Pensions! Veterans!!

The Dinability Pension Bill

Act of June 27, 1890, grants pensions to all ex-soldiers and sailors who served 90 days or more in the Army or Navy during the rebellion, and were honorably discharged, and who are now suffering from any permanent, mental or physical disability contracted since the war or during the war whether from disease, injuries or effects of old age, at the rate of from \$6 to \$12 permenth, according to the degree of his disability for the performance of labor requiring the exertion of physical strength; provided the disability is not due to victious habits. This pension is not restricted to the veterans who have to make their living by hard labor, but is equally due to professional men or clerks, provided they have an existing disability which would prevent the continuous exercise of the physical strength of an able-bodied man.
