

NEW ELECTION LAW.

CONTINUED.

SECTION 26. No person, other than the election officers, shall take or remove any ballot from the voting place. If any voter inadvertently spoils a ballot he may obtain another upon returning the spoiled one. The ballots thus returned shall be immediately canceled, and at the close of the polls shall be secured in an envelope sealed and sent to the proper office as required by law in the case of the ballots cast.

SECTION 27. If a voter declares to the judge of election that, by reason of disability, he desires assistance in the preparation of his ballot, he shall be permitted by the judge of election to select a qualified voter of the election district to aid him in the preparation of his ballot, such preparation being made in the voting compartment.

SECTION 28. If a voter marks more names than there are persons to be elected to an office, or if for any reason it is impossible to determine the voter's choice for any office to be filled, his ballot shall not be counted for such office. No ballot without the official endorsement shall, except as herein otherwise provided, be allowed to be deposited in the ballot-box, and none but ballots provided in accordance with the provisions of this act shall be counted. Ballots not marked, or improperly or defectively marked, shall be endorsed as defective, but shall be preserved with the other ballots. If any ballot appears to have been obtained otherwise than as provided in this act, the judge of elections shall transmit such ballot to the district attorney without delay, together with whatever information he may have tending to the detection of the person who deposited the same.

SECTION 29. After the polls are closed the election officers only shall remain in the voting room with in the guard rail, and shall there at once proceed to count the votes. Such counting shall not be adjourned or postponed until shall have been fully completed. A record shall first be made of the number of the last ballot cast; the officers in charge of the voting check list shall, in the presence of the other officers and watchers, count in a distinct and audible voice the names checked on the said list, and announce the whole number thereof; and the lists of voters, the stubs of ballots used and all unused ballots, shall then be sealed up as required by section twenty-five of this act. The ballot box shall then be opened by the judge, the ballots shall be taken therefrom by the inspector designated by the judge, and audibly counted, one by one, by the judge, and when the count is completed the whole number of ballots cast shall be announced, and the counting of the number of votes received by each person voted for shall then proceed. All ballots, after being removed from the box, shall be kept within the unobstructed view of those present in the voting room, but out of their reach, until they are placed in the ballot box as required by law. A full return shall be made in the manner now provided by law of all votes cast, and the total vote as soon as counted shall be publicly announced.

It shall be the duty of the police officers, constables and deputy constables now required by law to be present at the polls, to remain within the voting room, but outside the guard rail, while the votes are being counted and to preserve order therein. No person, except the said peace-officers when necessary for the preservation of the peace, or persons acting by their authority for the same end, shall enter the space within the guard-rail or communicate with any election officer in any way after the polls are closed and until the counting of the votes has been completed.

SECTION 30. Whenever in a contested election, the tribunal trying the case shall decide that the ballots used in one or more election districts were, by reason of the omission, addition, misplacing, misspelling or misstatement of one or more titles of offices, or names or residences of candidates or parties or policies represented by them, so defective as to the office in contest, as to be calculated to mislead the voters in regard to any of the candidates nominated for the said office, and that the defective condition of the said ballots may have effected the result of the entire election for the said office, the said tribunal shall declare the election to be invalid as regards the said office, and shall report their decision to the Governor of the Commonwealth.

The Governor on receiving the report of the said decision shall, without delay, cause a writ or writs of election for the office in contest to issue and appoint a day, within four weeks from the date of the writ, for the holding of a new election to be held according to the provisions of this act for the office in contest.

SECTION 31. A voter who shall, except as herein otherwise provided, allow his ballot to be seen by any person with an apparent intention of letting it be known how he is about to vote, or shall cast or attempt to cast any other ballot than the official ballot which has been given to him by the proper election officer, or shall willfully violate any other provision of this act, or any person who shall interfere with any voter when inside said enclosed space, or when marking his ballot or who shall endeavor to induce any voter

before depositing his ballot to show how he marks or has marked his ballot, or who, except when lawfully commanded by a return judge or a competent court, shall loosen, cut or unfasten the corner pasted down over the number on any ballot, shall be guilty of a misdemeanor, and, upon conviction, shall be sentenced to pay a fine not exceeding one hundred dollars or to undergo an imprisonment for not more than three months, or both, at the discretion of the court.

SECTION 32. Any person who shall, prior to an election, willfully deface or destroy any list of candidates posted in accordance with the provisions of this act, or who during an election willfully deface, tear down, remove or destroy any card of instruction or specimen ballot printed or posted for the instruction of voters, or who shall during an election willfully remove or destroy any of the supplies or conveniences furnished to enable a voter to prepare his ballot, or shall willfully hinder the voting of others, shall be guilty of a misdemeanor, and upon conviction shall be sentenced to pay a fine not exceeding one hundred dollars or to undergo an imprisonment for not more than three months, or both, at the discretion of the court.

SECTION 33. Any person who shall falsely make or willfully deface or destroy any certificate of nomination or nomination paper or any part thereof, or any letter of withdrawal, or file any certificate of nomination or nomination paper or letter of withdrawal knowing the same or any part thereof to be falsely made, or who shall willfully sign any nomination papers as a qualified elector, such person not being qualified elector, or suppress any certificate of nomination or nomination paper or any part thereof which has been duly filed, or forge or falsely make the official endorsement on any ballot, or willfully destroy or deface any ballot, or willfully delay the delivery of any ballots, shall be guilty of a misdemeanor, and, upon conviction, shall be sentenced to pay a fine not exceeding one thousand dollars or to undergo an imprisonment for not more than one year, or both, at the discretion of the court.

SECTION 34. Any public officer upon whom a duty is imposed by this act who shall negligently or willfully fail to perform such duty or who shall negligently or willfully perform it in such a way as to hinder the objects of this act, or who shall negligently or willfully violate any of the provisions thereof, shall be guilty of a misdemeanor, and upon conviction, shall be sentenced to pay a fine not exceeding one thousand dollars or to undergo an imprisonment for not more than one year, or both, at the discretion of the court.

SECTION 35. Any printer employed by the commissioners of any county or auditors of any township or borough, to print any official ballots, or any person engaged in printing the same who shall appropriate to himself or give or deliver or knowingly permit to be taken any of said ballots by any other person than such commissioners or auditors or their duly authorized agent, or shall willfully print or cause to be printed any official ballot in any other form than that prescribed by such commissioners or auditors, or with any other names thereon or with the names spelled otherwise than as directed by them, or the names or printing thereon arranged in any other way than that authorized and directed by this act, shall be guilty of a misdemeanor, and upon conviction, shall be sentenced to pay a fine not exceeding one thousand dollars or to undergo an imprisonment for not more than five years, or both, at the discretion of the court.

SECTION 36. Any person other than an officer charged by law with the care of ballots, or a person entrusted by any such officer with the care of the same for a person required by law, who shall have in his possession outside the voting room any official ballot, or any person who shall make or have in possession any counterfeit of an official ballot, shall be guilty of a misdemeanor, and upon conviction, shall be sentenced to pay a fine not exceeding one thousand dollars or to undergo an imprisonment for not more than one year, or both, at the discretion of the court.

SECTION 37. Section thirteen of an act, entitled "An act relating to the elections of this Commonwealth," approved the second day of July, one thousand eight hundred and thirty-nine. Section twenty-nine of the act, entitled "A further supplement to an act, entitled 'An act to incorporate the city of Philadelphia,'" approved the second day of February, one thousand eight hundred and thirty-four, and all laws and parts of laws inconsistent herewith, shall be, and the same hereby are repealed.

APPROVED—The 19th day of June, A. D. 1891.

POULTRY NOTES.

No. 36.

Poultry and fruit make a very desirable combination. The time for fall cleaning is at hand. Fumigate by burning sulphur, and then whitewash, using carbolic acid in the wash, and your house will smell sweet and clean.

There is no such thing as fail, to the person who has push in him and uses good common sense.

Success lies in three things, says *Farm Poultry*, hatch your chicks early keep them growing until they begin laying and then keep them laying.

The Red Caps are one of our best laying breeds, and are very popular among farmers and fanciers. Their good qualities are creating a demand that is hard to supply.

Are you sure that your hen house is clear of lice? If not, better see to it before putting the chickens in their winter quarters.

OF (Diseases which afflict man- EVERY kind are due to disorders of FOUR the blood. In fact, if the vital fluid is kept in good condition, the tendency to any disease is lessened by three fourths. A harmless vegetable remedy, which cleanses the blood, should be taken occasionally by every one. In the young, it assists in the development of the body and mind. In the adult, it helps nature to keep up the equilibrium of strength, which is taxed by the labor and cares of life. To the old and those with the infirmities of age, it is invaluable for its tonic and strengthening powers, to prevent diseases which are so often fatal to old people. This remedy is Swift's Specific (S. S. S.) It clears out all the germs and poison, and builds up the human organism. We will mail free a valuable book to all applicants.

Deafness Can't Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Birds Hate Loud Colors.

Dr. C. C. Abbott says that in experimenting on the intelligence of birds he placed a number of pieces of woolen yarn—red, yellow, green, purple, and gray in color—near a tree in which a couple of Baltimore Orioles were building their nest. The pieces of yarn were all exactly alike except in color. There was an equal number of threads in each color, the red and yellow being purposely placed on top. The birds chose only the duller colors, taking all of the gray and a few threads of the purple when the nest was nearly done.

Not a single thread of the red or bright yellow was touched, the birds seeming to instinctively know that such loud colors would make their domicile too conspicuous. Again he experimented by grilling the branches upon which nests were located, causing the leaves to shrivel and blow away. Although they had laid their eggs, the birds invariably left their nests. If the nests contained young when the leaves dried up, notwithstanding the exposure they would feed the little ones until they were able to take care of themselves.
