ABSOLUTELY PURE

THE COLUMBIAN.

Entered at the Post Office at Bloomsburg, Pa., as second class matter, March 1, 1888.
BLOOMSBURG, PA.
FRIDAY AUGUST 14, 1893.

A full report of Mountain Grove Chautauqua Assembly will appear in next issue.

Mrs. Geo. W. Utt of Rohrsburg died suddenly last Friday night. She retired in her usual good health, but in the night was seized with a choking spell and died before assistance came.

James H. Howard, associate editor of the *State Journal*, an organ of the colored Democrats, published in Philadelphia, was in town last Saturday. He is a very intelligent colored man, and is much interested in the welfare of his race. He thinks that it is high time for them to do their own thinking, and not be forever the slaves of the Republican party which has been using them as mere tools for so many years. The *State Journal* has a circulation of nearly 5000.

Copy for change of Voorhis & Murray's advertisements was too late for this issue. They announce that their great red-tag reduction sale of furniture will close this week. Owing to unfortunate delays in getting the work started they are compelled to postpone a portion of their contemplated improvements till fall, and as the work to be done now will only disarrange one side of their building at a time their retail business will continue without interruption. Nos. 13 and 15 W. Market street, Wilkes-Barre.

A ten-inch terra cotta pipe is laid from near the pump at corner of East and Main streets to the culvert under the street at Hagenbuch's. It became so filled up with sand that it was of no use, and so Street Commissioner Cadman set to work last Friday evening to clean it out. The fire steamer was put in operation and the stream turned into the drain pipe. The Friendship boys volunteered their services and they worked Friday and Saturday evenings until after ten o'clock before the pipe could be opened up. The pipe was broken in two places, and large quantities of sand were shoveled out. Mr. Cadman proposes to put it in such shape that the same difficulty cannot occur again. This is the second time the drain has been choked up.

A TROPICAL SUN.

The heat since Sunday has been intense, the thermometer running up into the nineties. A number of people have been visibly affected by the hot weather, though no cases of sunstroke have been reported in this section. The predictions for August and September are that they will be very hot months.

McNAMARA'S JUDGMENT ON R. H. SINGER.

After hearing the trial of R. H. Singer, at the church of his membership at Spear, Washington Co. Pa., I conclude it my duty to say publicly that I deem him unworthy of christian or social regard; the evidence being *internal, abundant* and complete.

J. W. McNAMARA.

A Brilliant Record.

Wood's Business College at Scranton seems to be leading all competitors in this country. Last year thirteen teachers were employed and the school had a clientele of ten hundred and forty-four students. The new year commences August 31.

AN OLD LANDMARK GONE.

Peter Jones has torn down a portion of his dwelling preparatory to building a new house. He will build a beautiful house in modern style. The building will have a front of 18x30 and a wing of 18x20. It is his purpose to have the building ready for the plasterers before cold weather. In the near future his son Charles will also erect a building adjoining that of his father.

There is not a person living to-day that knows when the old homestead was erected. It was owned by Jas. Thornton, Sr. when it was a frame house, and Caleb Barton says he slept in it while his grandmother lived there over 70 years ago. Mrs. Peter Jones was born in the house, she being 62 years of age next April.

THEIR BLOOD WAS EVIDENTLY IMPURE.

St. Paul called the Cherokees "slow bellies, coarse, ill disposed and mischievous." Cactus Blood Cure would have remedied all that. The blood of the Cherokees was so impure that it would have killed them before they were born.

KILLED AT SEA.

IT MAY BE A BLOOMSBURG MAN.

The following despatch appeared in the daily papers last week, Thursday: "BRIDGEPORT, Conn., August 5.—H. V. Winrow, first mate of the schooner Hester A. Walters, was arrested last night, charged with assault with intent to kill. It is alleged that Winrow abused Henry Shepherd, a colored man, during the voyage to this city in a most brutal manner and just before reaching port struck his victim on the head with a belaying pin. Shepherd fell to the deck unconscious from the blow and when the vessel reached port was removed to the hospital. The blow of the pin produced concussion of the brain and since Shepherd was removed to the hospital he has been unconscious."

The colored cook who was employed at Phillips' Cafe last winter and until a few weeks ago was named Henry Shepherd. He had been a sailor, and lived near Bridgeport. He was under contract to return here next month to work for Mrs. Phillips, and she has heard nothing from him since he left here. It is believed that the Henry Shepherd named in this dispatch is the same man. Later reports state that he died from the blow, but his identity is not yet established.

A Natural Conclusion.

It is natural that those who have been deceived by the various nostrums that are continually offered to the public should demand a more substantial testimonial than the simple declaration of those who are interested in the sale of a medicine. Recognizing the justice of this demand, the Swift Specific (S. S. S.) Company, of Atlanta, have embodied in pamphlet form a few of the more noteworthy testimonials that have come to them unolicited. This pamphlet, together with other interesting matter, they will take pleasure in sending to any address. Write to the S. S. S. Company, Drawer 3, Atlanta, Georgia.

To be appreciated it is necessary to see *Nippono*. Aug. 19th is the day.

JERSEYTOWN.

Mrs. Sanford Runyan of Bloomsburg is visiting E. F. Welliver this week.

Dr. J. E. Shuman and E. W. McCollum took a trip to Millville and other points on Thursday eve last when the Doctor contracted a very heavy cold.

Prof. Whitmore took a drive on Saturday eve. On his return he tied up at George F. Watson's, result was broken harness and upset buggy.

Robert Buckingham and James Hendershot of Bloomsburg paid our town a visit on Sunday last.

Rev. A. W. Decker and family left on Monday morning to attend camp-meeting in the western part of the State.

Mrs. Margaret and Mrs. Cyrus Hendershot of Tecumseh, Michigan, and Mrs. Jane Hendershot and Wm. Smith of Paw Paw, Illinois are visiting at Mr. C. Kreamer's this week.

Charles Derr while on his return home from the Dutch Hill Festival was trying the speed of "Daisy" and was landed into the ditch in front of E. W. McCollum Tannery.

Several of our young men attended the camp meeting at Mausdale on Sunday last.

Two of our young men, we learn expect soon to have a race. One is classed in three minutes while the other time is 2:40.

Mathias Girton and wife of near Buckhorn paid John J. Kreamer a visit on Saturday and Sunday.

Miles Smith and family drove over from Milton on Sunday last to visit friends here.

W. J. McMichael lost a valuable horse on Tuesday night last.

A very heavy storm passed through our section on Tuesday last doing a good deal of damage, blowing down fences. It took the roof of C. Kreamer's shed also unroofed the Poor house barn.

Franklin Cotner and family of Limestoneville paid A. K. Smith a visit on Sunday last.

Samuel Shillenberger and wife took a trip to Washington and Exchange on Monday last.

J. E. Welliver and G. B. Hendershot from Eysersgrove were seen on our streets on Sunday last.

Have we any truly great men at the present day? Some doubt it, and ask to be shown the modern Washington, Franklin, or Webster. However this may be, of one thing we are sure, there never was a greater blood purifier than Ayer's Sarsaparilla.

You Don't Get What You Want.

If you expect to buy Dr. Pierce's *genuine* medicines at less than the regular prices. You can buy counterfeits, imitations, dilutions, and substitutes, from unauthorized dealers, at what are called "cut prices," but the *genuine* guaranteed medicines cost more, and are worth more.

If you do get the *genuine*, they're the *cheapest* medicines you can buy, for they're guaranteed in every case to benefit or cure, or you have your money back.

But you *won't* get *genuine*, except through druggists regularly authorized as agents, and at these uniform and long-established prices:

Dr. Pierce's Golden Medical Discovery (the remedy for all diseases arising from a torpid liver, or impure blood), \$1.00 per bottle.

Dr. Pierce's Favorite Prescription (the remedy for woman's chronic weaknesses and derangements), \$1.00 per bottle.

Dr. Pierce's Pleasant Pellets (the original and best little Liver Pills.) 25 cents per vial.

Dr. Sage's Catarrh Remedy, 50 cents per bottle.

The *genuine* guaranteed medicines can be had only at these prices. But remember, in buying them, you *pay* *only* for the good you get. There's value received, or there's no pay at all.

Gettysburg.

The Passenger Department of the Phila. & Reading Railroad Co. has issued an attractive little book on "Gettysburg." Its Battlefields, Its Heroes and Its Monuments, which is an illustrated guide to the Mecca of patriotic Americans, and gives full information as to how it may be reached over the new and direct route via the Philadelphia and Reading Railroad. The book gives a clear and succinct account of the great battle, contains portraits of some of the commanders on either side, with views of many interesting points of the battlefield and illustrations of a number of the handsome monuments which have been erected to commemorate the heroism of the troops engaged in the noted struggle. The book is neatly printed and bound in illuminated covers, and is issued free at the various ticket-offices of the company.

Mrs. Elizabeth Dreher died at her residence on Third street Bloomsburg, Wednesday evening about 9 o'clock aged nearly 92 years. She was born in Northampton county August 30, 1799 and came to Bloomsburg when but 9 years of age. Her husband who died many years ago was associated with I. S. Kuhn in the butchering business. For many years she has been afflicted with cancer, and kept closely confined to the house. Last week she had a slight stroke of paralysis. Mrs. Louisa Gross was an adopted child and she alone survives her. Funeral services will be held at the house Saturday afternoon at 2 o'clock.

Queer world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manners of pain, spending their all on physicians and "getting no better, but rather worse," when right at hand there's a remedy which says it can help them because it is helped thousands like them. "Another patent medicine advertisement," you say. Yes—but not of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and its different from the ordinary nostrums in this:— It does what it claims to do or it costs you nothing!

The way is this: You pay your druggist \$1.00 for a bottle. You read the directions, and you follow them. You get better, or you don't. If you do, you buy another bottle, and perhaps another. If you don't get better, you get your money back. And the queer thing is that so many people are willing to be sick when the remedy's so near at hand.
