Mr. Coleman, lately Commissione of Agriculture, has been co-firmed by the State for his new position, and on Friday took the oath and assumed the duties of Secretary of Agriculture. He has received and is still receiv

ing congratulations, personally, by mail and by wire. Although Assistant Postmaster General Stevenson has been nominated

Associate Justice of the Supreme Court of the District of Columbia, he has no expectations of being confirmed. A few important nominations have recently been confirmed by the Senate but there is no hope of anything better during the eleven working days now left to the present Congress. The Senate has passed a resolution

instructing the committee on commerce to consider the expediency of the Government purchasing the Dismal Swamp Canal with a view to making it a highway between the Chesapeake Bay and the North Carolina sounds.

Although the session is so nearly ended the introduction of a new bill is a frequent occurrence. Among the latest is one to establish a national system to farmer's institutes, to be devoted to the accumulation and dissemination of information of practical value to farmers. Another which I neglected to mention while speaking of the territorisid bills, is a separate bill for the ad-mission of New Mexico, offered in the House, and which Mr. Springer and other leading Democrats will endeavor

to rush through. Mrs. Cleveland held her last public reception on Saturday afternoon, and in spite of a cold dreary rain nearly 2,000 people attended.

The partnership heretofore existing between Dr. B. F. Gardner and Dr. S. B. Arment, is this day mutually disserved, and the accounts unpaid placed in the hands of M. F. Eyerly of Bloomsburg, logether with the day book and ledger. Accounts due said irm can be plad to either iv. B. Gard-ser, Dr. S. B. Arment or M. F. Eyerly. Pob 22-81 B. ARMENT.
