On Sunday night the frame work of the windows was whittled and cut with a knife in such a manner as to deface it badly, if not to render it necessary to put in new frames. Such an act is a high handed outrace, and the entire community should unite in ferreting out the criminal.

Notes From Espy.

The above named place is a beautiful village of about 500 inhabitants, situated on the North Branch of the Susquebanna. It is a desirable place to live on account of the healthy atmosphere surrounding it, as well as its proximity to the prosperous city of Bloomsburg.

In comparison with other vittages of the same size there has been little sickness and few deaths during the last six months. It also compares with other places of its size in respect to the age of its inhabitants. There being not a few of its citizens well advanced in years. And the people here are proud of their homes, which is manifest by the spirit of repairing and painting their houses that actuated them during the past several weeks. There is however, room for improvement in this respect, and, according as they become able, Espy will no doubt enhance its ap-

The Electric Railway from the city of Bloomsburg to this place and Afton, now under con, sideration, will no doubt, prove a great benefit to residents of these beau iful villages, in bringing families hither which otherwise would not think of such a move,

Espy is, at present, blessed with good schools and wide swake churches. The day schools are well attended, and the teachers are doing thorough work. It is to be hoped that the patrons will not fail to visit these schools, and by so doing en ourage both the teachers and pupils.

The Sabbath Schools are also aggressive, and a good work is being done for the

Lord. On last Sabbath evening The Children's Praise Services conducted by Prof. Kurzen. knabe of Harrisburg, in the Lutheran church was one of intense interest and delight. So were also those at New Columbis and Buckhorn conducted by the same person on the same day. Prof Kurzenknabe is an adept in the art of music, he sings and teaches others to sing, with the heart and in the Spirit. He gives expression to what he renders, and, as a conse quence, the desirable effect is produced His remarks were pointed, and well design ed to awaken a new interest in the Service of Praise. He made impressions that will last long as we live, and whenever he re turns to this community he will be greeted

cordially by hosts of friends. On Thursday the 21st at 3 p. m. Mr. Charles R. Miller, of Plymouth, Luzerne Co. Pa., and Miss Almeda Trump of Espy were united in holy wedlock at the bride's home, and in the presence of their relatives and friends by the Rev. A. R. Glaze. During the last week we were threatened with a conflagration at both ends our village, fire having broken out in the house of Mr. Stephen Pohe, and also in the house of Miss Rachael Richie, but as an evidence of our well equipped fire department, which is prepared for an emergency, the Lavina Melick, M. East Benton. A Distressing Accident.-Last Tuesday week David Yost, Esq., of Van Camp was very unfortunate, getting his leg both broken and out of place. The accident occurred during the raising of his son George's blacksmith shop at Bendertown. Several others were less severely injured. When quite a young man, David and William Kauff were felling trees on a "new ground," when one was inclined to fall in contrary direction, David placed his axe against the tree, pushing with all his might and the tree yielding to his efforts, he impulsively stepped forward just as William brought a full and sweeping stroke with his axe, cutting the former's leg off just below the knee. Nothing held it but a little skin, and his leg dangled about as they carried him to the house. Anyone, never having seen the scar, nor knowing of the circumstance would say upon sight, that his leg was every whit cut off. With great efforts it was again healed without amputation. The entire community sympathize with Mr. Yost, no less in this than in his former misfortune, being now crippled in both legs and about 59 years of age.
