BLOOMSBURG, PA., FRIDAY, MARCH 30, 1888.

THE COLUMBIAN, VOL. XXII NO 18 COLUMBIA DEMOCRAT, VOL. 18, NO 1

THE average weight of the brain of man appears to be in direct relation to the climate a higher brain weight being found in cold than in warm countries.

A Factory in Paris. Fires are considered a great luxury here. We have immense numbers, and the fires are built on the stone or tile floors.

A New Kind of Ore. Cars are coming into use in which the blade is made from the best sheet steel, right up to the very end of the shaft.

Rapidity of Thought. The learned Dr. McCutcheon, in an elaborate article in the Scientific American, on the rapidity of thought, states that it requires one-thirtieth of a second to judge between blue and red.

A High Tension Dynamo. The most high tension dynamo in the world is that of Japan, according to a Japanese lecturer in the Berlin Academy.

Conductive to Talking Gold. 'I haven't had a cold for years,' said a well known physician the other night.

Light Depth of Arctic Snows. The comparatively light depth of snow in the north polar region is tolerably accounted for by the difference of consistency between the snow and the ground.

Words Were Unnecessary. Robert who was at the office very late last night—My dear, have you seen anything of my mother after I left?

Off the stage actresses may be roughly divided into two classes, one composed of those who try to show themselves as the daily life, who never allow any one to see them in their private life.

How a Locomotive Works. It is of all the accidents most frequently occurring, that of the breaking of a driving rod while the engine is running at a high rate of speed.

Chicken Cholera for Rabbits. M. Pasteur has been experimenting with rabbits which have been tried in a field near Lyons, and is said to have succeeded.

NO ONE NEED Remain A DYSPLECTIC. 'I have been suffering for over two years with Dyspepsia. For the last year I could not take a drink of cold water nor eat any meat without vomiting it up.

CROWN ACME THE BEST BURNING OIL THAT CAN BE MADE FROM PETROLEUM. It gives a brilliant light, it will not smoke the chimney, it will not crack the wax.

WE CHALLENGE COMPARISON. We Stake Our Reputation. As referees, upon the statement that it is the best burning oil that can be made from petroleum.

THE BEST OIL IN THE WORLD. Ask your dealer for CROWN ACME. WILKES-BARRE, PA.

WILKES-BARRE, PA. No. 7 and 9 Markt St., WILKES-BARRE, PA. 1888-1889.

J. J. & W. H. BROWER Have received a large stock of CARPETINGS for the Spring trade, consisting in part of Velvets, Body Brussels, Tapestry Brussel and Ingrains, Smyrna and Cocoa Rugs, Cocoa Matting, and a nice line of Canton Matting.

BLOOMSBURG, PENN'A. When big ideas get into little minds something is bound to spread. It is usually the mouth.

Best Material for Clothing. The primary object of clothing in cold climates is to retain the heat of the body; in hot climates it may serve the opposite purpose.

Of the Most Agreeable of Companions. One of the most agreeable of companions is one who is not afraid of obvious reasons.

Value of the "1864" Dollar. 'The fact is,' remarked Mr. Richard Cogan, one of the dealers, 'that there is not, and probably never was an original dollar of the original issue.

'How much is a specimen worth today?' 'That would be pretty hard to say,' replied Mr. Cogan. 'They have sold all the way from \$100 to \$1,000, and that, too, for the same specimens.

A Romantic Maiden's Mistake. She was very romantic. Her father was a millionaire, whose life had been devoted to sausage raising.

The Approved "Tragedy" Will. 'In the streets of Cardiff,' writes Mr. Leonard Byrne, 'once saw an Italian stand another fallacy.

Two Classes of Russian Priests. The priesthood of the Russian church is composed of two classes, the white and the black clergy.

Origin of the Eskimo. The Eskimos are called Inuits by some writers because the name is derived from a native word signifying 'man.'

The Cowboy of Russia. The Cossacks furnish the cavalry and the Russian think it is the finest in the world, although there is a decided difference of opinion on this subject among military authorities.

Right and Left. In these days of colored people, the number of those who can't tell their right hand from their left must be diminished; before the war it was very large.

A Letterer's Presence of Mind. Of D. C. Wolcott, of Denver, it is told that one day he was lecturing on the topic of the night of a lecturer with stereotyped views.

Origin of England's Name. England took its name from the Angles or English, a Teutonic people, who with other kindred tribes, came over from the mainland of Europe and won for themselves a new home in Britain.
