Rev R M Pickens, President of the Methodist Protestant Church of South Carolina, writes from Greenville:

"About four years ago I was attacked with what the physicians pronounced with what the physicians pronounced neuralizic theumatism, accompanied with erysipelas. My appetite failed me entirely, and I had an internitting pulse and youy irregular pulsations of the heart. A ter-rible pain soon came into my chest and shoulders, and I become so helpless that I could attend to no business at all. The pains were movable, and would sometimes mass from one part of my body to another Finally the erysteleas broke out on my lett hand and arm, and produced much swell-ing. I was for eighteen months afflicted in this way, and of course used a great many kinds of medicines, but nothing gave me reliet. Friends finally persuaded me to try Swift's Specific I noticed a decided improvement while taking the first battle I continued its use until I had taken about one dozen bottics, when I found myself sound and well again, with no sign of dis-ease left except a stiffness in my hand, a result of the erysipelas.
