Brother Tubbs of the Shickshinny Echo did not read straight when he perused the communication printed in THE COLUMBIAN April 3rd, concerning the Ellis Young arrest. In the first place the article was printed just as it was given to us, heading and all, and we were not in search of any "capital." In the second place, it did not say that the Echo "refused publication," but that the communication was sent in time for publication but did not appear. The Echo now explains that the article never came to hand, and this should be satisfactory to all concerned.

Pure Rye Whiskey.

One year ago we had 5000 gallons of Old Rye Whiskey in Bond, which was considered a large stock to carry and sufficient for the trade. The demand, however, for our whiskey became such, that we were compelled to increase the capacity of our distillery, in order to give the whiskey some age before placing it on the market.

We are now making over a barrel a day; having a daily capacity of over 50 gals. and carrying a stock of 1000 gals. in Bond. We hope to give our patrons the benefit of the age and will sell no whiskey under six months, and from that up to three years. No second hand barrels are used at our Distillery; all our whiskey is bonded in new, clean, charred, barrels, and for purity and quality we defy competition.

We have never distilled a bushel of corn, and we do hereby guarantee ALL our whiskey to be absolutely Pure Rye and doubled on a copper lined still and to any person who will find any drugs or corn in our whiskey as it leaves our Distillery or Wareroom, we will forfeit \$500.00.
