At the time appointed the afternoon session opened by devotional exercises conducted by Rev. Houtz, after which the fol-

lowing subjects were discussed. "When do children become responsible?" Rev. Houtz said: The turning point fifty years ago.

On the subject, "Should children be Children should be taught early to pray as passed. it tays the foundation of christianity while the mother is never forgotten. H. W. Kile and E. M. Laubach, said

they thought it the duty of every parent to teach their children to pray. If parents were as zealous in teaching their children to pray as to earn money, better results would follow."

Singing, "Over the River of Light." The last subject was then taken up, How can Regular Attendance be secured?"

Rev. Houtz said: Every scholar should be taught to think it was honorable to be there every Sunday. A Sunday School should be a cheerful place. Sunbury vs. Bloomsburg.

One of the most interesting games of ball was played at Athletic Fark Saturday last, between the Sunbury and Bloomsburg team, resulting in a victory for Bloomsburg by a score of 3 to 1. In the second inning Eisley, first baseman of Sunbury, was hit with the ball while at the bat, he stole from first to third base, and in attempting to steal the home plate was inured in the ankle and was retired from the game, Harman was substituted. Sunbury made one run in the sixth inning, which tied the score until the ninth inning, when by a passed ball to the Sunbury short-stop omsburg secured two runs. The fol lowing is the score in detail;

An opportunity is afforded in count stion with the taking of the census by the United States Government, of obtaining statistical information which cannot fail to be of extreme value to the State, as regards the physically defective classes which compose a portion of its population. The State Board of Health, to which has been confided the duty of Superintending the collection of vital statistics in this Commonwealth, is desirous that these returns should be as full as possible. The nedical profession, of all others, should be the first to appreciate the importance of such information. It has been found however, in conversation with physicians that many of them entertain the apprehension that the information which they thus impart, may be used in some manner detrimental to the patient, or individual, to whom it refers. In order to remove any such obstacle to obtaining complete returns, communications were addressed to the Hon. Robert P. Porter, Superintendent of Census, and Dr. J. S. Billings, Surgeon U. S. STRANGE ELECTRICAL PHE-

A very singular electrical phenomena oc urred on Main street, soon after ten o'clock, on Wednesday, during the progress of the heavy storm, the edge of which barely passed over Doylestown The streets were almost deserted at the ime, and probably the strange sight was witnessed by only one or two persons. A ball of fire, about a foot in diameter was first observed, which after rolling about the pavement and street, between Hart's bank and the Rhoads property, finally bursted and filled the street with a bright red light. The phenomena lasted about two minutes, and is described as a most beautiful and brilliant sight. The strange feature of the phenomena is that no report fore the state board of examiners. The accompanied the electrical fire ball. A gentleman living on Court street, who saw the light from his window, was horrified at as it is possible to make it. what he thought was the Rhoads building In flames. When about to give the alarm the light disappeared in a puff of smoke as suddenly as it came. The phenomena was like that seen the same evening at Nassau and Falton streets, New York city, which was minutely described next morning in the World .- Doylestown Democrat.

The Pride of His Class

He was a bright, handsome boy of sixcen, sunny-tempered, brilliant and engag. ing, the delight of his parents, the joy of his bome, and the pride of his class. But a shadow fell across his bright prospects. It began with a trifling cough; soon came remonitions of consumption, his strength failed, his cheeks grew hollow, and he seemed doomed to an early grave. Then friend advised Dr. Pierce's Golden Medical Discovery. He tried it and was saved. Health and strength returned, his cheerful roice rang out again across the school playground, his cheeks again grew rosy, als eyes bright. He is still "the pride of is class" and he graduates this year with lighest honors.

Resolutions of Condolence.

On the death of Charles Roberts, of the Waller Union Sunday School, who died June 7, 1890.

WHEREAS, it has pleased Almighty God in his infinite mercy, to enter our Sunday School and call from our number one of its officers Charles Roberts, therefore be it-Resolved: That while we as a school so deeply feel our loss, we bow in humble submission to the will of Him who doth all things well.

Resolved: That in the death of our beloved brother and officer Waller Union Sunday School has lost an efficient member. Resolved: That we extend our prefound sympathy to the bereaved family and friends in this hour of deep affliction and sorrow and commend them to Him who orders all things for the best, and whose chastisements are meant in mercy.

Resolved: That these resolutions be placed on the minutes of the Sunday School and a copy sent to the bereaved family. and also published in the county papers. C. W. YOUNG, J. P. YORK,

A Spring Medicine.

The druggists claim that people call daily for the new cure for constipation and siek-headache, discovered by Dr. Silas Lane while in the Rocky Mountains. It is said to be Oregon grape roos (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells at 50 cents a package and is called Lane's Family Medicine.

NORMAL SCHOOL NOTES

Everything about the Normal is now be ing put in the very best shape, and every person both teacher and pupil is thinking and talking only of the state examining board which comes to us next week, 17th inst. The committee consists of Dep. Supt. Houck, Prin. Eckeis of the Shippensburg Normal School, and Supts. Myers of Mifflin. and Johnson of Union Co.

Preparatory to the coming of the comnittee, every member of the Junior and Senior classes, is subjected to rigid written examinations upon all subjects included in the respective years of the Elementary Course. This week is devoted largely to this work. The Senior class numbers seventy-eight, and there are about eightyfive Juniors. The great majority of these stand well and are fully up in every department, with any preceeding classes.

These examinations are perhaps, a necessary evil, and while they can be in no sense a proper or just criterion of a student' mental growth or thought-power, yet they furnish a relative standing by which, we as a faculty, can, in a measure, deter-mine who should or should not appear bematter given in these examinations should be and generally is as thoroughly practical

Beaver's Tally-Ho Coach passed through town Wednesday afternoon, en route for Wilkes-Barre. The trip was to be made between Danville and Wilkes-Barre a distance of fifty miles in 6 hours. Teams were sent shead for changes every 10 or 12 miles, allowing 15 minutes for a change. The first change was made here, but they were 25 minutes in making the change. A light rain was falling as the party le town the rain increased to a hard storm within 15 minutes after their departure. There were ten people in tue coach.

The Committee appointed by the Town Council to prepare program sutable for the dedication of the new town hall, me in the Exchange pariors last Saturday evening when a sub committee consisting of Hon E. R. Ikler, J. B. Robison, J. R. Tous. and, Wm Chrisman and Rev. P. A. Heilman was appointed. This sub-committe met in the law-library Tuesday evening and recommended a program Consisting of parade, by all orders and industries and addresses in or near the new hail. Constipation.

IF not remedied in season, is liable to become babitual and chronic. Drastic purgatives, by weakening the bowels, confirm, rather than cure, the evil. Ayer's Pills, being mild, effective, and strengthening in their action, are gener-ally recommended by the faculty as the best of aperients.

best of aperients.

"Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills. I deem it both a duty and a pleasure to testify that I have derived great benefit from their use. For over two years past I have taken onle of these pills every night before retiring. I would not willingly be without them."—G. W. Bowman, 26 East Main et., Carlisle, Pa. "I have been raking Ayer's Pills. "I have been taking Ayer's Pills and using them in my family since 1897, and cheerfully recommond them to all in need of a safe but effectual cathartic." —John M. Boggs, Louisville, Ky.

"For eight years I was afflicted with constipation, which at last became so had that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that now I am in excellent health."—S. L. Leughbridge, Bryan, Texas.

"Having used Ayer's Pills, with good results, I fully indorse them for the purposes for which they are recommended."
