The Chatelaine Watch The chatelsine watch is again coming into favor for ladies' use. It is a dainty time-piece, and one will not wonder at it that indications show that it will be extensively worn this season. Held Office 40 Years.

Wm. C. Johnston, Esq., of this place, died at his home on Market street, Thurs day morning, about five o'clock, of pneumonia, aged about 74 years.

The deceased was born in Columbia County, Pa., (in what is now Derry twp., Montour county). About the year 1848 he was admitted to the bar in Columbia county. On the formation of Montour county in the year 1850 he was elected the first Register and Recorder, and has been re peatedly re-elected at the close of each official term, and held the office to the date of his demise, a period of about forty years. It is very rare in the history of counties in Pennsylvania that an officia can be found who has consecutively held an elective office for so long a period.
