FOR GOVERNOR, ROBERT E. PATTISON, of Philadelphia,

FOR LIEUTENANT GOVERNOR, CHAUNCEY F. BLACK, of York. FOR SECRETARY OF INTERNAL AFFAIRS, CAPT. Wm. H. BARCLAY, of Allegheny.

Oall for County Convention and Delegate

The democratic voters will meet at the several places for the holding of the general election in their respective districts on Saturday, August 9th, 1890, between the hours of 3 and 7 o'clock p. m., and elect delegates to be sent to the County Convention and vote instructions for the persons there to be nominated, subject to the rules of the PETER A. EVANS. democratic; arty of the county. The delegates elected will meet in County Convention at the Court House, Bloomsburg, Pa., on Tuesday, August 12, 1890, at 11 o'clock a. m., and place in nomination one person for member of the U. S. House of Representatives for the Seventeenth Congressional Dis-trict, one person for State Senator for the Twenty-fourth Senatorial District, the Twenty-fourth Senatorial District, two persons for members of House of Representatives of the state, one person for Associate Judge, one person for District Attorney, one person for Prothonotary and Clerk of the Courts, one person for Register and Recorder, one person for County Tressurer, two persons for County Commissioners and two persons for County Auditors, and transact such other business as may transact such other business as may properly come before the convention. C. B. ENT, WM. CHRISMAN, Secretary.

Apportionment of Delegates.

The following is the apportionment of delegates made by the Democratic stand ing committee at their last meeting. It is based upon the presidential vote of 1888. Briarcreek, Centre and Greenwood townships each gain one delegate, making 78 instead of 75 two years ago. The division of Greenwood township does not alter the result since that township now has 4 delegates, and each voting place is entitled to two delegates.

The week that Peter A. Evans withdrew his name as candidate for representative, the Columbian said that as William Krickbaum had practically no opposition, he would be nominated. Since then Mr. Evans has again announced his name, but not withstanding that fact the Sentinel continues to t what the COLUMBIAN said when Mr. Evans was not a candidate. If the Democratic party of Columbia omination of strikes, idleness and vag county approves of a candidate taking rancy which haunt "ghost like" financi such an unfair and dishonorable advantage of his opponent, they will renominate Krickbaum. There is not auother man in Pennsylvania who pretends to be an editor, who would use his own columns for his own advantage in so base a manner.

### CONGRESS TICKET 8-

To the Editor of the COLUMBIAN: Over a month ago in a communica tion to you I requested the support of the democracy of Columbia County for renomination to Congress, and the statement of the fact was then announced by you in the COLUMBIAN.

There has been no published or public announcement of another candidate for support in this county; but I am d that tickets have been print ed and are to be circulated at the del

egate election, in hostility to me and intended for my defeat. Those tickets present the name of candidate from another county in addition to my own, and convey very distinctly the impression that I am named as a mere matter of compliment, and that real support is not in-. Such voting will be so under stood in every other county of the con

gressional district.

I must therefore request my friends in this county to vote a straight ticket for my nomination, thereby adding to the obligations under which I rest to the generous and intelligent people of

my native county. I have only to add, that the very excellent gentleman whose name has d in this connection is not re-

Yours respectfully, PETER A. EVANS.

WAKE UP.

Two years ago when Mr. Krick-baum was a candidate for the Legislature he told me that we did not want doctors and lawyers to represent us in the legislature. That they would make laws for themselves against the interests of the farmers and taxpayers. He was elected and now what did he do for the farmers and taxpayers? He voted against our interests in favor of Railroad Companies and Corporations. To day a railroad runs right through the farm upon which I live and builds no fences and I must keep up all the fences or have my stock killed.

He tries to make the rich richer and the poor poorer, and now he is trying to fool us again. He deceived and fooled us two years ago and if he does it again it is our own fault. We now have a good chance to send a good, honest and intelligent farmer who will stand by the farmers and taxpayers and look after their interests and not sell himself for free "railroad passes" and "boodle." Mr. Krickbaum says give me the second term. The way he served us he was not intitled to the first, and there is no man in the County who has opposed more candidates for the second term than he has, besides bolting the ticket and helping to defeat the regular nominee. Yet the party has kept him in office ever since I was

s boy and he has become rich shaving farmers' sheep orders and skinning people in different ways.

I am told that he boasts he will make the nomination, no difference how much it costs. If booblers and suckers will vote away the farmers and taxpayers right I hope they will be sorry for it hereafter.

I hope that every farmer and tax-payer will stand by and support Mr. Evans who knows how we were impos-ed upon and cheated out of our rights by a man who pretends to be our friend to get our votes to keep him a life-time in office.

Come, let us wake up and not be deceived and sold out "again" to Corpora-tions and Railroad Companies. Respectfully yours.

BALTIS HARTMAN Fishingcreek Twp. Penna. BLAINE.

Speaking of the advantages of "Free Trade", or "Reciprocity," Mr. Blaine said; "Our change of opinion has certainly been remarkable in so brief a period. Mr. Blaine is an able and fearless leader and that he now is on the high road of Free Trade cannot but be gratifying to all who desire a more extended market for our American products. The Egypt of protection bon lage is a form of oppressive slavery through which the many are obliged to pay tribute to the few by means of protection laws or class legislation which is nothing more nor less than legalized highway robbery through which the masses, tarmers and laboring classes are fleeced out of their hard earnings. It is not surprising that Mr. Blaine, whose heart throbs with sympathy for the oppressed, should so ieroically advocate their cause by advising a treaty of Reciprocity to open a more extended market for our products. Mr. Blaine pointed out in an unmistakable way how the deluded people may cross the Red Ses of so called protection, and pass through the wilderness of barren adversity and Republican misrule, to the land of "Free Trade" and "Reciprocity,

abounding in liberty, happiness and contentment, with full and plenty, where no "Dead Sea" of stagnant sur. plus products without an outlet, afflicts nor infests the land with starvation, destitution and misery through the ab omination of strikes, idleness and vagally involved farmers and laborers whose debts, mortgages and taxes threaten bankruptcy at any time. Mr. Blaine broke the protection ice of trusts and monopoly that the masses may attain to a higher and more perfect and ending protection. Mr. A. B. Farquber, a protected Agricultural implen manufacturer, of York Pa. said that the protection swindle upon farmers is

doomed. The signs of the times are hopeful. The career of desperate and despotic men have been called to a sudden halt with alarm through the mutterings of the distant, threatening storm as the indignation of a confiding deceived people rises to assert their rights and power. The thunder ciap from Bar Harbor struck consternation in stalwart schemes that would have plandered and robbed the people out of thousands of millions.

### WASHINGTON LETTER.

Washingto, D. C. Aug. 4, 1890. The most attractive feature of the present Congress, is to see the rate eserting the sinking G. O. P. ship. Senator Plumb of Kansas is the last

one to open his eyes, and swim for his life. He is one of the largest rodents in the Senate chimber of the vessel; but he found it sinking, and is "pulling for the shore". The democrate ing for the shore". The democrats were put into a state of extreme gratification, when they heard the Kansas Senator denounce the theory he has

been harping on for years, That staunch old soldier, of verbiage For a house to live in. This year I been used in this connection is not responsible for that use. For him I have high respect and a sincere friend ship which the mistakes of others shall not be permitted to weaken or destroy.

was recommended by the Finance committee, and if it wasn't done he

was ready to throw up his job.

Mr. Vest wanted the rates put at 40 per cent, and Mr. McPherson, wanted it a few per cents higher. Senator Vance made a humorous speech upon the high protective system. He de-clared that the whole earthen-ware bill was a disgrace to anyone who claimmanity. Because it was, simply a dis-crimination in favor of the rich against the poor. That the same policy of discrimination ran through the whole tariff bill. from one end of it to the other. But the exciting part of the whole matter was-when Senator Plumb committed mutiny. He had with him facts, figures and invoices, which showed that originally, and before the crockery business became fat, it was satisfied with a gratuity of \$16,40, on a given amount of ware. Under the pending amendment it would amount to \$31,32 and under the McKinley bill \$57.12. He said "the whole tendency of civilization is toward the reduction

of prices of all products of human labor. To claim that the tariff had been the main factor in the reduction of the prices of manuafctured goods, is to ignore all the forces of civilization. The American people are entitled to have cheap goods if competition can bring that about. When is the time coming when the people of the United States will derive some benefit from the establishment of home industries"! But the best of it was the way in which he said that he didn't say ad that with the slightest idea that it would be of any effect upon the vote in the Senate, (as if he had casted

pearls before swine).
Senator Gorman is winning golden opinions on all sides for the able manner in which he is managing the democratic side of the tariff debate. He has already compelled the republicans to abandon their announced policy of silence, and to enter into the defense of the outrageous bill which they want-

Mr. Harrison and Secretary Blaine now have their heads together at Cape May Point trying to devise some method of preventing the defeat which they can see staring their party in the face. The result of their lengthy confab will probably soon be apparent, as they are both to return this week. Representative Cummings, of New

York has exposed a nice little scheme of Speaker Reed's to bribe voters in his district with Government money by having the Navy department order the employment of a large number of workmen just before election at the Kittery Navy Yard, which is in Mr. Reed's District. Mr. Cummings has offered a resolution instructing the committee on Naval Affairs to investigate this matter. That will, of course be the last of the matter, as far as the House is concerned; but the people will be heard from a little later.

HOW A PAIR OF BUNCO SHARPERS WERE FOILED.

A few days ago a couple of bunco men visited the residence of Alex. Billmeyer, who owns one of the finest farms in Montour county, not far from Washingtonville, and tried their game on this wellknown gentleman. Their mode of operation was as follows: A well dressed stranger representing himnear Baltimore, called on Mr. Billmey er and desired to be shown over his "plantation." Mr. Billmeyer is a very easant, affable gentleman and takes delight in showing his fine stock to those who call on him. The stranger was driven about the farm and by bestowing a liberal amount of praise upon Mr. Billmeyer and frequer t compliments to his horses, cows, etc., succeeded in creating a very favorable impression. On their way back to the house they met another neatly attired stranger who inquired the way to the Catawissa station. Mr. Billmeyer replied that there was none nearer than Danville, and invited stranger number two into the buggy, an invitation that was accepted with alscrity.

He shortly took a pack of cards out

of his pocket and suggested a game, but neither Mr. Billmeyer nor his friend were disposed to take a hand. Finally he persuaded them to try it just for fun, and they did, each winning ten thousand dollars. He then opened his satchel and produced twenty dollars which he said would have been theirs if they had gone into the game in earnest. Mr. Billmeyer's friend thought it was a pretty good scheme and so did Mr. B., and they proposed to go into the game. But Mr. Billmeyer's money was in the Danville bank, so he proposed to go over and draw some out and try his hand. He was compelled to stop at the house to get his coat, and his better-half suspecting that something was wrong questioned him very closely and he finally told her how he intended to make ten thousand dollars. It did not ake her long to convince the old gentleman that stranger number one was a confederate of the monte man, and that they were trying to fleece him. Mrs. Billmeyer went out to the front gate where the sharpers were waiting and gave them a piece of her mind that they did not seem to appreciate for they left unceremoniously in the midst of her remarks. Mr. Billmeyer's money is still in the Danville bank, thanks to

his wife's good sense.—Sun. I Have Always Paid Reu-

But since my withdrawal many democrats from every section of the county have appealed to me to reconsider the matter. No ordinary pressure would cause me to change my decision not to be a candidate. But I feel that the very general demand made of me by the democrats of the county to their candidate is too strong for me to over look, and calls upon me to lay aside my personal concerns and announce my name as a candidate. I will make every honest endeavor to secure the nomination, and if secure is a candidate to the subject, made by the finance on the subject, made by the subject, made the subject, made by the subject, made the subject, made by the subject, made the subject, made by the subject, made by the subject, made the s
