M. J. Hess, the dentist will soon move into the Conner property on Fifth Street, now occupied by F. P. Billmeyer, esq.

Twenty-two head of cattle from people living in Epy broke into the fields of Mr. L. S. Kuhn last week and destroyed a large portion of his grain.

Rev. W. C. Levert took the Johnstown disaster as a subject for his discourse last Sunday morning, and preached therefrom a most instructive sermon.

That portion of Mr. Dorr's estate in last week's issue, which reads, "Paul says that money is the root of all evil" should have read "the love of money is the root of all evil." It was the printer's omission.

If you want a good watch, at a low price, call at S. R. Bittenbender's, Benton, Jeweler, chain &c. nearly at cost. Repairing promptly done and warranted. May 17-4t.

We acknowledge the receipt of an invitation to attend the reunion of the Fritz family on the 20th inst. at the Hess Maple grove in Sugarloaf. No doubt it will be a very pleasant occasion, and it would gratify us to be able to accept the invitation.

F. P. Billmeyer Esq. purchased the farm property on Market street, last Friday for \$7500. This is a remarkably cheap for one of the most desirable locations in town. The property cost the last owner over \$10,000.

Travel over the Red Rock bridge below town has been entirely cut off since the flood carried away the centre pier. The location should be changed so as to avoid the dangerous railroad crossing, and an iron bridge should be erected.

The Bloomsburg & Sullivan railroad will carry all passengers free on Friday June 14th, who purchase a ticket for the benefit concert given in the Bloomsburg Opera House this (Friday) evening. Proceeds will be forwarded for use of those who suffered at Williamsport during the recent flood.

The peculiar paraffin and building up powers of Hood's Sarsaparilla make it the very best medicine to take at this season.

The Groves are Going.

The continued cutting of timber throughout the state has so depleted the woodlands that the lumbermen are now stacking groves of trees wherever they can find them. Along the creek on the Rupert road, mills have been at work, and what has been known as "Barton's Grove" has entirely disappeared. Years ago, this was one of the many popular resorts for picnic parties, and a large number of the middle aged people of this town will remember many pleasant hours spent in this grove in their childhood's days. The trees on the left side of Barton's bridge have been cut down, and the work has been commenced on the little grove this side of the bridge. This will probably go on until all the trees along the creek on both sides are gone.

Some years ago the ravine on the other side of the river at the ferry was a popular picnic ground. There was a small grove of shade, pleasant rambles over the hills and along the river shores, boating, fishing and other pastimes. In the days of the Carver regime at the Normal School, the students frequently took Saturday rambles over there. Now many of the trees are gone, the spring is polluted, and the railroad has had to run for its life when he saw the rush of water coming.

Dr. J. R. Montgomery went to Johnstown last week to look for his brother who lived there. He returned Monday and reported that he found him alive, but that he had to run for his life when he saw the rush of water coming.

The grand success of the K. G. E. festival was a great measure to the earnest efforts of the young ladies friends, and the Bloomsburg Cornet Band's solo music; to both the thanks of this Castle is hereby tendered.

Don't fail to attend the base ball game at Athletic Park Saturday afternoon between the home nine and the Anthracite of Wilkes-Barre. The game promises to be the most interesting one, as the nines are very closely matched, having played a game last season, which ended with the score standing one to one. The game will begin at 3 o'clock.

J. W. Slaver took a trip to Jersey Shore last week. He saw what ruin had been wrought by the waters. He had a hard time to get there, going by rail, by boat, by stage and afoot. He reports that the mill in which Mr. Halpin, formerly a member of the firm of Caswell & Co. of Bloomsburg, is interested, is so badly damaged that it may have to be abandoned.

The entire stock of the mill, and the walls of the mill are undermined.

Much anxiety was felt here several days last week by the friends of Elmer E. Meyer, who was feared to be one of the victims of the Johnstown flood. He was traveling in company with Dr. Ewer of Shamokin, and when last heard from at Lehigh, and expected to go from there to Johnstown. A dispatch from Johnstown after the flood indicated that Dr. Ewer's body had been found there. After much telegraphing, it was learned last Sunday that both Dr. and Elmer were still at Lehigh, safe and sound.
