

The Columbian.

BLOOMSBURG, PA. FRIDAY, OCTOBER 17, 1890.

Charles S. Wolfe of Lewisburg is on the stump for Pattison.

Willie Sprague, son of the "war governor" William Sprague, of Rhode Island, committed suicide recently at Seattle, by taking chloroform.

Ex-Senator William A. Wallace has returned from Europe, and made a speech at the Philadelphia Academy of Music last Saturday night for Pattison and the whole ticket.

Special Washington Correspondence.

Washington, D. C., October 16th.—Quay's leadership of the Republican party in a National sense is at an end. It is true that he still is the official head of the National Republican Committee, but he is only so because the managers of that party do not think it policy to drop him at a time when the force of such action would be reflected in the elections to come off in November.

The determination to drop Quay is not recent. It has been contemplated and discussed by members of the official family of the President and the party members in both Houses of Congress. The selection of his successor has practically been made, namely, ex-First Assistant Postmaster-General Clarkson.

I served with Delamater's father in the army for three years, and, as every one knows, he paid thirty thousand dollars for his seat in order to defeat George K. Anderson. I was Speaker of the Senate during his term and as every member of the Senate knows, always cast the mantle of charity over his weakness.

Washington, October 10. Bailed by the Tariff.

SALEM, N. J., October 10.—Canning factories throughout Salem county have closed for this year after one of the most successful seasons ever known.

Cost of a Judicial Contest.

LYCOMING COUNTY TO PAY \$14,616.92, WHICH IS LESS THAN WAS EXPECTED.

Washington, Oct. 11.—The closing act in the judicial contest in this county was enacted to-day by the filing of an opinion by the three judges fixing the costs of the proceedings.

As an illustration of the Quay was promised large contributions from the friends of "Bertie" Adams, ex-Minister to Brazil, if he could secure the appointment of a successor to be chosen by Adams' friends.

DELAMATER AND RUTAN.

DELAMATER'S SPEECH AND RUTAN'S BRIEF ANSWER.

The pungent letter from Senator Rutan in answer to a reflection upon Rutan in Delamater's Bradford speech is the most important development of the campaign.

From Delamater's Bradford speech. Furthermore, another lie I want to nail. This man—shall I name him?—who lives in McKean county, here in Bradford, has charged that up till within two days of the final vote on the Billingsley bill in the Senate, Senator Delamater was doubtful as to what he wanted to do, as to how he would vote upon it.

RANDALL ON THE TARIFF.

From remarks of Mr. Buckle in the House of Representatives, June 14, 1890.

Undoubtedly the greatest trial of Mr. Randall's courage, fortitude, and power of will was in the Fifth Congress, when he was called upon by imperative necessity to readjust his position upon the Tariff question.

What is Scrofula.

It is that impurity in the blood, which, according to the medical authorities, produces unsightly sores or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose; which causes blindness, deafness, or loss of hearing; which is the origin of pimples, cancerous growths, or the many other manifestations usually which attend "consumption" when fastening upon the lungs, causes consumption and death.

How Can It Be Cured.

By taking Hood's Sarsaparilla, which, by the reasonable cure it has accomplished, often when other medicines have failed, has proven itself to be a potent and powerful medicine for this disease.

man's tin dinner pail, and on the binding-twine which the farmer is compelled to use in cutting his crop ready for market, are features of the new tariff law which republican orators would gladly ignore until after the election.

Senator Blaine's audacity in refusing to send to Congress the State department correspondence, relating to the killing of G. M. Barranda by Guatemalan soldiers, on an American vessel is unappreciated, and it will be strange if Congress does not renege it this winter.
