MANY CLUBS ARE TO BE ORGANIZED

Interesting Session of the Executive Committee of the National Association of Democratic Clubs at New York. The Members Divided on Silver.

New York, Aug. 12.-At the meeting of the National Association of Democratic and at times his agony has been intense. clubs Chairman William S. Wilson, of West Virginia, presided. Ex-Lieutenant Governor Chauncey F. Black, of Pennsylvania, president of the association, was also present. The chief business of the committee consisted in listening to a report by Secretary Gardiner upon the condition of the clubs in all parts of the country. The convention of the association will not be held until sixty days after the regular national Democratic convention next year. The Democratic state committee will meet Wednesday to fix the time and place of the state convention.

Work in the Northwest.

Various encouraging reports of the growth of the organization were read. Chairman Wilson gave an account of his

northwest. The work accom-plished by clubs in Utah led to the election of the Democratic ticket. The most complete organization n any state was in the new state of Washington. This organization is to hold a con-

vention on Sept. CHAUNCEY F. BLACK. 28, at which delegates from every state in the line of the Northern and Union Pacific will be invited to attend. It has been decided to organize a missionary itinerary composed of fifteen of the leading Democratic ora-tors connected with the National associa-

The party will leave the city of Wash-The party will leave the city of Washington on Sept. 13 and will make a complete circuit of the northwest, stopping one day at Chicago. From there they will go direct to Helena, Mon., and there organize a league of Democratic societies for that state. They will reach Spokane Falls in time for the state convention of clubs. Among the party will be Congressmen Bynum and Kenna and Chaucey F. Black. The others have not yet been decided

Carlisle Talks Politics

NARRAGANEETT PIER, R. I., Aug. 12.— Senators Aldrich, Carlisle, Harrison and Allison are here as members of the senate sub-committee on finance. Mr. Carlisle yesterday talked about the political situa-tion as follows:

"The Farmers' Alliance is a gradual atrophy, a marasmus which indicates that the organization will not, in all probabil-ity, be a serious factor in the election next

year. I can see no danger in Democratic success from the Alliance."

Speaking of the probable candidates for the presidency in 1892, Mr. Carliele said: "The Republicans will nominate President Harrison if Mr. Blaine will not consent to stand. The influence of the ladies of his family may deter Mr. Blaine, but there is a tremendous pressure upon him from his old party friends to run. He would sweep the convention, I think. No Republican is as strong as Blaine. I do not think that he will consent to run.

'Mr. Cleveland, in my judgment, is still the strongest Democratic candidate. He may have offended the extreme pro-silver men by his remarks against free coinage, but he enjoys a wonderful reputation among the people."

Will It Be Flower or Sheehan? New York, Aug. 12.—It looks like Saratoga, Sept. 15 or 16.
It also looks like Flower and Sheehan.

Such are the indications regarding the time and place for the Democratic state convention and the ticket it will bring forth. The Democratic state committee are in session at the Hoffman House today.

NO HOPE FOR LOWELL. His Physician Says the End May Come

Boston, Aug. 12.—Dr. Henry P. Walcott, James Russell Lowell's physician, says: "Mr. Lowell is a very ill man. No report of his alarming condition can be exaggerated. Up to within the last three weeks his condition was not serious, though he has not been strong for over a year. He has been suffering for a long.

year. He has been suffering for a long time, but he is a man of strong resolution and great courage and he has time and time again been present at entertainments when any other man would have been in bed, and where he should have been.
"He has suffered greatly from sciatica,

JAMES RUSSELL LOWELL ness I am not willing to speak. As to whether it is a general fallure of his system or not I will not say. About three weeks ago Mr. Lowell's condition became alarmingly worse. His sufferings were so great that it was necessary to use opiates constantly. How long it will continue I do not know, but you can say without fear of contradiction that Mr. Lowell's condition is such that the worst may be expected at any moment."

Editor George Jones Dying. POLAND SPRINGS, Me., Aug. 12.—The news which came yesterday from the sick chamber of Mr. George Jones, the venera-

ble proprietor of the New York Times,

was quite alarm-ing. There was a decided change for the worse since Monday evening in Mr. Jones's condition, and little hope is now entertained of his recovery. The stomach and the whole system are so deing but bovinine and wine is re-tained. Mr. Jones

slept at intervals on Monday evening and as night wore on into morning he sank gradually into a comatose condition, from which he was aroused only by the application of restoratives. When he opened his eyes he gazed wildly at the frescoed ceiling and seemed to be unconscious of the anxious faces gathered about his bedside. He uttered not a word, but groaned and attempted in vain to turn on his right side. A consultation was then held and the family were informed that the end was near.

MANY PEOPLE SWINDLED.

How a Chicago Loan Association Fleeced

the Public. CHICAGO, Aug. 11.—Alfred Downing, N. H. Tollman and three young women clerks, occupants of the office of the "National Capital Savings, Building and Loan asso-ciation of North America," room 415 Rookery building, have been arrested by United States marshals and the entire epistolary contents of the place taken to epistolary contents of the place taken to the office of United States District Attorney Milchrist. Downing and Tollman were charged with using the mails for fraudulent purposes and placed under \$2,000 bonds for a hearing. The three clerks, Misses Downing, Bartholomew and Wadley, were notified that they were wanted as witnesses at the hearning.

It is charged that the men who have been conducting this association have swindled thousands of people from every state in the union and taken in from \$200,000 to \$350,000 and given not one penny in return.

\$350,000 and given not one penny in return. There are still two men at liberty who, it is believed, got away with most of the funds. The strangest part of the whole gigantic swindle seems to be that it was indorsed by the leading commercial agencies of the land.

THE DESPERADO ESCAPED.

Hunted by Hundreds of Men in Vain at Columbus Grove, O.

COLUMBUS GROVE, O., Aug. 10.—It now looks as though the unknown desperado who entered the Exchange bank with a revolver in each hand, shot Cashier Maple twice, fatally wounded William Vande mark, a farmer who came into the bank stole \$1,200 in greenbacks and fled, has eluded his pursuers.

Connecticut Rivers Very Low. PLAINFIELD, Conn., Aug. 11. - The weather here is the hottest in years and the drought is something startling. All

the drought is something starting. All late crops are burning up in the ground and early ones have ripened by the drought so quickly that they are badly dwarfed. The rivers, ponds and other mill streams are lower than for years.

Ashland, Jewett City, Clayville, Elm-

ville, Central Village and other places have been compelled to stop their mills for want of water. All through the valley of the Yantic, Quinnebaugh and Shetucket rivers mills are idle. Pachaug lake, that covers 14,000 acres, is nearly dry.
