

The Columbian.

FRIDAY, MARCH 7, 1890. Abraham Lincoln, only son of Robert Lincoln, Lincoln to England, died Wednesday morning, aged 17 years. His death was from gangrene, caused by carbuncle under the left arm.

To the County Commissioners.

DEAR SIR—We call the attention of the County Commissioners to the unequal and unjust valuations of Benton township as compared with the border townships. For years we have contended that the valuation of Benton township was 20 percent higher than equitable and just valuations.

Overproduction throughout the country makes prices low, but it is more direct to farmers at large. The farmer has to pay too high a rate of interest for necessary money. The Government for the past 28 years have loaned to bankers some \$350,000,000 that didn't cost them one percent which they loan to farmers at 10 percent.

Unjust and discriminating legislation against the farmer by officials who when running for an office promise anything but do nothing for interest of farmer when elected.

Did the honest farmer give him his vote with the understanding that if elected, half of their time would be spent in drawing visionary bills and voting for repeal of fence and other laws in the interest of railroad and other corporations, and the other half in securing their salaries?

Speculators and trusts keep down the price of produce to nearly cost to producer, but there is no corresponding price to the consumer, and scarcely an article the farmer consumes but whose price is doubled in price from the time of leaving the manufacturer.

Manufacturers, railroads and corporations can get all the legislation they want, why not the farmer? The government can do anything it chooses; it can make the corncribers who have fattened for years upon the farmer take the poor pasture field a while.

Why Farming Does Not Pay. EDITOR COLUMBIAN. We are glad to see the columns of your valuable paper thrown open to free discussion of so important a subject as the above. The farm is the germ, the origin, the sustaining power of all trade and commerce and should be protected by our Government.

THE COLUMBIAN AND DEMOCRAT. BLOOMSBURG, COLUMBIA COUNTY, PA. FRIDAY, MARCH 7, 1890.

Seed Thoughts on Farming.

EDITOR COLUMBIAN. To your question "Does farming pay?" I send you for publication a few seed thoughts for the farmers to thresh out. I think farming does not pay a profit at the present price of produce, because there are too many tax eaters for the taxpayers; office holders farm the farmers too much.

Consumption of produce is limited, while production is unlimited. During the last nine years the expansion of the crop area of wheat, corn, oats &c has been about 31,000,000 acres in United States. At this time produce from the Southern Hemisphere is coming in market while wheat on hand after a certain time in California is taxed.

It is this proper form of government for the welfare of our people that I have imported duties on the actual necessities of life, that we are compelled to have shipped from foreign ports. To protect the farmers, we should protect the Goulds, the Vanderbilts, the Mechanics and leave the farmer to his fate.

It is this kind of steel trap protection, that the party now in power, by passing a strike act, has laid the trap is sprung; we are fast for three more years. Then the spring of the trap will take place and Grover Cleveland will once more take his seat.

What Two Years Ago. I was a sight to behold and was unable to enjoy life at all. Now I am the picture of health and can eat anything. What did it do? It cured me of Dyspepsia and Liver Complaint, after suffering two years—W. H. Boeman, Manchester, N. H. 2-28 '89.

WHAT IS SCROFULA. It is that impurity in the blood, which accumulates in the glands of the neck, producing swellings, eruptions, and causes painful running sores on the arms, legs, or nose, often developing ulcers or festering sores, which in some cases, especially when the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, following their course, may lead to death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

HOOD'S SERRAPARILLA. It is taking Hood's Serraparilla, which by the remarkable cures it has accomplished, when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Serraparilla.

DR. BULL'S CURE FOR COUGHS, COLDS, AND BRONCHITIS. It is a simple, safe, and effective remedy for all respiratory ailments. It is made from natural ingredients and is suitable for all ages.

Free Education For Girls.

HOW GIRLS CAN GET A COLLEGE EDUCATION WITHOUT COST. A most praiseworthy movement is about to set on foot by THE LADIES' HOME JOURNAL of Philadelphia. It proposes to give to any young girl of 16 years or over who will send it to, the largest number of yearly subscribers.
