Rev. D. M. Kinter. Consistency is a Jewel.

As they are both on the school board now we will see whether they will apply the same rule to advertising the school statementconsistency is a jewel. Try the lowest bidders once. Try it. -Sentinel May 30. The school board having awarded the printing of the statement to the Sentinel and Republican, without bids, we presume Krickbaum now cares very little about economy to tax payers. If he has the east spark of the jewel of consistency he will call the attention of his readers to the fact that the only printing the County Commissioners let to the lowest bidders was the Court Calendar and the COLUMBIAN WAS nearly one-third lower than the Scatinel. If Krickbaum is sincere let him urge upon the County Commissioners to put all their printing, blanks and stationery, to the lowest bidder. Let him call the attention of the County Commissioners in his next issue that they are losing an opportunity of economy to the tax payers.

### A Woman in the Case.

There always is. She is the power behind the throne. A woman's influence over the man who loves her is often absolute. To wield so great a power to guide, strengthen and help her husband, a woman's mind should be clear and healthy. It cannot be if she is suffering from any functional derangement. How many a home is made unhappy because she who should be its life and light is a wretched, depress

ed, morbid invalid! Wives, mothers and daughters, why suffer from "female complaints" which are sapping your lives away, when Dr. Pierce's Favorite Presc ription will renew your health and gladder those about you? It has restored happiness to many a saddened life. Why en dure martyrdom when release is so easy: torative like the "Favorite Prescription." To cleanse the stomach, liver, and system generally, use Dr. Pierce's Pellets.

As they are generally confined to the humbler walks of life, the good they have All business men do it. For explanation

he does, that nine-tenths of the Democracy scorn the idea of voting for such a thing as himself. He knows too that the people did not desire his nomination, as they regarded him totally unfit to fill the office, being vain, biggoted, pugnacious; qualifications more suitable to a person about to enter an asylum than the Registers' office. The Democrats need not cote for him, but act as in the case of John R. Yobe, when they elected I. S. Monroe and everybody was satisfied. Yohe was just as fit as Sterner. They will remember when they soratched the ticket and defeated J. R. Millard for Sheriff and elected Aaron Smith, everybody were Democrats and still the party survived. Two years ago the party did the same thing by electing Ent, who is making a good officer, still the party polled its heaviest vote last fall for Hancock: Scratching the ticket and voting for a better man, your choice, is not bolting the ticket. That is what is meant by a free ballot! And everybody would enjoyed it.—From News Hems. "Bloomsburg Business". Taken on the wing by our own correspondents, after the Democratic nominations in 1881.

SUNDAY SCHOOL CONVENTION. The 21st Annual Convention of the Colimbia County S. S. Association met a New Columbia Tuesday and Wednesday May 27th and 28th.

The weather was perfect and everything ombined to make it one of the pleasantest and best in our recollection. On Tuesday were present and no doubt as many visiors. Many of our schools throughout the ounty were not represented, however, probably owing to the fact that the place was so distant from railroads.

Tuesday morning's short session was fill ed with the cordial welcome words and the from the evils of intemperance. esponse and a full report of the Statistical Secretary A. W. Speer. His report shows a decline in S. S. work in the county as shown by Twp. Conventions. After the appointment of committees in the afternoon a discussion of S. S. finance was pened by Rev. Tustin. He stated that our classes are benefited by the S. S. the cachers, the scholars, the church and the ommunity. All of these should help support the school. The S. In the evening Dr. Rittenhouse of Carisle College deliveredsa grand address on Truth'; What a S. S. teacher teaches." After showing the inefficiency of other religions and of ancient and modern philosophy to satisfy the longings of mankind he declared that Christianity as revealed the Bible is the Truth, the whole truth and nothing but truth. Christianity alone teaches without error. In all other religions there are a few grains of gold in vast piles of rubbish-a few goodly maxims of pirtual wisdom buries tolly. Christianity alone proclaims truth with certainty and authority-not as a discovery but as revelation. Christianity prolaimstruth in all its symmetrical completeness and organic unity-a marvelous and majestic balance of truth in all its relations. Instead of broken fragments of noor of truth, for the sake of which we would sell all these fragments. Christian-

ity gives an ultimate statement of truth and alone brings us saving truth. Two stirring short talks on Temperance were given by Rev. Crumbling and Rev.

Milroy which closed the program for the evening. The most of Wednesday was occupied with business. The reports of delegates showed that most of the schools are prosperous and the work growing. The comnittee on Time and Place of next meeting reported in favor of Benton, the first day of June, which was accepted. Two other invitations had been received by the committee and we regretted that we could not

sccept all three. The election of officers resulted as follows: President, H. R. Bower; Vice Presidents, Rev. E. Crumbling, Rev. A. Houtz, Rev. U. Myers; Freas. Mrs. Apple McHenry; Stat. Sec. A. W. Speer; Rec. Sec. Miss Eva Rupert. Delegates to State Convention Miss E.

Galloway which was "Is a man dethroning the Holy Spirit when he listens to his own spirit?" He answered. No, not if the Holy Spirit is really enthroned. The Holy Spirit will gain the ascendency "As many as are led by the Spirit they are the Sons of God." The other three questions were addressed to Prof. Kurzenknabe. Shall s man give to the S.
