DR. LORING'S FUNERAL.

The Obsequies of Our Ex-Minister to Portugal Will Be Held Thursday, Boston, Sept. 15.—The funeral of George Bailey Loring, who died at his home in Boston shortly after midnight Sunday, will be held Thursday in this city. He was born at North Andover, Mass., graduated at Harvard college in 1838 and at Harvard Medical college 1842. In 1853 he was made postmaster of Salem, Mass. Meanwhile he had given a large share of his time to the study of practical and scientific agriculture. He was the leading spirit in establishing the New England Agricultural society in 1864, and was elected its president.

His prominence in so important a field as agriculture brought him into political relations which resulted in his election to the legislature of his state, taking a seat in the house of representatives in 1866 and 1867, and subsequently becoming a member of the senate, and serving in that body from 1873 to 1876 as president of that body.

G. B. LORING.

In his legislative career he did much for his favorite cause and for scientific education in the common schools. In 1873 Dr. Loring was elected to congress from the Fifth Massachusetts district, and was re-elected in 1875.

In 1881 Dr. Loring was appointed United States commissioner of agriculture by President Garfield, who gave him his commission and instructions the day before he was mortally wounded. In June, 1880, he was married to Mrs. Anna T. Hildreth, widow of Charles H. Hildreth, a lawyer of New York city. This was his second marriage. In 1889 he was nominated as minister to Portugal, but resigned after a few months and returned to his home in Boston.

THE BRAVE BOYS REMEMBERED.

Dedication of the Rensselaer County Soldiers' Monument at Troy.

TROY, N. Y., Sept. 15.—The Rensselaer county soldiers' monument was dedicated in this city today. The monument, which has been erected by popular subscription, is undoubtedly one of the finest memorials in the country. The principal speaker at the monument was Captain John Palmer, the senior commander-in-chief of the G. A. R. The dedicatory address at Music hall was delivered by Gen. Stewart L. Woodford, of Brooklyn.

The monument stands on Washington square where the public fountain formerly stood, was designed by Fuller & Wheeler, architects, of Albany, and built by Frederick & Field, of Quiney, Mass., and is constructed of the best Quincy granite. Ground was broken for it Sept. 25, 1889, by Colonel C. L. MacArthur. The cornerstone was laid with appropriate ceremonies on May 30, 1890. The height of the monument completed is ninety-three feet. At the base the monument is sixteen feet square.

Bronze tablets in bas relief, representing cavalry, artillery, infantry and naval engagements, are let into the four sides of the die. Casper Hubert, of New York, is the sculptor, and they are elaborate pieces of art. Above the faces of the die on the gabled front of the superstructure, are inscriptions. "To the soldiers and sailors of Rensselaer county who fought for their country on land and sea" is one inscription.

On top stands the effigy of Columbia, with trumpet in hand sounding the "Call to Arms." The statue is of bronze and was designed by Sculptor James E. Kelly, and cast by the Henry Bonnard Bronze company, New York. The weight of the statue is 4,840 pounds and is over thirteen feet in height. It is a handsome piece of work, and is said to be the largest piece of bronze statuary representing a female ever cast in this country.
