FRIDAY, NOVEMBER 15, 1889. WAHINGTON LETTER.

(Prom our regular corr Washington D. C. Nov. 11, 1889. Chairman Calvin S. Brice is a strong favorite with democrats here and the wish that he may be sent to the Senate from Ohio is heard on all sides. It is argued that he has the good will of all classes of Ohio democrats, and that his election would leave no jealousy to

make trouble in the future. President Harrison is still trying to make people, including himself, believe police magistrate, started the machinery that the recent elections did not mean a drapproval by the people, of his administration. The word has been passed to every promoent republican offic
Toole was sworn in, the inauguration ial that he must argue at all times that being very informal, and the oath was as no federal officials were voted for administered by the governor's nephew the result of the elections mean nothing | X. K. Stout, a notary public. A pro as far as the administration is concearn- clamation convening the legislature for ed. That is for public consumption, no later than November 20, to electhat is always relied upon to do electwork, and which has been snubbed almost until now, is, to speak figuratively, being warmly embraced by President Harrison and promised any number of nice fat appointments if they will only agree to resume bussi-ness at the old stand. Brother Harris-the official returns from every county on has waked up to the fact that it is in the State: the members of the shirt sleeve brigade that carry elections, and the carry ing of elections is the great end an aim of political parties. It were better for the democratic party that he had not found out so much. That Mrs. Cleveland has lost non

of the great popularity she enjoyed here when mistress of the White House was fully demonstrated last week when she and her illustrious husband came to Washington to attend the marriage of ex-secretary Bayard. Afte the marriage Mr. and Mrs. Clevelan drove to the White House and Mrs. Cleveland left her card for Mrs. Harris on, who is out of town, while her hus band went inside and paid his respect to President Harrison. It was a grace ful and courteous act on the part of th Clevelands.

The cry that Foraker was knifed b the Sherman men in Ohio was no new to the regular reader of this correspond ence, who will remember that the organization of a plot to "down" Foraker by Sherman and his friends was noted many weeks ago. It was fixed up here in Washington, and unless all signs fail the gentlemen concearned in it have bitten off more than they can chew. Their only desire was to sidetrack Foraker, but the result shows that they have made Ohio a doubtful State for the great contest in 1892, with chances decidedly in favor of the democrats.

The republicans here had a big scare lasting several days, over the fate of Senator Allison. of Iowa, whose successor will be elected by the legislature chosen last Tuesday. Allison would of the Senate should he, for any cause,

It is feared by some Sothern demo. crats that the republican defeats last week will have a tendency to encour. age the more radical republican Con. gress to pass an obnoxious federal ele. ction law in the hope of gaining enough members of the House in the South at the next Congressional election to effect those they are certain to lose elsewhere. Such a law will never be passed by the next House. There are a number of determined democrats in the House, that have pledged themselves to fillbuster until the expiration of the fifty first Congress, if such action should become necessary to prevent of an obnoxious federol election law.

The Superiendent of the Census has made areport of what has so far been done, and what is to be bone in the future to make thenext census a success. He wants the printing of the census reports given out by contract to private parties instead of being done by the Gorament Printing office as heretofore. If this can be done without making the work a political "job", it would be very desirable, as it would take the Government printing offices years to do the work, and keep up with the constantly increasing current work. If the reports cannot be gotton out faster than they were after the last census was taken they had just as well not be gotton out at all, for all the use they will be. Montana was formerly admitted as a

State Friday morning by Presidental proclamation, and Washington, the last of the quartette, will follow suit as soon as a correct set of election returns are received here from the Governor.

The All American Congress will complete its long excursion the last of this week. Next week it is expected that the Congress will settle down to the businesss for which it was called devising some means of increasing the trade between the United States and South America. Just how that can be done under our present high protective tariff is not very plain.

President Harrison is under stood to be down on the Germans for the loss of Iowa and Ohio. He told Senator Sawyer, who ask for an appointment for a German constituent that the Germans had no right to expect anything from him after deserting the party in Ohio and Iowa.

THE POWER OF THE EXISTING COURT US URPED. THE ACTION CONDEMNED BY REPUBLICANS AS WELL AS DEMO-CRATS. NOT READY FOR STATE-Hoop-

Washington, Nov. 10 .- The action of President Harrison in proclaiming Montana as admitted to the Union, Friday, is sharply condemned not only by democrate but by republicans, as a olitical trick unworthy of a president of the United States. The obious purpose is to take the final decisions of the Silver Bow county contest out of the territorial supreme court, presumably democratic, and give it to the state supreme court presumably republican. The president has for this purpose practically usurped the power of the

existing court. His desire to secure the two senators from Montana, one of whom may now be his own son Russell, was so strong as to be heard by the tantalizing beauthat even the objections of members thes, "Oh! see there, Baltzer, what of his cabinet were set aside. It was understood that there was a lively debate over the proposed action at Tuesday's cabinet meeting, and, again at the meeting yesterday, and that the company had vanished from the verlegality of the president's course was ands. No one enjoyed the scene more questioned by the best lawyers in the than Colonel Ent, and he often spoke

The news was published yesterday morning that the lower court had decided in favor of the democrats in the contest. The case was at once appeal ed by the republicans to the territorial supreme court, which is, or was, demo cratic. The case would have come before this court yesterday but the presi-dent, by issuing his proclamation making Montana a state, threw the democratic supreme court out of office at once. As the legislative contest was still pending, the legislature could not organize, and the territory, it is cont nded, was not in fit shape for admission to statehood.

Fraud on a Grand Scale.

Boyer's maj..... 60,804

Every election of general interest this country brings after it a host of allegations of fraud, of bribery and of other crimes against the sacredness of the ballot; but never till the last week did a President of the United States engage in a deliberate scheme to turn aside the will of the people of a State. This is bad enough in itself, or when done to gain a mere partisac advantage. leave a big gap on the republican side But when the incentive is to secure a seat in the Senate of the United States for his own son, it would seem as though the bottom point had indeed been reached-

> As is well known, a contest was on hand in Silver Bay county, Mantana, upon the decision of which would de pend the political comp'exion of the State Legislature and the choice of United States Senators. This contest had been decided in the Silver Bow County Courts in favor of the Demo cratic contestants, and was on its way to the Territorial Supreme Court when the President interposed by his procla mation declaring the Territory admit ted. This proclamation has the effect of bringing to an end the Territorial Courts and offices and of giving into the hands of a Republican Court the decision which, the Republicans expect will reverse the popular verdict, give the Legislature to the G. O. P. and of

course send Russel Harrison to the upper house of Congress.
Well—we are in for four years of it t is doubtful, however, whether any grander steal be conceived, or one nore thoroughly wrong than that which is likely to be attempted by the corni-Evening Herald.

THE EVIDENCE CLOSED. OVER 2000 PAGES OF TESTIMONY TAKEN.

The taking of testimony in the judge ship contest at Williamsport has at last been closed. The mass of testimony will make over 2000 pages and the printers are about four weeks behind

The Court, upon motion of counsel for the contestants, made an order granting leave to both parties to inspect the ballot boxes in the presence of each other and the examiners, but none of the boxes to be op ned or interfered with. They will have to console themselves with an external view, but may pick out any of the boxes that they desire to offer in evidence. No arrangement has yet been made for opening them. The boxes are still sesurely locked up in a jail cell. It is about decided that the argument in the case will take place during Christmas week. Court will meet again on the 23rd of December.

How Nelson Bruner Silenced a Rebel Battery.

When, soon after the battle of Antietam, the Army of the Potomac marched into Virginia and passed through the beautiful town of Warrington, where a number of the F. F. V's lived, a group of twelve or more young ladies of that caste stood on the veranda of one of the most elegant residences, and manifested much bitterness towards the passing troops by the contemptuous way in which they called them "Yanks," "conscripts," etc. As Colonel Eas, of Bloomsburg, was riding past in advance of his regiment, the Sixth Pennsylvania Reserves, he quietly remarked to one of his officers, "Just you wait until Company A comes up, that pretty equad will get silenced."
When Company A came up Nelson
