The president and members of the Town ouncil elected on the 3rd Tuesday of February, to-wit: P. S. Harman, president, R. E. C. Wells, John Wolf and James Cadow were sworn into office at 12 o'clock noon Adjourned to meet at 74 o'clock p. m.

Something the Public Should

The articles, anonymous and otherwise papers, making unfavorable reference t Cleveland's baking powder are from a riva baking powder Company. These articles rupt. But through his sterling integraty, are intended to counteract, if possible, the letter to the public from General Hurst, lute Ohio State Dairy & Food Commissioner, in any person could rettre to private life with which he states that the Ohio Commission's investigation of the baking powders, based upon the State Chemist's analyses of thirty different brands, proves that Cleveland's is a strictly pure cream of tartar baking pow der, entirely free from alum, ammonia, lime, &c., and that it is absolutely the bes and most desirable baking powder manufactured; also, that the Royal baking pow. 65c. Seize the stuff in the cenand's is superior to the Royal in every quality of excellence. Another object sought by our competitors in the articles referred to is to divert public attention from the scathing but well merited rebuke administered to them by General Hurst for falsifying his official report in their effort to bolster up their baking powder when it compares so unfavorably with Cleveland's pow

> aware of the deceptive character of the adivertising of the baking powder Company n question. While extravagantly advertising their powder they have shrewdly con cealed their use of ammonia in its manu facture and have persistently maligned Cleveland's powder. Cleveland's superior baking powder has

> never been made of anything but purest grape cteam of tartar, purest bicarbonate of ods, and a small portion of wheat flour or starch, and has always been absolutely free from adulteration. This is attested by the leading chemists in different parts of the country from analyses made of our powder purchased by them in oven market in their respective localities, as shown by their certificates in the circular accompanying each can. We ask the public to show its disapproval of the despicable advertising methods referred to by extending its patronage to Cleveland's superior baking powder which has for eighteen years been first in point of merit as a pure, efficient, and healthful bread leavening agent.
