DOULY DAVIS NOT DEAD.

At Least That Is What She Sayz-Was It is Mistake?

NEW YORK, June 22 .- The World has an article saying Dolly Davis, the well known variety actress reported to have been drowned, is not dead. Under ordinary circumstances this announcement would not create the least surprise, but it was Subday afternoon that a jury, impanneled by Coroner Sutton, of Peekskill, held an inquest over the body of the unfortunate and beautiful young girl whose corpse was found floating off a brickyard at Croton Saturday morning, and came to the verdict that the dead girl was none other than Dolly Davis.

Now comes the question. As the coroner's jury has made a mistake, and Dolly Davis is alive, who is the unknown girl? Who is the mysterious "M. E. J.?" These letters were signed to a note found in the pocket of the suicide. Why did the young girl end her life?

Dollie Davis Is Alive.

NEW YORK, June 23.-Dollie Davis for more than two weeks has been the guest of Thomas Butler, comedian, and wife, at the Old Tree House, Coney Island, and at 10 o'clock this morning she will receive her friends at the office of her adopted father, J. Charles Davis, 1145 Broadway. She will entertain her friends and those who have mourned her for dead just two hours, when she will return to Coney Island and continue reading the accounts of her tragic death

A BIG RAILROAD WRECK.

Killed and Forty Injured. Man One Some Fatally.

CLEVELAND, June 22.-A terrible wreck occurred on the Nickel Plate railroad (the New York, Chicago and St. Louis) thirteen miles west of Cleveland yesterday afternoon. The West Side Street Railway company gave an excursion to Oak Point for the benefit of their employes. There were two trains consisting of ten cars each. The first section left on time at 2.30. The second section was delayed and did not leave Cleveland until about 3 o'clock.

When three miles west of Dover the secand section jumped the track, ditching eight of the ten cars. Seven of the cars were overturned and four of them were torn into splinters. Many women and children were caught under the debris, About forty were badly hurt.

Edward Rogers was killed. He was horribly mangled, his head being crushed into a pulp, one arm partly severed and his breast crushed. Rogers was an employe of the Cleveland Burial Case company and at one time was a professional ball player on the Toronto (Ont.) team.

Requested His Dismissal.

Boston, June 23 .- At the regular Monlay meeting of Baptist ministers Rev. J. B. Stoddard addressed the conference on the influence of secret societies upon the church. In the course of his remarks he strongly denounced Masonry and declared that when a man swears allegiance to it he swears allegiance to a code antagonistic to God. Rev. Mr. Cleaveland, of Meirose, rose to a point of order at the conclusion of the address, and saying that he was a Mason declared that he could not listen to such uncalled for abuse. The chairman put the question to the meeting on sus-taining the point of order and it was de-feated—50 to 7. Mr. Cleaveland then arose and requesting that his name be dropped from the roll of membership left the hall.

Bound, Gagged and Dead.

DELANO, Minn., June 22.-The body of Annie Brunder, aged thirteen, was found a few rods from the railroad track beween Montrose and Waverly. She lived about a quarter of a mile from Montrose, and had been to school and was returning nome Thursday evening when she was a saulted. Her parents supposing she had spent the night with friends were not anxious about her until Friday evening came, when they became alarmed and at ance instituted a search. When found her hands were tied behind her, her feet tied together and her apron tied tightly around her face. Suspicion points strongly toward

RIOT NEAR ST. LOUIS.

Sleeping Italians Attacked by a Crowd of Drunken Men.

ST. LOUIS, June 23.-A race riot between laborers employed by Contractor Workley at the chain of rocks where the new water works are being constructed occurred at 2 o'clock Sunday morning, in which one Italian was dangerously stabbed, over twenty of his fellow countrymen driven from the camp and their valuables and money confiscated by the gang of American and other laborers making the attacks The riot was primarily caused by the ad-mittance into camp of a lot of Italian laborers and the report that Contractor Workley had gone to Chicago for more. All Saturday a feeling of revolt against the employment of Italian labor had been gaining in strength and bitterness. As soon as the laborers were paid off in the evening they congregated at a saloon just outside the city limits, where they remained gambling and drinking bad whisky

manned gambling and drinking bad whisky until the entire party were crazy drunk. About 1 o'clock Sunday morning the party broke up and started for their sleep-ing quarters. On the way over some one suggested that they "drive out the dagos." The idea took like wild fire and the drunk-on ground again wild fire and the drunken crowd armed with sticks, clubs and whatever else they could lay their hands on, rushed into the tents of the sleeping foreigners. The fight did not last long. The Italians were at too great a disadvan-tage and after a brief resistance they field in terror, leaving behind all their belong-ings. They carried away Cataliz Francisco, one of their comrades, fatally wounded by a stab in the breast. The Italians then made their way to this city where they reported the matter to the police, and Fran-cisco was taken to the city hospital where his wounds were dressed. At the camp their departure was followed by a scene of pillage. Their valises, bundles and packages were broken open and one stolen. A rigid investigation was immediately begun by the police and the following arrests made: Edward Manley, John H. Jones, Michael Cahill, William Blair, William Brooks, Fred Leader and John Shiller. These men profess ignorance of the attack on the Italians and say they were awakened by a commotion and mere ly aided in driving from camp the disturb ers of their slumbers. Italian Consul Dominico Ginnochio is indignant over the attack on his countrymen and will doubtless enter into a correspondence with his government on the subject. He has de manded of the chief of police protection for the Italians and also an immediate official investigation of the riot.

Says He Was Cured by Faith.

CHICAGO, June 22.-Charles H. Weeks, an expert accountant of this city, was injured by falling from a railroad train last November, since which time he has been an inmate of the County hospital here, apparently suffering from a serious nervous trouble, which physicians were unable to name or cure. On Friday a number of revivalists and "Christian Workers" began a series of meetings at Western Springs, a suburb of this city. Weeks was among the sick and crippled people who were taken to the place to be prayed for, and he says he was suddenly restored to health through faith.
