Friday to attend the funeral of Judge Who started the fire is not known, but that Melienry on Saturday, but his own dilicate somebody did it, with the fitention of health, and the inclemency of the weather burning the building, is a certainty. The firemen did noble work, and saved the building in part, notwithstanding the high wind which prevailed. It was this that left exposed the evident preparations for incendiarism that were discovered on a fire. Somebody entered the Irviu side and built a fire in the stove, and then threw hot coals in the closet, and also at the foot

Action of the Bar on the Death o

were at home at the time.

Pursuant to notice, a meeting of th was held in the Law Library on Friday evening, January 10th at 7 o'clock. There an associate Judge who will serve the balance of this year. The names of Capt. H. J. Conner, Michael Vance, John M. Buckslew and G. A. Buckingham have Miller, Billmeyer, Eiwell, Snyder, Freas, Smith, Herring, Yost, Peacock, Clark. Col. J. G. Freeze, President of the Bar Association presided, and called upon Mr. Zarr t state the object of the meeting. Mr. Zarr announced that the meeting was called for the purpose of taking appropriate action on the death of Judge Cyrus B. McHenry. Remarks were made by C. G. Barkley E.q., urdsy morning, and attend the funeral in a body.

On motion the chair appointed the following committee on resolutions: Geo. E. Elwell, G. S. Herring, J. B. Robison, J. H. Maize, and R. R. Little, who made the following report:

The committee on resolutions beg leave o submit the following report : The members of this Bar are again called to mourn the loss of an associate Judge of the courts of Columbia County in the death of Hon. Cyrus B. McHenry, who died on Wednesday, January 8th, 1890. It is therefore directed that there be entered the following minute upon the records

of the Bar Association : Hon. Cyrus B. McHenry was appointed of January 1837 to fill a vacancy caused by of five years, and occupied the beach from

that time up to the date of his death.

Judge McHenry was an honest man, and was held on Monday morning, and the re. the Bar here expresses its full belief that in mains were taken to McEwensville for all his judicial actions he was actuated only by a desire to do right, and to decide all matters submitted to his judgment purely upon the merits of the case; and we gladly bear testimony to the fact that his judicial career was creditable to himself, and satisfactory to the public. As a private citizen he was a man of pure and upright character, and he goes to his grave

leaving behind him a spotless reputation.

As a mark of respect it is suggested that the members of the Bar so far as able, will attend the funeral on Saturday, January 11th at Stillwater; and it is directed that a copy of this minute be sent to the family

Mr. Tewksbury also spoke briefly eulogiing the late Mr. McHenry. Music by cholr. Adjourned.

Thursday morning session opened with usic-"Welcome to Morning." The aulience was small at the opening, but the house was soon completely filled. Judge Ikeler being present made a

remarks complimenting the musicians.

The first essay was then called for-Fruit Culture, and how to Grow them profitably," by D. K. Laubach, of Fairount Springs. The subject was as well andled as could be in a brief space. He laced the apple at the head of the list all desirable fruits. He had a number of twigs from trees affected by various in sects, and showed by them how these enemies of the fruit grower did their work Col. Freeze and Hon. E. R. Ikeler. On and how they might be thwarted, and motion it was resolved that the members of the bar meet at the Law Library on Sat-

> After a brief discussion of this paper Phillip Harris, of Lime Ridge, was called, who read. "The Profit of Fruit Culture compared with other Farming." He gave careful comparisons of his experience with fruit and other crops for three years, which interested the audience and proved what could be done in the cultivation of fruit with proper care.

A few questions were asked, and then music was called, atter which Dr. Edwards fiscussed, in a brief essay, the question that is uppermost in the minds of the people - "Public Roads." Considerable discussion was called forth by his essay by Governor Pattison as an Associate E. M. Tekwsbury making a speech upon Judge of Columbia County, on the 8th day the subject, and also Wm. Krickbaum had a few words to say, explaining his position on the subject in the Legislature.

A motion was made that a committee five be appointed to draw up resolutions to be submitted to this body. During the discussion of this motion the subject of roads was entirely lost sights of and partook more of the character of a politica neeting. The motion was carried and Dr Edwards, Messrs. Supplee, Tewksbury Harris, Mensch and Chandlee Eves were

W. E. Lutz was called, who read Science on the Farm." He made some good points, showing that knowledge is the one thing necessary for the farmer. Adjourned with music.

Thursday afternoon, the first thing after music was a recitation by Miss Jennie (Gatlert, entitled 'McClane's child." It was well rendered and reflected credit on the speaker. This was followed by E. M. Tewksbury, who showed how to maintain farm fertility. The paper was lengthy and contained many good points-too many for us to give a synopsis.

Discussion of the subject was postponed and Dr. Frear was given the floor. He gave a clear, practical talk upon the "Economies of Fertilizers." His position as chemist to the State Board of Agriculture gives him rare advantages for obtaining thorough knowledge of fertilizers. stated that soil could not be made wholly unproductive, and his argument proved it if proof were necessary. There is no doubt but that the farmers who listened to his lecture were interested and benefit ed. Close attention was given him for

over an hour and when he closed a number of questions were answered by him. The audience was then treated to music after which N. W. Northup gave a short talk about building siles, of which he has recently became a strong advocate. The talk was thoroughly practical and very in-

teresting. Evening session opened with "Th

Weary Man's Paradise," by the choir. The large church was filled to its utmo to bear Dr. Warren on "The Birds of Pennsylvania." Before the lecture, Miss Kate Swartwout read an excellent essay, applauded. Music by a male quartette and the choir

"The Duck Song," by the choir. Ac

Friday morning. Music. Resolution leploring the death of Mrs. Rohr McHenry was offered by Rev. S. P. Boone as fol-BENTON, Pa., Jan. 10, 1890.

WHEREAS: We learn with regret of the leath of Mrs. Robr McHenry this morning. therefore be it Resolved, That we the citizens of Benton Farmers' Institute here assembled do hum-bly resign ou selves to the allwise Provi-dence of God in removing from our midst one so greatly loved and esteemed by those who knew her. And while we deplore her death we extend to the grief-stricken fam-ily our heart felt sexpection.

lly our heart-felt sympathy.

After the adoption of the resolution the first paper on the program, "Poultry," by Rev. S. P. Boene, was read. He confined his essay chiefly to chickens, although the different domestic fowls all received

passing notice. Many good suggestions for their care were given.

This was followed by "The Ups and Downs of the Poultry Business," by Wm. r. Creasy of Catawissa. The paper was largely statistical. Though he showed instances in which there was loss in the busiess, his paper went to prove that poultry

was profitable under careful treatment. The choir rendered another piece of nusic and then A. P. Young was called upon to tell "How to Make the Farm Pay." He advanced the theory which so many farmers adopt, viz: that farmers are subect to unjust, unequal taxation. The paper was well prepared and gave evi-

"The Merry Cow Boy," by the choir was called for, and N. W. Northup was saked a question, which he answered, before Z. S. Stevens told in a lengthy essay what good results might be attained by careful attention to the Creamery or Dairy

up with questions and answers relative to the creame; y question.

Friday afternoon opened with the singing of "A Hundred Years Hence," by the choir. H. M. Northup read a paper enitled. "Practical vs. Book Farming." One point which he brought out clearly was that success in farming depended largely on circumstances and location. The paper was replete with good common sense ideas which could easily be acted upon.

Mr. Townsend of Bloomsburg followed He had, in connection with his essay, a chart showing a well trained grape vine to which he referred when telling how to train them to obtain the best results. Havng made the matter of grape growing a life study Mr. Townsend's suggestions are worthy of much consideration. He was plied with questions, all of which were

carefully answered. Will M. Kitcher a rising young man of Benton, then told "How to Educate Farmers' Children." He dwelt particularly upon the necessity of making the public schools pleasant and comfortable in every way, and urged parents to visit the schools.

A little son of C. R. Cox made a speech nuch to the amusement of the audience. "How to Train Our Boys" by C. R Cox of Benton, was an essay containing many sound practical suggestions fo

home training. "The Education of Girls." was on the program for Mrs. J. B. Laubach, but owing to the death of her mother, Miss Louis Heacock read it. It was carefully pre-

pared and embodied useful hints. Dr. McHenry who could not be present the day previous was now given an opportunity to talk about the horse, which he accepted and gave a very interesting discourse upon the subject. He took strong ground in fayor of the medium sized horse

and thoroughbred stock.

The last essay for the afternoon and was read in an able manner. Al- as it looks to be. How does that strike though not just in the line of agriculture, the young butcher? it was what might be termed the trimmings to the more practical essays which preceded it. She was loudly applauded. After some music the resolutions con

cerning the road question were discussed and returned to the committee. Friday evening opened with an except onally full house, and after a couple of selections from the choir, Mrs. B. G. Keller of Benton recited "Old Farmer Brown." Another selection of music and Prof. ohuson of Lewisburg was introduced who ntertained the audience for about an our. He was listened to with marked at-

tention during the entire time.

The program being exhausted but the idience seeming still fresh Miss Lizzie Heacock was called to recite. She gave "The Bachelor Outwitted," which was well rendered and very amusing. Another selection of music and the first farmers' institute ever held in Benton closed. It was a complete success, and much credit s due to those who were instrumental in getting it up and conducting it to a suc-

of the Royal Arcanum in meeting its ob-

nember of the order and upon his death

the Supreme Treasurer, as soon as proof; of

We take the following letter from the

Mr. Sechler's insurance cost him about

\$9.00 a thousand per annum and his total

The record of the Arcanum for 13 years

has both gratified its friends and disap-

pointed its enemies. It has paid out

\$12,000,000, at an average cost of only

\$6.00 per \$1000. The management is

most economical, the expenses being only 2 per cent. of death losses. The lapse rate is only 2½ per cent., showing a well satis-

fied membership. The death rate has been only 81 per 1000, showing careful

nedical examinations and selections. The

total membership is now nearly 100,000.

deceased, and there was a universal ex-

pression of deep sorrow and sympathy on

WANAMAKER'S. PHILADELPHIA, Monday, Jan. 18, 1860. What care you when we take account of stock, or whether our stock is too big or too small, or for any one of the many points that touch our private interests? It would be scant courtesy to your intelligence to parade such motives for any business move of ours. Therefore we simply say from day to day as we seri-ate our stock into new Bargains that our great goods-controlling power makes it impossible and special conditions make it desirable to create prices that will

power, that's all. Never before was our power

confidence in our statements is stronger to day than ever. The interest rises as the January Sale lengthens. Many questions come to us daily: the one most frequently repeated is," Who is losing the money? Cannot stop to answer that, The Sale is going, going, going on. Wouldn't you prefer that we tell you what the Bargains are rather than how they came

Gloriosa is the glory of Spring Dress. It is the pride of the early season-the rising sun of Dress Goods, Last year the advent, this year the perfection of Gloriosa. Last year we thought them perfect but we knew not what this year would bring forth. Here they are, and only here. The plain colors

and black stripes, \$1.50, fancy stripes and plaid, \$1.75. But the combination of trifling weight with great strength is the best hold of Gloriosa.
