It is a very careless thing to let a horse stand in the public streets unbridled. No matter how gentle a horse may be, he is liable to be scared almost at any time, and a serious runaway may result, endangering other people's property and lives, as well as your own.

A brilliant game of ball was played at the park on Thursday afternoon between the Lawyers and Merchants of town. After a desperate game during which many brilliant plays were made, and some hard batting done, the score upon being counted up was found to stand 30 to 87 in favor of the Merchants. Quite a number of spectators viewed the game.

H. B. Clark and P. T. Keeler started on their bicycles last Saturday morning for Eaglesmeere, the beautiful summer resort in Sullivan county, where they remained several days. The lawn tennis tournament of the Bloomsburg club was played Saturday afternoon last at Athletic Park, Bloom visiting for the second time to the tune of 14 to 6. The attendance was below what was expected, the price of admission keeping a great number of the sport away. Let the managers of the club consider the following prices of admission, game 10c.; ladies 5c., and report their decision on their next posters. If the above prices are adopted they will have twice the attendance they had at last Saturday's game, providing they continue to play good clubs.

"Why can't we have prices within the reach of all and have good attendance, rather than high prices and poor crowds?"

Our boys won the game in the second inning through their opponents' errors. Bloom played a good game as has been played here this summer. Hays, the new pitcher, won much applause and many friends by his good catching and magnificent throwing to bases; with the stick he hitting it each time far out into the field. The work of Hest in the box was his usual admirable, striking out four men; the hit made on him were nearly all of the "scratch" kind. Sylvas at short stop did noble work, covering a great deal of ground and making only one error, muffed a deep down. The basemen, Ent, Saffler and Hagenbuch, played to the hilt, muffed only three, and better supported their playing. The out fielders had little to do, but when called upon to act, did so in a creditable manner, Winerer and Boice gathering in flies, while Houser threw in his "canon balls."

For the visitors nothing much can be said. McCoy was a little wild but he did well in his pitching; his support by Gibbons was poor. If better supported he could have been more effective. The playing all around was rather loose. The Bloom club has been playing good ball so far this summer and it takes a good strong team to down them.

Orangeville.

The Masonic Hall in J. B. Hartman's new building is nearly completed, and will soon be ready for occupancy. It is a fine, large room with banquet hall adjoining.

M. K. Line keeps on hand a good stock of light and heavy harness, whips, rags, saddles, and everything else that can be satisfied, both as to quality and price.

The Orangeville shoe factory is now in full operation. It employs about fifty hands, and makes 600 pairs of shoes a day. Each workman has but one particular thing to do, and each shoe passes through many hands before it is completed. Mr. Pitts, the superintendent, is a very intelligent and thoroughly practical man. This enterprise is a fine thing for our town.

The railroad thus far has not done the business men much good, as the freight rates are too high.

Delicate children, nursing mothers, overworked men and for all diseases where the tissues are wasting away from the inability to digest food, or from overwork; should take Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites. "I used the Emulsion on a lady who was delicate. I put her in such good health and flesh, that I must say it is the best Emulsion."—L. P. WARDEN, M. D., Hugh's Mills, S. C.

THE SUGARLOAF VOTE.

THE CHARGE OF FRAUD CONSIDERED PIETLY REFUTED.

The Republican of last week states "on reliable authority" that the returns of Sugarloaf were detained in Orangeville on Tuesday morning of the convention for three or four hours, and that there the true returns papers were abstracted and that a fraudulent one was made up and substituted, and the whole result of the convention changed thereby; that this was secured by the payment of two hundred dollars.

We are able to say from our own knowledge that this story is not a word true, but is a pure fabrication. The returns were not abstracted and substituted in the manner alleged, and the whole result of the convention was changed thereby, as is shown by the following facts:
