"I was afraid I should miss you altogether. I called about an hour ago, and I—I thought I might wait."How do you do, Mrs. Adderley," this to the other lady whose manner and countenance had changed, appar- ently at the sight of him, from its ex- pression of plaintive amiability to one of uneasy and indfinite dislike. "How do you do, Mr. Leigh?" she said coldly, and he turned again to Miss. Grahame. "May I—may I come back later on," he said, "in about an hour?" The deep voice was low and very sweet, and Mrs. Adderly's as she heard it grew colder and colder still. "Mrs. Adderley and I have been shopping together, and now she has come back with me to have some tea; won't you come in again and have some, too?" "Not now, thank you," he said, al- ways with the strange undertone in his voice. "I have an appointment, but if I may come back.—?"	"I was her friend." The words seemed to come through the clenched teeth, almost without Miss Grahame's conciousness. There was something stiff and rigid about her figure as she sat there, still with her grip tightening on the arms of her chair. "And—and-it's so soon, Katherine," went on Mrs Adderley, weakly. "It's —it's not much more than a year since it happened. If there were nothing else against it, if poor Millie had just- died—I don't see how you could, I don't indeed. And it is—oh. Kath- erine, think how he must have made her saffer before it came to that." No answer for a moment. The rigid figure seemed to grow more rigid yet, and there was a strange gray look of anu- terable agony on Miss Grahame's face. At last she said in a low hoarse voice with long pauses between the words: "They said—she—was—mad!" "Do you believe that Katherine!" "I know it was not true!" "Then—" But Miss Grahame stopped her.		or someone. It had been one of those strange and terrible days, when Lon- don is enshrouded in a wierd and in- explicable darkness. There had been no fog to speak of and yet it had been dark-dark as night almost. Over Miss Grahame's beautiful house all day the heavy shadow had brooded, the pretty cheery rooms had looked gloomy and mysterious, and the ser- vants had gone about with that de- pressed, almost awe-struck manner, which is the inevitiable result of so unnatural a state of things. No one had called of course; Miss Grahame had hardly left the drawing room had spoken scarcely a word all day. Over all the house a deadly quiet had rested. But now at half-past eight the lamps were lighted and the natural dark- ness which all of us know and which to all of us comes sometimes as a longed for friend had succeeded the	slub and hunt the old age microbe out of existence. What a use can be made of him in the novel of the future. When Seven- ty would marry Twenty all he will have to do will be to go to a Malin-Conico and have his microbes killed. The he can approach his Miss Twenty - juvinated and radiant as Apollo. N: 9, more. If his youthful bride has hang- ing about her a good looking dude who excites the husband's jealousy, revenge is in his own hands. Nothing will be easier than for him to intro- duce into the dude's morning bitters a full dose of microbes, warranted to make him toothless, baldheaded, gouty and cranky in three days, so that no young wife in her senses would look at him.
