President Lincoln was assassinated in 1865, and twenty years later his son is sent as Minister to the Court of Saint James, England. The Garfield boys should make a note of this.

Edwin Booth had a slight stroke of paralysis while playing "Othello" at Rochester last week. The play could not go on, and Lawrence Barret was greatly excited and announced to the greatly excited and announced to the audience that the great tragedian had probably appeared for the last time. The attack proved to be not so serious as he thought. Booth is in New York now, and will resume his acting in a short time.

It would be just as appropriate and sensible to adop, an amendment to a State Constitution defining the size of a half bushel measure or forbidding the manufacture of oleomargarine as it is to adopt a section prohibiting the manufacture or sale of liquor. We have respect enough for the good sense of the people of Massachuseus to expect that the pending prohibitory amendment in that state will be reject d by 50,000 majority. Leave lawmaking to the Legislatures.—World.

Among the bills passed finally in Authorizing executors or trustees to unite with others in the organization of corporations for profit; making apof corporations for profit; making appropriations to the legal representatives of the late Judges Trunkey and Williams for unpaid salaries of the last year of their lives, amounting to nearly \$10,000; to provide for traveling expenses of poor directors and county commissioners; authorizing boroughs to levy a tax on conveyances carrying persons for pay, except those engaged in the livery business; regulating laying out of town lots; fixing a ton of anthracite coal at 2,240 pounds; forbiding traffic in registered bottles by per sons other than the owners; to punish persons for defacing statues or monu ts; authorizing president Judge of Lackawanna county, to appoint poor directors; house bill repealing limit of damages to be paid for purchase of bridges by any county.

It is asserted that President Harrison has plainly given colored office-seekers uth, who are bere, to understand that they have very little to expect from him. He proposes to re-organize the protectionists of the South and to try in this way to make the di viding lines of the parties not upon color, but upon the economic policy. He claims that the South is full of pro-He claims that the South is full of protectionists who have been always working with the Democrats because of the race situation in that section. It is said that many of these have signified said that many of these have signified to the Lebigh Valley. By means of the new line a southern outtheir desire to join hands with the Republican protectionists, making that the issue if they can come into the party with the proper recognition. The men who belong to this class, Mr. gent—the active progressive men of Harrison proposes to ease the way for them into the Republican party by eradicating the race question as an ne and recognizing eminent proas Republicans.

# WASHINGTON LETTER.

From our Regular Correspondent.) Washington, April 8, 1889 Poor President Harrison. The New York gang have made his life a tor-ment for the last week. They have figuratively jumped on him and wiped up the floor with him. They have illed him this way, that way and the other way all at the same time. All the factions have been strongly represeut d here. The bone of contentio has been important Federal offices of New York city, with the enormous patronage that goes therewith.

It was one of these same officers that drove Conkling and Platt out of the United States Senate and evidently resulted in the assasination of Garfield With all this to think about I imagine that Mr. Harrison, with his pale, car-worn face, has wished the whole crowd Halifax more than once. As yet he has decided upon only two of these officials, Erherdt, who allowed himself to be put up last November as the R-publican candidate for Mayor of New York city, when he knew that it wathe intention of his party to trade him off for votes for Harrison. He is re warded by being appointed Collector of Customs for the port of New York. The other is VanCott, who is made Postmaster in place of Mugwump Pearson, whose reappointment by Mr Cleveland four years ago doubtles-York. The fight is still on over the other appointments and is likely to continue until they are made, unless Harrison runs away for a few days a

he has threatened to do this week.

A delegation of Ohio Republicans
went to the White House on Savurday and read the riot act to Mr. Harrison, and told him that the Buckeye State was bound to go democratic at the coming state election if he did not give her more recognition in the distribution of the effices. They evidently did not get much satisfaction for they came back in a very bad humor and prophesied all sorts of bad things for their

party in Ohio.

Mr. Cleveland passed through here mr. Cleveland passed through here on Saturday on his way to New York from Florida. Four of his party Messrs Bayard, Vilas, Fairchild and Dickinson, remained in this city where their families still are.

When the Senate adjourned last week Mr. Harrison thought he would get rid of some of the most persistent of the office seekers, but he was sadly mistaken. Since then a large number of Republican Senators have almost

lived in the White House. During the recen campaign we heard a great deal of talk about the Republican party being the people's party. Now let's see how the people are treated. Orders have just been is-sued by Secretaries Blaine, Proctor and Tracy defining the hours during which they may be seen. The people are given one hour, from 12 to 1 o'clock, four days in the week, during which they may call on these bigh and mighthey may call on these high and mighty officers. During the Cleveland administration any of the members of the
Cabinet could be seen at any hour
during office hours by any one who
choose to call on him, unless he happened to be specially engaged.

Estate of Elizabeth Kline, deceased.

The understrond auditor aprointed by the Orhams Court of columbia country to make distributton of the funds in the hands of A. R. Patterson, executor, to and among the parties entitled
attented, will sit at his office hoursely, when and where
all persons having claims against eaid estate must
appear and prove the same, or be departed from
any share of said fund.

Apr 19-48

There is a rumor whispered ar and in Republican circles that Harrison doe not propose to fill the two vacancies on the Civil Service Commister Commission of the Civil Service Commission of t sion. That would be almost equivalent to abolishing the whole thing, as the Commissioner new in office can do little else except draw his salary. The negroes of the South who have

come here to get federal offices are very much discouraged. I overheard very much discorraged. I overheard a conversation between two of them from Louisiana, in a hotel lobby. One of them said: "I am going back home. You may let Pitt Kellogg fool you into believing he can get you something, but after what Harrison said to us today, I consider the jig i up." The negroes are not taking this neglect easily by any means. They are kicking and swearing vengeance on the Republiswearing vengeance on the Republi-can party. It does seem a little queer that out of nearly 400 Presidential ap-pointments thus far made, not one is a

negro.
Mr. Higgins, the new Republican
Senator from Delaware, seems to be
almost as much of a political hustler as his eminent Democratic namesake from Marvland.

The new pension officials are beginning early. Already one decision of ex-Commissioner Black's has been overruled that will re-open thous ands of cases heretofore decided ad-

Ex-Secretary Whitney made a profit of \$30,000 on the house he sold to Postmaster General Wanamaker. Mr. Whitney also made sometning like \$75,

000 on a country place which he bought in 1885 and sold last year.

The lady clerks in the Postoffice De partment are much exercised over a rumor that the Postmaster General intends to make them all dress alike, as he d es the hundreds of lady clerks in his Philadelphia store.

Most Southerners are rejoiced to see

that ex Senator Mahone has got nothing, and as far as can be seen, has no chance of getting anything.

Court met on Friday, April 5th at ! m., all the Judges present. Peter Swank, William Hays, and D C. Black appointed viewers of a road in Conyugham near H Gerrity's. H. H. Halme, Thomas Sigfried, and I. L. Edwards appointed viewers of a road in Fishingsreek near Russel

N. Fleckenstein, J. M. Turner and S Neyhard appointed viewers of a road Greenwood near Edward Hory's.

Several cases were argued. Court adjourned to April 12.

A New Extension of the Lehigh Valley-The Lehigh Valley Railroad Com-pany have just completed surveys for an extension of its Harvey's Lake branch to a connection with the Loyal-sock Railroad and the Bernice Coal fields.
