HOW'S YOUR LIVER?

In the oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged.

CORNER LOTS.

Mr. Brown, doubtfully. "Oh, no," said his son, "a million ought to do it." "A new trifle," said the old gentleman, mimicking Frank's airy tone. "Upon my soul," he continued, with sudden energy, "I stay here longer and longer, and longer, starting me all that you are. Why, they tell me that that peninsula over there, with all that water, is worth a million dollars."

IMPRISONED IN CUBA.

After it was all over we left it on the cabin table ready for the morning, as we were to start by daylight. Along the middle of the night, when I was sleeping, I was wakened by a knock on the door, and, opening the door, I found a man in a dark uniform, who had returned the basket to the cabin table.

THE Mysterious Package.

There is not a class of men in the world who possess such a horror of police and prison as the Cuban revolutionaries. They respect the law and its oftentimes mysterious workings as "those who go down to the sea in ships," and although they often find themselves "trapped" in the meshes, it is generally due to accident, or the machinations of some "land shark," or perhaps, in dealing with unprincipled people "along shore," the sailor may be unwittingly caught in the spread of an ensnare him.

THE STORY OF THE MODERN PALACE CAR.

First Experiments Made on the Altoon Road—Beginning of the Palace Car. Building of the "Pioneer"—Railroad Men Laugh—Cutting Platforms.

THE PALACE CAR.

George M. Pullman was born in Brocton, Chautauque county, New York, on the 31st of March, 1831. He was educated in Brocton, and then moved to Albion, where he also resided four years. He was educated at the State Normal School at Albion, and then at the State Normal School at Chicago, where he received his degree in 1854.

THE PALACE CAR.

When the Pullman was in Chicago in 1859 he was called upon by Senator Field with a request for a sleeping car. He had already had some experience in the construction of cars, and he had a high opinion of his own ability. He had also a high opinion of his own ability.
