The Pennsylvania Railroad's Summer Excursion-Route Book for the season of 1891, just from the press, is undoubtedly one of the most elaborate hlank physician's certificate. The reference compendiums issued by any questions on the blank must all be railroad company in the world. The company this year has used new illustrations, printed on a very high grade of paper, while a decided departure from the old cover heretofore binding the work is seen in the new one, which is beautifully illuminated, and would do credit to the brush of a Rossi, so cleverly Frenchr is it in every detail. The new map embraces a territory from Canada to the Carolina, and from the British possession of New Brunswick to beyond the Great Inland Lakes. A Good Old Story.

As strange as it may seem, there was once a Judge of the Court of San Bernardino County, California who disapproved of liquor and wine drinking, and lost no opportunity in sternly holding up to public gaze all persons who had committed crimes or misde meanors while under the influence of strong drink. There lived in the town upon the bench a good many men who looked upon the wine when it was with Barleycorn until they got the worst of it. There was one young man in particular, who belonged to a good family, who was wont to paint San Bernardino scarlet when funds were not to low. This youth entered his Honor's study one day and exclaimed: "Judge, I'm going to swear off, and

I want you to——"

"All right, all right; I know—I know. I'll make out the papers and fix you up. It won't take ten minutes." And tickled nearly to death, the Judge made out a satisfactory document, the young man quickly subscribed to it, and then swore never again to drink anything intoxicating. Then

he asked :-"How much do I owe you, Judge?" "Owe me? Heavens and earth, young man, you don't owe me anything. Confound it! I owe you You have made me supremely happy I can never repay you!'

'Now, see here, Judge, that won't do. I have taken up your time, and I'm going to pay you!

"Never, never, never! My dear boy. I will never take a cent."

"But you must." "Never !"

"Well, you are the best man I ever

"That's all right."

"And I am determined to demonstrate my thankfulness in some way.' "No, no, no!"

"Yes, yes, yes! I'll tell you what we'll do, Judge."
"What?"

"Let's go and have a drink !"

Far away in the realms of history we catch glimpses of what a curse upon the people this all-prevalent contamination ande itself. Poor diet and insufficient food, ill ventilation, flith and dampness, all assist the slumbering germs of Scrofnia to overpower the vitality of the body and run riot in the system. The blood in its process of renewing the waste cannot expelany inherited taint of weakness or impurity. It can only be removed by the action of some purifying medicinal agency, which assisted by nutritious food, well digested and assimilated into blood, gradually insures the possession of sound health. of Scrofila, cured by Brown's Sarsapa rilla, has excited the people living in and around the town of Lee, Me. Mr. Averill writes us as follows: "My son has now taken fourteen bottles of Brown's farsaparilla, and I am sure it has completed a cure. His case was the worst I ever saw. SALT RHEUM. On Davis Street, in Bangor, resides Mrs. Edwin Wiley, whose daughter was badly afflicted with Salt Rheum. At times her face and hands would be covered with blotches. So intense was the itching sensation that applications of salt were made to destroy it. For a long time no relief could be obtained. One day some one suggested Brown's Sarsaparilla, and a bottle was purchased. Later Mrs. Wi ley brought her daughter to the establishment of Mr. Ara Warren where Brown's Sarsaparilla is made. The face that a short time previous was covered with biotches, burning and itching, presented as fair and smooth an appearance as that of any young lady. LESS THAN

REAL LUXURY!

Looking out over the many homes of this country, we see thousands of women wearing away their lives in household drudgery that might be materially lessened by the use of a few cakes of SAPOLIO. If an hour is saved each time a cake is used, if one less wrinkle gathers upon the face because the toil is lightened, she must be a foolish woman who would hesitate to make the experiment, and he a churlish husband who would grudge the few cents which it costs.

If your grocer sends you anything in place of SAPOLIO, send it back and insist upon having just what you ordered. SAPOLIO always gives satisfaction. On floors, tables, and painted work it acts like a charm. For scouring pots, pans, and metals it has no equal. Everything shines after it, and even the children delight in using it in their attempts to help around the house.

Grocers often substitute ch .per goods for SAPOLIO to make a better profit. Send back such articles and insist on having just what you ordered.

That is what so many of our customers say. "Why can you sell such fine cakes, rools, buns and confectionery, at a lower price than many others?" This is it, "we don't stand in our own light". At a small profit on each article we sell many more. In the end our profit is more. Each customer tells others. See? And they don't forget to mention the delicious ice cream to be found at Jacocbs' confectionery store, either.
