While on a recent visit to Tunkhannock, we took the opportunity to call at the office of the Wyoming Democrat, one of our oldest and most valued exchanges. Mr. Alvin Day is the proprietor, and the paper under his efficient management, is one of the most profitable in Northern Pennsylvania. The office is well equipped with machinery and type. We wish the Democrat continued success.

Mr. Wm. Hart visited his family Sunday last. He is now operating one of the largest tracts of land in this state. The land is located in Centre county, near Bellfonte, and is owned by Ex Governor Curtis and others. Mr. Hart has a lease for ten years, and says that the mines are producing even more than he anticipated. His family will join him before the first of July.

An inquest was held on Monday morning at the office of Esquire Jacoby, at nine o'clock. Jerry Geese and William Scott were called as witnesses and testified that Sunday morning they were walking along the top of the hill, back of the Cemetery, and discovered a body hanging to a tree. That at once came down and gave the alarm. M. S. Williams being the first person they met. Mr. Williams went up and looked at the man and then started for the coroner.

Bruno Shanksy testified that the man was the same one who was released from jail on Saturday morning, and that his name was Frank Zuranda, a Hungarian. The witness had talked with him on Saturday, and seen him in jail the day before, having been called upon as an interpreter. The man had told Bruno that his wife had left him, and that he was hunting for her. He had been up at Millville acting strangely, and was committed to jail by Samuel Snyder, Esq., on Monday. Bruno thought he was insane.

The jury rendered a verdict that the man had been killed to death at his own hands, by hanging, while temporarily insane.

Zuranda was seen on Saturday evening by W. W. Barrett, keeper at the jail, who put him on a freight train so that he might go to Shickshinny and join some of his own countrymen. Mr. Barrett afterward saw him and asked him why he did not go, and he replied, "No money."

The body was buried in the Potter's field at the farm of Bloom Poor District.

The coroner's inquest was adjourned until Monday morning at 9 o'clock, and Undertaker Baker took charge of the body and removed it to his shop.

Mr. Kiser was never married.

Vote of Columbia County.

Below we give the vote of Columbia county as cast Tuesday, June 18, for the Prohibition Amendment and the Suffrage Amendment. The Suffrage Amendment had received so little attention that the vote is not as large as that of the other. It had been better understood it would have been the majority against it would have been still larger.

Williams H. Jacoby is at present employed in this office, and has been here for several weeks. It is hoped that his valuable services may be retained for some time to come. He is a thoroughly practical printer, and had many years experience as editor of the bright and spicy Sun of the North, which many of our older readers will remember well. The paper was consolidated with the COLUMBIAN in 1866.

A note of \$75.00 in favor of Benton Hall Association, No. 746, L. O. F. D., was paid to William Patterson and M. K. D. L. Lubinbach, has been paid to the widow. The makers and all other persons are hereby notified that said note should be paid to no one but the Treasurer of the Hall Committee.

The COLUMBIAN proposes to keep right up with the processes. Our job printing has increased to such an extent that we have long felt the need of additional facilities, although possessing the best in the country. We are daily expecting a large stereotyping machine, and on Friday last an order was given to the Campbell Print Company of New York, for a \$1500 cylinder press for four and job work alone, which is expected in a few days. With these valuable additions we shall be better prepared than ever to do the best, the quickest, and the cheapest printing in this section of the state.

Correspondence invited from every township in the county upon any topic of public interest. We want all the news, but it is impossible to give it unless we get it. Ministers are especially requested to send in articles of marriages and deaths, and reports of all matters in which their churches are interested. Please call your pastor's attention to this, and tell him the COLUMBIAN will be sent free to him for one year, if he will comply with these conditions.

Send in the news, and it will be put in proper shape for publication. It will be waste time, however, for anyone to send items in which there is some hidden personal situation. News is wanted, but not gossip.

Nothing of public interest here seems to be sent to the daily papers. Whether this is the fault of the scribes, which have not made any efforts to get news from here, or the lack of enterprise in our people in not letting the world know what we are doing here, we do not pretend to say, but we do.
