Apportionment of Delegates.

The following is the apportionment of delegates made by the Democratic standing committee at their last meeting. It is based upon the presidential vote of 1888. Briarcreek, Centre and Greenwood townships each gain one delegate, making 78 instead of 75 two years ago. The division of Greenwood township does not alter the result since that township now has 4 delegates, and each voting place is entitled to

I have been a constant reader of THE COLUMBIAN for a number of years, and through its columns I have been kept well informed as to the political affairs of Columbia county. > WHAT IS SCROFULA It is that impurity in the blood, which, acunulating in the glands of the neck, pro-

duces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifesta-tions usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it. How Can CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrottia, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrotulous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J. N. B. VINDICATION.

As Peter A. Evans of Montour Township has presented himself to the est Democratic voters of Columbia County to represent their interests in the next Legislature, I hope Farmers, Laboring men and tax payers will give him their earnest support. We now have an opportunity to look after our interests and vindicate our rights which were sacrificed by the last Legis lature in regard to the Rail Road fence law, which has made much trouble through the country and put thousands and perhaps millions of dollars in the pockets of Rail Road Companies. This is evidence that one of our previous Representatives did not vote for the interests of those who elected him. In my travels I find farmers and laboring men gener-ally are anxious to be represented by a farmer who will look after their interests. In view of these facts I now hope they will give Mr. Evans their

I want to know how much longer the Democrats of this county are go-ing to keep William Krickbaum in office.
