

NEW ELECTION LAW.

CONTINUED.

SECTION 14. The face of every ballot which shall be printed in accordance with the provisions of this act, shall contain the names and residences of all candidates whose nomination for any office specified in the ballot shall have been duly made, except such as may have died or withdrawn. The names of candidates shall be presented in the following manner and order:

In the case of certificates of nominations made by a convention of delegates or otherwise, as described in section two, representing a political party, which, at the election next preceding, polled at least three per centum of the highest entire vote cast in the State or electoral district or division thereof for which such nominations are made as described in section two, the names of all the candidates so nominated by such political party, shall be arranged in groups as presented in the several certificates of nomination, under the designation of the office, with the party, descriptive words or political appellation at the head of each group; such groups shall be printed in the order of the vote polled by each political party at the last preceding election, beginning with the party which secured the highest vote. In all other cases of nomination by nomination papers, the names of the candidates for each office shall be arranged under the designation of the office in alphabetical order, according to the surnames. There shall be left at the end of the list of candidates for each different office, (or under the title of the office itself for which an election is to be held, in case there be no candidates legally nominated therefor,) as many blank spaces as there are persons to be elected to such office, in which the voter may insert the name of any person whose name is not printed on the ballot, for whom he desires to vote as candidate for such office, and such insertion shall count as a vote without the cross-mark (x) hereinafter mentioned. Whenever the approval of a constitutional amendment or other question is submitted to the vote of the people, such questions shall be printed upon the ballot after the list of candidates.

The ballot shall be so printed as to give to each voter a clear opportunity to designate his choice of candidates by a cross-mark (x) in a sufficient margin at the right of the name of each candidate, and in like manner his answer to the questions submitted, and on the ballot may be printed instructions how to mark and such words as will aid the voter to do this, as "vote for one," "vote for three," "yes," "no," and the like: *Provided*, That a voter may designate his choice of all the candidates of a political party or group by one cross-mark in the margin to the right of the party name or political designation of such group, and such mark shall be equivalent to a mark against every name in the group.

SECTION 15. All the ballots used at the same voting place at any election shall be alike, and shall be at least six inches long and four inches wide; they shall be printed with the same kind or kinds of type, (which shall not be smaller than the size known as "brevier" or "eight point body,") upon white paper, without any impression or mark to distinguish one from another, except as expressly authorized herein or by the Constitution of this Commonwealth. Each ballot shall be attached to a stub or counterfoil, and all the ballots for the same voting place shall be bound together in convenient numbers in books, in such manner that each ballot may be detached and removed separately.

A diagonal folding-line shall be printed on the right hand upper corner of the back of each ballot, and the said corner shall be edged with adhesive paste so that the corner, when folded at the folding-line, can be securely fastened down over the number now required by the Constitution of the Commonwealth, so that the said number cannot be seen without unfastening or cutting open the part so fastened down. The top of each ballot shall have a margin of equal size on both back and face, and the said folding-line shall be upon this margin, but nothing else shall be printed thereon except instructions how to mark: *Provided*, That if at any time the said Constitution shall cease to require ballots to be numbered, the foregoing requirements as to the folding-line, the margin and the adhesive paste shall be void.

On the back of each ballot, or on the right hand side of the back, if the ballot is printed in two columns, there shall be printed as a caption, "official ballot for" followed by the designation of the voting place for which the ballot is prepared, the date of the election and a facsimile of the signatures of the county commissioners of the respective counties who have caused the ballots to be printed, unless they have been printed by township or borough auditors. A record of the number of ballots printed and furnished to each voting place shall be kept and preserved by the county commissioners of the several counties. When it is shown by affidavit that a mistake or omission has occurred in the publication of names or description of candidates, or in the printing of the ballots, the court of common pleas of the district or

county or any judge thereof, may, upon the application of any qualified elector of the district or county, require the county commissioners to correct the mistake or omission, or to show cause why they should not.

SECTION 16. The county commissioners of each county shall provide for each election district in which an election is to be held, except in elections for township and borough offices, two sets of such ballots, each of not less than seventy-five for every fifty and fraction of fifty voters therein, as contained upon the assessors list. They shall also prepare full instructions for the guidance of voters as to obtaining ballots, as to the manner of marking them and the method of gaining assistance, and as to obtaining new ballots in place of those accidentally spoiled, and they shall respectively cause the same, together with copies of sections thirty-one to thirty-six, inclusive, of this act, to be printed in large, clear type on separate cards to be called cards of instruction. They shall also cause to be printed on tinted paper and without the facsimile endorsements, an equal number of copies of the form of the ballot provided for each voting place at each election therein, which shall be called specimen ballots; and at each election they shall furnish to each voting place, together with the ballots to be used there, a sufficient number of cards of instruction and specimen ballots for use as required in section twenty-one of this act. They shall also provide for each election district, at every election therein, two copies of the assessor's lists of voters and shall deliver the same as such lists are now delivered, one copy to be called the "ballot check list," for the inspectors in charge of the ballots, and the other copy to be called the "voting check list" to be used in marking the name of those who have voted and the numbers of their ballots as now required by law.

SECTION 17. The two sets of ballots, together with the specimen ballots and cards of instruction printed by the county commissioners as herein provided, shall be packed by them in separate, sealed packages with marks on the outside clearly designating the election districts for which they are intended and the number of ballots of each kind enclosed.

They shall then be sent by the county commissioners of the respective counties, separately and at different times or by different methods, to the judges of election at the several voting places so as to be received by them, one set on the Saturday before the day of election, and the other set on the Monday before the day of election. The respective judges shall, on delivery to them of such packages, return receipts therefor to the commissioners, who shall keep a record of the time when and the manner in which the several packages are sent, and shall preserve for the period of one year the receipts of the said judges of election. For elections of officers of townships and boroughs and of election officers and school directors in the same, the auditor shall provide for each election district, seventy-five ballots for every fifty and fraction of fifty voters on the assessor's list, and an equal number of specimen ballots, and shall obtain from the county commissioners the requisite cards of instruction, which shall be delivered with the ballots to the judges of election the day before the day of election.

SECTION 18. In case the ballots to be furnished to any voting place in accordance with the provisions of this act, shall fail for any reason to be duly delivered, or in case after delivery they shall be destroyed or stolen, it shall be the duty of the judge of election of such voting place to cause other ballots to be prepared substantially in the form of the ballots so wanting, and upon receipt of such other ballots from him accompanied by a statement, under oath, that the same have been so prepared and furnished by him and that the original ballots have so failed to be received or have been so destroyed or stolen, the election officers shall cause the ballots so substituted to be used in lieu of the ballots wanting as above. It shall be the duty of the county commissioners of each county to mail complete specimens of the ballots and other necessary papers, by registered letter, to the judge of elections of each election district, at least four days before the election, to enable him to comply with the directions of this section.

SECTION 19. The county commissioners of each county shall provide for each election district therein, at each election, a room large enough to be fitted up with voting shelves and a guard rail as hereinafter provided. If in any district no such room can be rented or otherwise obtained, the said commissioners shall cause to be constructed for such district, a temporary room of adequate size to be used as a voting room; they shall also cause all the said rooms to be suitably provided with heat and light and with a sufficient number of voting shelves or compartments at or in which voters may conveniently mark their ballots, so that in the marking thereof they may be screened from the observation of others, and a guard-rail shall be so constructed and placed that only such persons as are inside said rail can approach within six feet of the ballot box and of such voting shelves or compartments.

The arrangement shall be such that neither the ballot box nor the voting booths shall be hidden from view of those just outside the said guard-rail. The number of such voting shelves or compartments shall not be less than one for every fifty names on the assessor's lists, but shall not, in any case, be less than three for the voters qualified to vote at such voting place. No persons, other than the election officers and voters admitted as hereinafter provided, shall be permitted within the said rail, except by authority of the election officers for the purpose of keeping order and enforcing the law. Each voting shelf or compartment shall be kept provided with proper supplies and conveniences for marking the ballots.

CONTINUED NEXT WEEK.

Charming people, these exceptional people! Here's a medicine—Dr. Pierce's Golden Medical Discovery for instance, and it's cured hundreds, thousands that're known, thousands that're unknown, and yet yours is an exceptional case! Do you think that that bit of human nature which you call "I" is different from the other parcels of human nature? "But you don't know my case." Good friend, in ninety-nine out of a hundred cases, the causes are the same—impure blood—and that's why "Golden Medical Discovery" cures ninety-nine out of every hundred. You may be the exception. And you may not. But would you rather be the exception, or would you rather be well? If you're the exception it costs you nothing, you get your money back—but suppose it cures you?

Let the "Golden Medical Discovery" take the risk.

Desirable For Ladies.

The new Fashion Journals published by A. McDowell & Co., 4 West 14th Street, New York, are again on our table. The superiority of these journals is abundantly shown on every page. "La Mode" is the smallest of the three, and is intended for family use. It has many styles for children, and is only \$1.50 per year, or 15 cents per copy. "La Mode de Paris" is an elegant journal, filled with everything of the latest style in Paris. This is a great favorite with ladies who wish to keep posted in the new styles as they come out. "Album des Modes" is also a popular Parisian publication, many ladies giving it the preference. It is replete with such styles as are patronized by the middle classes, its designs being neat and plain, yet all of the richest character. These three monthly journals claim to give the earliest fashions, and they are all printed in Paris. They contain lessons in practical dressmaking, which are of incomparable value and easy to understand. "La Mode de Paris" and the "Album des Modes" are each \$3.50 per annum, or 35 cents for a single copy. Samples can be obtained from the house at single copy prices if there is any difficulty in obtaining them from newsdealers.

A Real Balsam is Kemp's Balsam

The dictionary says, "A balsam is a thick, pure aromatic substance flowing from trees." Kemp's Balsam for the throat and lungs is the only cough medicine that is a real balsam. Many thin, watery cough remedies are called balsams, but such are not. Look through a bottle of Kemp's Balsam and notice what a pure, thick preparation it is. If you cough use Kemp's Balsam. At all druggists'. Large bottles 50 cents and \$1.

Sailors are the only class of men known who will voluntarily sit down on a tack. —*Philadelphia Press*.

What Does It Mean?

"100 Does One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average 12 last a month, while other preparations, taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

Soda water should be quite a favorite drink with the impecunious. They can always get it charged. —*Boston Bulletin*.

Stop and Think

How much money you have thrown away buying worthless medicines, prepared by unprincipled parties, who care not what harm they may do to your system. You can depend on every bottle of Sulphur Bitters as being a reliable medicine. It searches out and cleanses from the blood all impure matter, and makes you feel like a new person. —*Boston Daily Globe* 10-16-21.

The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. Read proof below:
KENDALL'S SPAVIN CURE.

DR. R. J. KENDALL, Co., BELVERNON, Pa., Nov. 27, '90.
Gents: I would like to make known to those who are almost persuaded to use Kendall's Spavin Cure the fact that I think it is a most excellent Liniment. I have used it on a Blood Spavin. The horse went on three legs for three years when I commenced to use your Kendall's Spavin Cure. I used ten bottles on the horse and have worked him for three years since and has not been lame.
Yours truly, WM. A. CURT.

DR. R. J. KENDALL, Co., ENOXBURGH FALLS, Vt.
Gents: In praise of Kendall's Spavin Cure I will say, that a year ago I had a valuable young horse become very lame, look enlarged and swollen. This horse when here (we have no Veterinary Surgeon here) pronounced his lameness Blood Spavin or Thoroughpin, they all told me there was no cure for it, he became almost useless, and I considered him almost worthless. A friend told me of the merits of your Kendall's Spavin Cure, so I bought a bottle, and I could see very plainly great improvement immediately from its use, and before the bottle was used up I was satisfied that it was doing him a great deal of good. I bought a second bottle and before it was used up my horse was cured and has been in the team doing heavy work all the season since last April, showing no more signs of it. I consider your Kendall's Spavin Cure a valuable medicine, and it should be in every stable in the land. Respectfully yours, EUGENE DEWITT.

Price \$1 per bottle, or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors.
DR. R. J. KENDALL, Co., ENOXBURGH FALLS, Vermont.
