A Large Increase.

IN THE PROFITS FROM THE FARM.

HEY WILL EXCEED ONE BILLION DOL-LARS MORE THIS YEAR THAN DURING THE RECENT YEARS OF DEFRESSION.

NEW YORK, Aug. 30.-Farm profits will be one billion dollars more this year in the United States than they have been during the recent years of depression. At least this is the estimate put forward by the American Agriculturist in its annual review of the harvests to be published in the forthcoming September issue of that magazine. On the basis of present prospects this authority estimates the reduction for August of \$5,581,885. Cue toms receipts for the month were \$15,164. The agent at the Canadian The Society of Society and Soc road station at Nelson, B. C., was bound by an armed robber, who secured \$2,050 age for the preceding eleven years and the money of a man who entered the This makes the total prospective crop and 578,000,000 bushels as the averof corn, wheat and oats 3.122,000,000 bushels or 28.8 per cent, greater than last year, and 14.7 per cent, over the average of the preceding cleven vears.

The American Agriculturist believes that unless unexpected influences wholly change the current of events, the value of corn on the farm will average in December fully fifty cents a bushel, wheat \$1 per bushel and oats at least forty cents. On this basis the value of the corn crop will be \$1,000. 000,000, wheat \$500,000,000 and oats \$250.000,000 of a total of \$1.750,000, 000. This is \$450,000,000 more than the value of these crops in 1890, and \$625,000,000 more than the value of to 1890 inclusive. Cotton and rice will command better prices than last season. Cattle are worth one-third more than eighteen months ago, with other live stock in proportion. Tobac co is advancing heavily for cigar leaf (contracts being made for the crop in the field at an advance of fifteen to fifty per cent, over last year.) Hops are firm at good prices, winter fruit will command large values and all vegetables are yielding fairly with every indication of a remunerative market. The export outlook was never better, immensely increased sums will be sent to the United States for our product. Ulterior influences may of course

interfere with this brilliant prospect, but we confess we are beginning to share more fully the hopes of certain well informed, but conservative agriculturists, who predict better profits for the farmers of the United States during the next five years than ever before. The American Agriculturist says, "there will be no return to war prices, but the money received above expenses will go further and enable the farmer to get more value out of his profits than at any previous period.

A Real Balsam is Kemp's Balsam

The dictionary says. "A balsam is a thick, pure aromatic substance flowing from trees." Kemp's Balsam for the throat and lungs is the only cough medicine that is a real balsam. Many thin, watery cough remedies are called balsams, but such are not. Look through a bottle of Kemp's Balsam and notice what a pure, thick preparation it is. If you cough use Kemp's Balsam. At all druggists'. Large bottles 50 cents and \$1.
