WASHINGTON LETTER.

From our Regular Correspondent.

WASHINGTON, D. C. June 8th, 1891

Once in a while you will find an honest and conscientious republican who does not believe that the financial policy of the administration is dedicated from Wall Street. Well, perhaps it isn't, but appearance certainly gives one that impression. For instance: Secretary Foster sends out a circular letter notifying the holders of the 4 1/2 per cent bonds that will mature next September that they may be extended at 1 or 1 1/2 per cent interest. As soon as that letter is made public he goes to New York, where for four days he was a guest of one of the Wall Street money kings, and now, he thinks that it will only be justice to the banks which already own about half of the \$60,000,000 of these bonds and which will take all that are surrendered by other parties, to make the interest 2 per cent, which was the figure mentioned by the Wall Street men. Doesn't that look suspicious.

By the way, Secretary Foster is inclined to indulge in self glorification over the fact that he can sell a government bond bearing as low rate of interest as 2 per cent. He does not tell that these bonds are absolutely necessary to the banks which propose to take them to be used as security for their circulation. His talk in this respect has been on a par with his trying to make the public believe that the Treasury was not cramped for ready cash, and then following up his boasts with a call for \$3,000,000 from the banks in which government funds are deposited.

Secretary Noble will find when he returns to duty, which will probably be this week, a very much mixed up condition of affairs in his department. Assistant Secretary Bussey has white-washed a crooked chief of a division in the Pension Office, and Assistant Secretary Chandler is gathering facts to prove Bussey's favoritism and the crookedness of the aforesaid chief, and it may end in one or the other of the Assistant Secretaries having to go. Chandler is an honest, straightforward sort of a fellow, who believes that crookedness ought to be punished no matter who are the friends of the crook; it was he who endorsed the papers in the case of young Raum "immediate dismissal," and he only agreed to let the disposition of the case made by Bussey stand when told that such were the orders of Secretary Noble.

Another trouble for Mr. Noble will be to assist Mr. Harrison in finding another victim to take Raum's place at the head of the Pension Office, as it seems to be conceded on all sides that the head of Raum will soon find its way into the basket. Somebody has kept a record of the time Commissioner Raum has been absent since he became the head of the Pension Bureau, and it shows that during the nineteen months he has been in office he has been absent 240 days, or nearly half the time. He has simply used the office as a tender to his private business schemes, and it is not surprising that with such an example before him young Raum should have gone into the business of selling appointments to office and promotions.

The republican leaders are badly frightened at the prospect of having the Knights of Labor solidly opposed to the republican ticket in Ohio this year. It is said that the Knights of Labor through its Executive Board, which is making a fight for the removal of Capt. Meredith, chief of the Bureau of Engraving and Printing, has given Mr. Harrison its ultimatum, and it is, that Meredith must be removed or every Knight of Labor in the State of Ohio will vote against the republicans at the coming gubernatorial election. Secretary Foster, who is an adept in the art of bamboozling is relied upon by Mr. Harrison to help him out of the scrape some way, but he will find it very difficult.

The talk about immigration which republicans, particularly those connected with, or hoping to be connected with the administration, are now indulging in, is all for a purpose. There was very little improvement made in our hedge-podge immigration laws by the Billion dollar Congress; but it provided for a Commissioner of Immigration at \$4,000 a year, which Ex-Congressman Owen, of Indiana has fallen into, and for sending a commission to Europe on a delightful summer tour for the avowed purpose of investigating

Children Cry for Pitcher's Castoria.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osceola, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOK, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ASCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Wm RADAM'S MICROBE KILLER CURES ALL DISEASES.

It is conceded beyond a doubt that fermentation (microbes) is the cause of all disease, and we claim that no medicine can cure disease unless it has the combined qualities of a BLOOD PURIFIER, ANTISEPTIC and TONIC. This powerful combination stops fermentation and arrests decay, thereby assisting nature to cure. We will mail you circulars free, explaining the germ theory of disease.
