

G. H. Elwell, J. K. Bittenbender., } Editors.

BLOOMSBURG, PA.

FRIDAY, JULY 19, 1889.

The Republicans-Prohibition Issue-

Having burned their own fingers in medding with the Prohibition issue, remarks the Philadelphia Record, the Republican leaders betray great anxiety as to the position the Democrats in

Pennsylvania will take on the liquor question. The Democrats, however, are not troubling themselves. The position has been taken from the start. All sumptuary legislation is obnoxious to the Democratic party. The voting done in June indicates that a large erner of Pennsylvania is the chairman majority of the people of Pennsylvania agree with the Democratic party as to this matter. The trouble will come when the Republican platform shall be written. What starting hole will that party next find out to hide its past treacheries from its Prohibition allies?

Forty-Two Stars Not Legal.

Although the Navy Department has issued an order to the effect that here-after all flags made for the navy shall contain forty two stars, a request from the Assistant Treasurer at New York for a flag of this description has been refused by the Treasury Department. The officials of the Revenue Marine Bureau, which distributes flags to the custom houses, revenue marine boats, etc., hold that a flag with forty-two stars is not a legal flag, and will not be until the next Fourth of July. The law says: "On the admission of a new State into the Union one star shall be added to the union of the flag, and such addition shall take effect on the 4th day of July next succeeding such admission." The flags with forty-two stars are just one year ahead of time.

Put the Slame Where it Belongs-

It is pleasing to note that there among sensible clergymen a refusal to subscribe to the idea that the Conemaugh valley flood was a visitation of Go 1 for some wise purpose. Only those who would bring religion into contempt, would indulge in such rant.

It would be useless. It would be useless to try and convince rational beings that in that peaceful valley, peopled by thrifty and law abiding inhabitants, there was such a carnival of sin as invited the wrath of the Almighty. Neither will the minds of men accept the doctrine that any possible lesson in morals or man's duty to his Maker to be learned by that awful disaster could compensate for the destruction of the lives of thousands of innocent children, godly women and honest men. Let the blame be placed where it belongs. An insecure dam, maintained, despite its menace to life and property by a club of Pittsburg millionaires, was alone the cause. Those sportsmen, by their selfishness and thought lessness, brought death, ruin, and deso-lation to the Conemaugh Valley.—N. Y. Evening World.

A PENSION BURLESQUE.

The following from the Philadelphia Evening Bulletin, one of the staunchest Republican papers of that city, quite clearly indicates that the Tanner pension policy is not approved of by some who assisted in electing

The Ohio republicans in their platform have declared in favor of granting a pension to every honorably discharg-ed Union soldier and sailor in the War of the Rebellion, and this is a part of their declaration of principles, to which objection will be made by many good Republicans. Its meaning is that everybody who served in the Union ranks, no matter whether he ever received a scratch in the war, and no matter how little he may need the bounty of the government, shall have a pension. To carry out such a propoition as this would be to exceed anything in the way of giving pensions that has ever been done or even contemplated by any other government in the history of the world. It is well known that the present Pension Com-missioner is in favor of issuing a pension to everybody who has ever had any connection, however elight, with the Union Army in the War of the Rebelthe judgment of Commissioner Tanner, is so laudable on the part of a governis so laudable on the part of a government as the pensioning of its people, and the bigger its pension rolls the greater, in his opinion, are the proofs of its wealth and goodness. There is no deserving survivor of the Union Army who, if he stands in need of help by reason of the disabilities which he may have contracted in the service of his reason of the disabilities which he may held conferences with committees from have contracted in the service of his Chicago, Williamsport and Johnstown. country, will not have the sympathy of the Republican party in asking for help from the government which he involved in a just apportionment of helped to save. But when we are seriting the funds in hand to the many curiousously told that this help ought to be ly involved cases the Commission, after extended to tens of thousands of men hearing very fully and deliberately who are in no need of support, and Mesos. McMillan, Elder, Moxham and who never thought of asking for it, it Johnson of the Johnstown Committee is time that a halt was called on the resolved to appropriate five hundred thoughtless zeal of those who assume thousand dollars, to be distributed to be friends of the soldiers. Such a among the verified claimants in the policy would mean the expenditure of not less than \$100,000,000 a year in addition to the disbursements which Cummin soon as the checks for the paythe government now makes, and it ments can be prepared. The sums so clean." Among the transactions of would be the fruitful parent of extravagance and jobbery. There is no
just excuse for such a proposition.
The soldiers as a class are not asking for

It has been contended that no easier method could be devised of getting rid of the surplus in the Treasury, and of claims already made with much care experimental stations in defined to the surplus in the Treasury, and of claims already made with much care experimental stations in defined to the surplus in the Treasury and of claims already made with much care experimental stations in defined to the surplus in the Treasury and of claims already made with much care experimental stations in defined to the surplus in the Treasury and of claims already made with much care experimental stations in defined to the surplus in the Treasury and of claims already made with much care experimental stations in defined to the surplus in the Treasury and of claims already made with much care experimental stations in defined to the surplus in the Treasury and of claims already made with much care experimental stations in definition to the surplus in the Treasury and of claims already made with much care experimental stations in definition to the surplus in the Treasury and of claims already made with much care experimental stations in definition to the surplus in the Treasury and of claims already made with much care experimental stations in the Treasury and of claims already made with much care experimental stations in the Treasury and of claims already made with much care experimental stations in the Treasury and of claims already made with much care experimental stations in the Treasury and of claims already made with much care experimental stations in the Treasury and contraction of the surplus and contraction of the this is doubtless true. But there are by the Johnstown committee. This independent of the state agent for Maryland and abolious of relieving ourselves of this pletora of the national income, and they are to be found in the construction of Johnstown committee. This, it will be section to examine into the methods a navy and in the fortifications of our remembered, is besides the general relief used in collectic g Agricultural statis

Relief Comission, held on July 9, a committee of three members was appointed to prepare for the information of contributors to the fund a statement of the general relief work performed. The committee makes report as follows:

In round figures the expenditures to date for relief in the Conemaugh Valley, Johnstown and vicinity, aggre-gate one million seven hundred thou-sand dollars. This includes the work of the Pittsburg, Johnstown and Phila-delphia committee and the Flood Commission; also disbursements of the State in the abatement of nuisances and pay-ment of the military detailed to staff

and police duty. Various committees in the West bave been working through the Pittsburg and Johnstown committees, and in the East through the Philadelphia commit-tee and the Governor of the State. The Flood Commission has been formed to create a unit of administration. ernor of Pennsylvania is the chairman, the committees of Pittsburg, Phila-delphia and the State at large have representation. All the funds placed un-der control of the Excutive have been transferred to the Commission, and an implied understanding exists that the implied understanding exists that the committees of Pittsburg and Philadelphia will do the same. It is also desirable that all the money now in the hands of other committees for this purpose be placed under the jurisdiction of the Governor and the Commission.

The Commission has held frequent neetings in various parts of the State. All its members save one or two, prevented by uncontrollable causes, have made personal investigation of the several flooded districts of the State. Relief has been given in all needful directions with the greatest dispatch consistent with the best wisdom that could be brought to bear upon the case. Correspondence and con-ference have been freely invited for the information of the committees in the first instance and the Governor and

Commission subsequently.

The problem confronting the Commission in the Conemaugh Valley is of great magnitude, demanding the utmost celerity and the wisest and most delicate discrimination.

The number of persons to be fed has varied from a maximum of 31,950 to a present commissary roll of 7,000. The number of distinct claims to be passed upon, many of them involving the interests of families or depende it

relatives, aggregate nearly 4,000.

The Commission has sought to find the will of the donors of the great sums contributed for the relief of sufferers, and believing that the following declaration of principles met the conditions, it was adopted and promulgated at a meeting held in Harrisburg on June 27: "To The Public.—That the donors

of the funds in the hands of the Flood Relief Commission may know how their generous gifts are to be disposed of, and that the expectant recipients of the same may not form erroneous views of and foster improper expectations for the same, it is now officially declared and announced that the following principles shall govern the distribution

"1. The said fund is in the nature of a charity to the needy, and not as a general indemnity for losses sustained. "2. That a distribution per capita would be manifestly unjust, as it would to all sufferers, no matter what their needs or extent of their sufferings.

That a distribution by percent ge on the amount of loss would be manifestly unjust, as it would result in giving the largest sum to the person having lost the most, without regard to the value of the remaining estate of such persons.

"4. That this fund cannot be used

for the benefit of any private or public corporation.

"5. That the fund must go only to the most needy sufferers from the flood in accordance with and in the spirit of laurel wreaths, with the Pennyslyania the most needy sufferers from the flood the trust impressed upon it by the

"At the unanimous request of the Commission, Hon. Hugh H Cummin was requested to proceed to Johnstown and remain there as the resident representative and executive officer of this Commission in the Conemaugh Valley."

In accordance with the foregoing, Judge Cummin has fixed his office in Johnstown as the resident executive of ther Commission and is working energetically in harmony with the local Relief Committee and the leading citizens.

Suplies of food, shoes and clothing hion and of raising to the highest figure will continue to be given to the needy possible the pensions of those who are now on the list. Instead of making an discontinue this form of relief. Four attempt to decrease these payments, his bundred portable houses and two hundred portable houses are housed houses and two hundred houses and hundred portable houses and hundred portable hous The number will be increased, and the

coasts. To squander it in pension money simply for the sake of getting rid of it is a suggestion which is not only unrepublican in spirit, but unstatesmanlike in practice. On the million two hundred thousand dollars. should begin to think of drawing the line on pensions rather than in extend-

ing them, and this fact will be recognized by those soldiers who believe that a pension should be a mark of honor, distinction and reward, and not a gift showered indiscriminately upon all persons who ever were the Federal mniform.

other counties besides Cambria, to two the smaller place. One of his friends hundred and fifty thousand dollars, said to day that Mr. Harrison was offended with Horr because he stack to Alger at the Chicago convention.

Ex-Congressman Hart, of Ohio, the man that caused Senators Sherman and Quay to have quite a serious falling out several months ago, has at last re-

Columbian. STATEMENT OF THE FLOOD RELIEF district will cover all the moneys coming into the State from outside sources with large amounts in addition. The Solicitor of Internal Revenue. appropriations for other localities are from general contributions made with

in the State of Pennsylvonia. It is the purpose of the Commission to gather and collect the accounts of the work done everywhere for the relief of the flood sufferers, and place the same in a complete and permanent form for public use.

Very respectfully, J. B. KREMER, Secretary.

TO EREUT A MONUMENT.

BICKETTA' BATTERY ARRANGE TO PLACE IT ON GETTYSBURG'S BATTLE FIELD.

Representatives of Ricketts' celeorated battery met in the room of George H. Thomas Post No. 84, on Wednesday afternoon. The object of the meeting was to adopt the design of a monument to be erected on the

Col. R. Bruce Ricketts was the commander of the batteries known as Battery F and Battery G, First Pennsylvania Light Artillery. The members were enlisted from all sections of the

By an act of the Legislature, passed at the last session, the batteries were authorized to merge their state appropriation granted each of the batteries for a monument. These batteries have with their joint appropriations a fund of \$3,000 available for a monument. The batteries at their annual meet-

ing appointed a committee from each of the organizations to make all the arrangements for the construction of the monument. The members of these committees are: Battery F: M. B. Hughes, Shickshinny; Thos. E. Frame, Coatesville; Wm. Blessing, Harrisburg; W. H. Thurston, Sunbury; J. H. Schmehl, Reading; George E. Heinbach, Lewistown, president and

ex-officio a member.

Battery G: John E. Boehringer Adamstown ; Jacob Myer, Lancaster ; Wm. J. Troup, Hanover; De Lafayette Chandler, Lock Haven; Luther Seiders, Reading. Nearly all of the above nembers were present at the meeting They arrived in this city on the morn ing train, and made the Stevens house

their headquarters.

The meeting was called to order at 2 o'clock and J. H. Schmehl was elected chairman and Luther Seiders chosen

as secretary.

Two drafts of a monument were preented by Amos S. Esterly, of the Reading Granite works, two from Dean-er & Son, Reading, two from Heis & Brown, Reading, and four from Ferguson & Co., Philadelphia.

All the designs were carefully examined and by a unanimous vote one of those presented by Mr. Esterly was adopted and the contract price fixed at The monument will be one of the

handsomest on the Gettysburg buttle-field and the following brief descrip-tion of it will convey an idea of its appearance: The base resting on the foundation

will be eight by five feet, with a rise of two feet six inches. It will be in wo pieces and represents Ashla work Above this base will be another stone six by four feet, with a rise of three feet, three inches. There will be rock work on three sides. On the front will be a panel with a cannon

by three feet, five inches, one foot rise, pointed work.

rise of two feet, eight inches. The burg. The score was 3-6, 0-6, 3-6, four sides of this piece will be polished and contain such inscription as may be lecided upon. Next is a cap. 5 feet, by 3 feet 8 inches, by 2 feet in dimen-sions of ten-cut work for inscriptions. Next is a small die, three feet, by two feet, four inches, with a two feet

coat of arms in bronze; next is a cap three feet, three inche , by three feet, with a rise of one foot, six inches of ten cut work. Above the the top piece of the monument proper will be a figure of an artillery bugler, seven feet high. The monument with figure will be 22 feet high and will weigh nearly twenty-six tons. There will be three hundred and twenty cubic feet of stone in the monument; which was designed by Dr. Herman Strecker, of Reading, who was recently honored with a degree by Franklin and Marshall college. Henry Beckard represent ed Mr. Esterly, the contractor, and ex-

plained the des gn adopted.

Messrs. Shmehl and Seiders were appointed a committee to appear before the Gettysburg Battle field association with the design adopted for approval This approval is mere matter of form, for Col. Ricketts, their old commander is a member of the commission and he will ee that the choice of his men is

approved. The monument will be completed late this fall and placed in position, when there will probably be a re union of the batteries on the battle-field. After passing a vote of thanks to G orge H. Thomas Post for the use of their room the committee adjourned.

-Lancaster Intelligencer.

WASHINGTON LETTER.

(Prom our Regular Correspondent,) Washington, July 15, 1889. Secretary Rusk, or as he is oftener spoken of as "Uncle Jerry," seems to stick closer to his desk than any other member of the administration, and the result is that while the other departments are beginning to be enveloped in the usual summer stagnation, the department of Agriculture is 'hustling.' This, of course, may be only the result of the old saw, "a new broom sweeps

According to the telegrams received here ex congressman, Roswell G. Horr, of Michigan, cons.de.s his appointment to be U. S. Consul at Valpara'so as an insult. He was an applicant for a foreign mission, and will refuse to accept the smaller place. One of his friends said to day that Mr. Harrison was of fended with Horr because he stack to year. Price 50e, and \$1.00.

Commodore Schley, who is to be the Commander of the new steel cruiser, "Baltimore," which made its trial sea trip last week, pronounced that vessel to be magnificent, and says, "she will be able to lick anything affoat." If we had thirty or forty such vessels we would have a navy to be proud of.

The plate printers are jubilant over the removal of the stram plate print-ing presses from the Bureau of Engraving and Printing. The removal was made by order of Secretary Windom, who declined to allow the Company owning them to accept the ridiculous compensation of one cent per thousand impressions as royalty for the use of presses, which Congress had provided for with the exception of course that the owners would refuse it.

Postmaster General Wanamaker has "jumped on" the telegraph Company by notifying them that in future the battle-field of Gettysburg, in which battle this battery was an important per word instead of one cent, as at present. Representatives of the telegraph companies while recognizing the legal right of the Postmaster General to say what the compensation shall be for this work, claim that they lose money by doing the work for the present price, and say that if Mr. Wanamaker will not change his mind they will carry the messages for nothing as it will be cheaper than to keep the ac-

> the methods of transacting the departmental business which always follow a new administration are now in full swing If all these "reformers" had been improvements the business sys-tem of the various departments would long ago have reached perfection. But alas, "what is one man's meat is an-other man's poison," so what one man calls "reform" another calls nonsense. Mr. Harrison went to Deer Park Friday afternoon. He is expected back in time to attend a cabinet meeting on

Wednesday.

The office seekers are having a tough time with the thermometer in the nine-ties and only an hoar or two in the week to see the dispensers of patronage. But still hang on, at least a great many of them do.

There are no new developments in the misuederstandings between Secre-tary Noble and the Pension Commissioner which it was believed at one time came near resulting in Tanners'

resignation.
The Persian Minister who was so constructed that he failed to see the humor in the newspaper paragraphs as to his master, the Shah's personal hab its, etc., has shaken the dust of America from his feet and gone home to stay. He accesses us of discourtesy, and yet he left with our even notifying the State Department of his intention.

It is stated here with great positiveness that the state of Mr. Blaine's

health is so bad that he will not return to Washington, and that he will resign.

I don't believe a word of it, and yet in
all probability Mr. Blaine himself, is
responsible for the report; he is a monomaniac on the subject of his health,
and the "finger ache" causes him more worry than a serious attack of sickness would the average man.

Bonita Tennis Club, about fifteen mem-bers of the Plymouth Club arrived in town on Tuesday noon. The games Above this will be a block five feet were called at 2:30; the first event being gentlemen's doubles, best three out of five to decide. Messrs. Woodruff & Above this is a die four feet, four Davenport, of Plymouth, played against inches by two feet ten inches, with a Mess's Fred Ikeler & Smith, of Blooms Bonita winning every set.

The second match in gentlemen's doubles was between Messrs. Ware & Chamberlin, of Plymouth, and Messrs. Rishton & Leverett, of Bloomsburg; the score, 4-6, 4-6, 2-6, in favor of the home club.

Next were played the gentlemen's singles, in which Messrs. Woodruff & Ikeler, and Messrs. Chamberlin & Rishton were the contestants. The score in the set of Woodruff vs. Ikeler was 4-6, 2-6; this event being decided, by agreement, by best two out of three.
This proved the most exciting event of the afternoon, and the good plays on both sides were warmly applanded. The score in the set of Chamberlin vs. Rishton was 0-6, 0-6, 3-6; thus giving Rishton the three sets necessary to make the winner, after a prettily played contest.

The umpires for Plymouth were Dr. Jones and M. Turner, and for Bloomsburg Messrs. Harman and Patterson. Mr. Frank Ikeler acted as Referee. The afternoon was much enjoyed by Tennis enthusiasts, whose pleasure was not a little enhanced by the excellent feeling manifested between the contest
