BLODYSBURG, PA. FRIDAY, OUTOBER 21, 1890.

As you go to the election call on your neighbor and take him along.

Make your arrangements to go to the election; and don't chop wood, thresh buck wheat or go a fishing.

You have had your fun at the Fair,

be election. Let every democrat make an effort from this time until the proval or disapproval, and if an apclose of the polls to see that every democratic vote is cast.

There are over five thousand democratic votes in this courty. The entire vote of the democratic party in this county is near. Let every demoorat see to it that every vote is cast this year.

Wake Up!

And see that Columbia County gives Pattison at least 2500 majority. If we are beaten it is our own fault and want of activity at the polls. Our party is solidly for our excellent candi-date; many republicans will not vote to support Quay and his methods. Let us give to the state a splendid and honest administration. The republic honest administration. The republicaus desire it, and will help us by their inaction. See that every democrat is early at the polls, and is all day there and hard at work for Pattison.

"Blooks of Five."

They count very rapidly. Quay and Dadiey understood that. In the thirty voting districts of Columbia county, if five votes remain at home in each wellose 150 votes, and in the state that would count us say 30,000. Don't leave one man at home, a full vote is a victory. Save the state from the disgrave of Quay and Delamater. Go in "Blocks of Five" for Pattison and Reform.

Wanted 5000 Men Wanted,

preme power and should well know the men to whom they were about to en-trust this supreme power. Under our principles of government all interest should be reflected in the government. Yet we find in the State, organizations for the protection of farmers, miners and other separate classes. These never was a time in Pennsylvania when popular government was in more danger. Within the past few years there has grown up bossism, unpopular, un-republican, a selfish one man power, entirely hostile to popular government. To illustrate, in 1884 I had occasion to investigate the revenue, system of Pennsylvania. Under this system all property should be equally taxed. I found by the records that the real estate value was \$160,000,000 and the per-

sonal property \$160,000,000. The tax raised \$38,000,000. If equalized, the You have had your fun at the Fair, now do your work at the election. Staff your pockets with Patti son tickets and see that they are all voted before seven o'dock.

The vast crowd listened attentively to hus words and frequently interrupted him with hearty applause. At the conclus-ion of his speech the races were called. Following the first race, Capt W. H. Barclay, candidate for Secretary of In-ternal affairs, was introduced and made

s short address. He was interrupted by two republicans, who lacked good sense, and could not control their beast-

sense, and could not control their beast-ly nature long enough to hear the short address, but cried "Go on with the races!" "To h - 1 with the democrais." Such characters should be denounced by all good people of all matters. parties. After the address of Ex-Governor Pattison, he was escorted to the main

depot where an immense crowd had gathered to await the coming of Ex-Governor Pattison. Amid cheers the train left for Danville where an even-

DELAMATER DEOLINES.

On Friday, October 24th, both Pat tison and Delamater will speak at Carlisle. The democratic chairman of Camberland county, thought it would be a nice thing to have both candidates speak in joint debate. He therefore challenged the republican chairmau to have Delamater meet Pattison. The republican chairman, not knowing how to answer, submitted it to the State Chairman, Mr. Andrews. He

answered by stating that Delamater declined to met Pattison. Next week both candidates will be in Philadelphia, and State Chairman Kerr will again challenge Delamater to me-Pattison in debate; but since he de clined to met him in Carlisle we can state that he will again decline.

PATTISON AT BLOOMSBURG.

Ex-Governor Pattison and Capt. W. cause. H. Barclay, accompanied by James M. Beck, Jno. J. Malony, Maurice F. Wilhere, M. Kearnan, and vice-chairman E. P. Kisner arrived at Blooms burg at 12;20 last Friday. A throng of people that filled every available space at the depot awaited the gubernatorial party's arrival. The reception committee consisted of County Chairman J. R. Townsend, Hon. E. R. Ikler Hon. C. R. Buckalew, Col. J. G. Freeze and C. G. Barckley, Esq. When Pattison made his appearance cheer after oheer rent the air. He was greeted by the reception committee who escorted him through the ladies waiting room to the north side of the depot, where carriages were awaiting. After a few moments ime of hand shaking, the band played a familiar air, when the party started in the direction of the fair grounds escorted by a large dele-gation of democrats. At the main entrance gate the party were greeted by the marshal F. P. Hagenbauch, which was the occasion of another outburst of applause. At the grand stand they were greeted by the reception commit-tee, consisting of P. A. Evans, M. G. Hughes, and Samuel Camp. When the party arrived at the grand stand, several thousand people had gathered to hear the speeches. It was difficult to determine from what point the speech should be made so that the multitude could hear, it was finally determined that an open carriage in the midst of the people should be used. From this point Hon. C. R. Buckalew introduced Mr. Pattison, which was the occasion of another outburst of applause. The ex-Governor introduced his speech by saying that for several weeks past he had been speaking from a railway car

but now he would speak from a four wheeled buggy. He cited the great growth and development of the Country and asked for a comparison of our own agricultural society with that of ten years ago. He eulogized popular government and said our men la higher offices should be selected from has letters written by Delamster him among the common people those identified with the wants and needs of the masses. Thomas Jefferson was the Inventor of the side hill p'ow while Henery Ciny was never so well satisfi-amater defeated. His letters in his own ed as when walking about the farm watching the growth. This is a popular government. The people are the Su-qualified to as true and complete.

17 that boast of it loudly: we know that money is already flowing freely in every portion of the State, that free trains are run to meetings; that men are employed to make special canvass of Democratic

workingmen in the districts in each election precinct, and that they hope to play the old 'blocks of five' game

with these workingmen, putting money enough into the hands of trusty agents in each precinct to see that none of them get away. We have this from a circular sent out by one of the County Chairmen, which indicates they are mailed. We have no doubt that the circulars have been sent out to all parts

Columbia County and we ask you to spot him, and if the facts are elear, il arrest him. Decent Republicans resent il the corrupting course of Quay as free-ly as the Democrats do, and are as anxions to destroy the system. Every man, of any and all parties, who is in favor of pure politics and honest ad-ministration of public affairs is for Pattison. Democrats, Republicans of the State."

Pattison. Democrats, Republicans and Prohibitionists make common stances that strike home.

The Republican Organ of Buoks County de-

clares for Pattinon The Doylestown Intelligencer in its issue of October 15th comes out square-ly against the republican candidate. The Intelligencer is the oldest and most widely circulated weekly news-paper in the state. It was established in 1807 and has always defended the republican party. The following is the editorial in full

In April Ex-Senator Emery made his now celebrated warning to the Re-5 publican party of the State that Mr. Delamater was not a fit man to be nominated for Governor. Mr. Emery made charges against Mr. Delamater, which the latter allowed to stand until August-his course indicating that he could not meet the charges as innocent men would naturally meet such accusa-tions, and that he thought the Repub-lican party was entitled to no special consideration in the matter. In Au-gust, however, Mr. Delamater made a while and convert denied of what Mr. public and general denial of what Mr. Emery had said. In September Mr. Emery presented details in support of his allegations of corruption of voters, perjary and receiving money in return for official action. He presented wit-nesses under indefinite names, a letter from Ex-Speaker Rutan, and allegaand for the relief of tions as to Mr. Delamster's defeat of a Republican nominee, in his own county, for personal and pecuniary rea-
