

Crinkled Seersuckers. More than ever before and prettier. Variety of effects indescribable; from narrow stripes and small checks to wide stripes and large checks, besides novelties by the dozen. 10 cents to 25 cents.

Linen Lawns. Cost too much for a season or two to hold up against the "Union" stuffs - the mixed cotton and linens. Won't crowd the "Unions" out now, but the price should get back some lost ground.

It's worth a little extra to get something so light, and strong and neat as these printed linen lawns. Colors that won't fade, that'll be bright as long as the stuff lasts. Every thread linen; modest little figures; especially fit for girls' wear. Pink, blue, black and plain white, 25 cents.

A new day dawning for the linen lawns.

Shetland shawls. A little lot from last year. We want them to go before the new ones come. Half price'll be the push - 50 cents to \$1.50.

India Shawls. A wise shawl man says he has never before known a time when \$25, \$30 or \$50 would buy so much of an India shawl. Half, third, quarter of the few-years-ago price. You don't expect much of an India shawl for any such money; you'll get at least twice what you expect.

China Mattings were scarce last year, so 'twas said, but you found them here. Likely to be scarce in the same way again. Some of our patterns and qualities are scarce now, so scarce that you'll find them nowhere else. [Same thing in carpets.] They say mattings are getting better year by year. It looks so. Every grade of Jointless, Damask, and Fancy. If you don't care to cover the room, we'll make them as a rug. Plenty of small rugs. Special prices by the roll of 40 yards or to hotels and institutions. A Fancy at \$5.50 a roll. By the yard 16 to 65 cents. We'll send a sample or two by mail if it isn't handy to come and see.

Mitcheline spreads. Light weight, Summer weight. Seem to fit in with China mattings on floors and screens in windows. Bright, cheerful, and don't show every speck of dust. Blue, buff, pink and bronze. \$2.25; have been \$3.

JOHN WANAMAKER, Chestnut, Thirtieth and Market streets, and City Hall square.

DR. MOTT ON SPERM'S POINT GRAPE WINE. The celebrated Dr. Mott, of New York, speaks wondrously for Mr. Sperm's efforts to cure the Sperm wine. He writes: "I have known the Doctor has spent years in Portugal and the wine districts of France and the learned how to get the purest grape juice, which he then put in a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made sober by the use of his wine without their knowledge, and to-day believe they quit drinking because they were cured. The harmful effects result from its administration. Cures guaranteed. Send for circular and full particulars. BUSINESS NOTICES.

Confidential advice to married men - If you want your wives to greet you with a smile on wash day (the most trying day of the week) call on a home-bred Dr. Doydopp's Balm Soap. [1ap4t.]

W. O. Tugler, of Georgia, Ga., writing about Doydopp's Proprietary-Fruit, says: "It is a priceless jewel as a disinfectant and deodorizer. My wife states for the benefit of my mother-in-law that it is a valuable adjunct to the nursery." It is equally so to parents traveling with children. Not only is the fluid invaluable as a deodorizer, but a few drops added to the water in bathing will remove all eruptions from the skin, chafing, etc., and greatly refresh and soothe.

TO PRESERVE NATURAL FLOWERS - Dip the flowers in the liquid, which will dry them quickly. The liquid should be only just hot enough to maintain its fluidity and the flowers should be dipped one at a time, held by the stems and moved about for an instant to get rid of air bubbles. Fresh cut flowers, free from moisture, make excellent specimens in this way. If you would preserve your health and invigorate your entire system use Perrine's Pure Barkley's Fruit-Whey. For sale by C. B. Robbins, Bloomsburg, Pa. [caw.]

FREE TRADE - The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burrs of home manufacturers. Especially is this the case with Green's August Flower and Boschee's Golden Specific. The reduction of this tax six cents per dozen, has been added to increase the size of the bottles containing the medicine. The Golden Specific is now a more potent medicine in the 7 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Croup and Croupy Cough, have perhaps the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents returned. Jan 28, 1. 87, e. 89 ly.

Fecular in medicinal merit and wonderful cures - Hood's Sarsaparilla. - N. W. is the time to take it, for now it will do the most good.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became a man, she strove for Castoria. When she had children, she gave them Castoria.

DISEASES OF LIGOR HABIT, CAN BE CURED BY DR. HAYES' GOLDEN SPECIFIC - It can be given in a cup of coffee or tea without the knowledge of the person affected, effecting a speedy and permanent cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made sober by the use of his wine without their knowledge, and to-day believe they quit drinking because they were cured. The harmful effects result from its administration. Cures guaranteed. Send for circular and full particulars. Address: Dr. Mott's Golden Specific Co., 185 E. 8th St., Cincinnati, Ohio. - dec 8 89 ly.

HELP! HELP! - Hops, Burgundy pitch combined make the famous Hop Plaster, best and strongest plaster ever known. Multitudes say so.

BIG BLAZE AT BERWICK.

Old Fellows' Hall and St. Charles Hotel burned.

Old Fellows' Hall at Berwick was a large three-story brick building on Main street, owned by the Berwick Odd Fellows' Hall Association. The first floor contained three rooms, occupied respectively by the Gnostic printing office, A. Miller's store and J. Fisher's pool room. The second floor contained a public hall, and the third floor was used by the Odd Fellows and Knights of Labor as a lodge room.

On last Saturday morning at about two o'clock fire was discovered in the building by a watchman, and an alarm was sounded and
