ASPIRING BUSINESS.

Yes, a regular revolution business, in which one sale helps to make another. The people make us stir around to fill orders, and evidently believe we do a fair square business.

SCHOOL BOARD MEETING.

Regular meeting of the school board held last Friday evening, November 7, with all members present. Orders were drawn for payment of teachers, janitors and sundry bills.

Committee on buildings and grounds reported that the steam heating apparatus in Third street building had been completely overhauled and almost a new one replaced, which will last for many years.

Robert Alexander, committee from Junior American Mechanics appeared and stated that they had fixed Friday November 20th as time for the presentation of flags to our public schools and they would make special arrangement for appropriate addresses upon that occasion.

Principal Sterner appeared and made statement that there were a few habitual truants that needed some vigorous treatment. The matter was left in the Principal's care with instructions to use every effort to prevent truancy.

Attention was called to the matter of contagious diseases, and it was urged that the attention of physicians be called to the town ordinance which requires that all physicians shall notify the board of health of any existing contagion, to prevent its spread.

Attention was called to the resolution of a month previous which states that no teacher shall absent themselves from their duties, without first asking permission of the principal who shall refer the matter to the Board of directors.

A friend induced me to try Salvation Oil for my rheumatic foot, I used it and the rheumatism is entirely gone. JOHN H. ANDERSON, Baltimore, Md. Positive and unsolicited testimony from every section confirms every claim made for the wonderful efficacy of Dr. Bull's Cough Syrup. Price 25 cents.

AN INCREASED VOTE.

The democrats of Columbia County can feel proud over the vote polled at the late election. In 1887, for Auditor General and State Treasurer there were 2876 democratic and 1561 republican votes—a majority of 1315. In 1889 there were 2426 democratic and 1187 republican—a majority of 1239. The present year there were 3664 democratic and 1888 republican, a democratic majority of 1776. The State Treasurer receiving a majority of 1824. It will thus be seen that the democratic majority increased fifty per cent over two years ago.

If your poultry look sickly, will not eat, and is losing feathers, you should give it at once Bull's-Head Poultry Powder. It costs but 25 cents. For sale by all dealers.

POULTRY NOTES.

No. 37. Fowls that are confined should have green food every day. Milk is very good as an egg producer, if you have any to spare try it. Have you collected a good supply of road dust for your fowls this winter? If not there is time yet.

Your poultry house is not complete without a trough to feed the soft feed in. Make it so it can be cleaned easily. When a fowl has become profitless it is time to dispose of it, by either selling or killing it. It does not pay to feed grain to a worthless hen.

Did it ever strike you that all hens do not lay the same number of eggs? It is a fact, even if they are all one kind, and if you are wise and carefully looking after your future income you will sort out your best layers to breed from.

W. B. GERMAN.

Both air and water abound in microbes, or germs of disease, ready to infect the debilitated system. To impart that strength and vigor necessary to resist the effect of these pernicious atoms, no tonic blood-purifier equals Ayer's Sarsaparilla.

ECLIPSE OF THE MOON.

There will be a total eclipse of the moon Sunday evening, November 15. The moon enters the shadow at 5:34, total eclipse begins at 6:36, middle of the eclipse 7:18, total eclipse ends 8:00, passes out of shadow 9:12. The moon will rise in this section at 6:09, therefore we will get a fine view of the eclipse. It is seldom an eclipse of the moon occurs so early in the evening when all can have an opportunity to view it.

YOUR COUGH

Has not yielded to the various remedies you have been taking. It troubles you day and night, breaks your rest and reduces your strength. Now try Ayer's Cherry Pectoral, before the bronchial tubes become enlarged or the delicate tissues of the lungs sustain fatal injury.

Can Be Cured

By the use of Ayer's Cherry Pectoral. Dr. J. G. Gordon, Carroll Co., Va., writes: "I use Ayer's Cherry Pectoral in my practice, and pronounce it to be unequalled as a remedy for colds and coughs."

By Using

Ayer's Cherry Pectoral, many have been saved from fatal illness. E. D. Estabrooks, Canterbury, N. B., says: "In the winter of 1869 I was a sufferer of a severe cold, which became considerably exposed, I took a bad cold accompanied with a terrible cough. I tried several remedies, but they failed to cure me, and it was thought I was going into a decline. At the advice of a friend, I began to use Ayer's Cherry Pectoral, and less than half a bottle completely cured me."

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

"The Rochester."

WORLD'S FAIR NOTES.

Mexico has made a World's Fair appropriation of \$50,000. This is only preliminary, however, and it is fully expected that the whole of \$750,000, which were asked for, and perhaps more, will be voted.

Henri Moser, of France, wants to rent, for \$10,000, a collection of relics from Central Asia, the result of five expeditions to that country. He values the collection at \$40,000 and says it contains a large assortment, from firearms to embroideries and groups of statuary, all gifts of the sovereigns of Asia.

The residents of Ecuador have ordered that a complete display of women's work shall be prepared for the Fair. This is to include a collection of gold and silver braid work, woven straw, and other novelties. Two or three women may be sent to Chicago to take charge of the display.

British Guiana has appointed its Royal Agricultural and Commercial Society a Commission to represent the Colony, and has appropriated \$20,000 for an exhibit. President B. Howell Jones, of the Commission, has been made its executive officer. A space of 60 x 30 feet has been requested near that assigned to the Dominion of Canada and other British-American colonies, so that a contrast may be made between their exhibits and those of the Latin-American countries.

Hassan Ben Ali, of Morocco, is seeking a concession to make a Morocco exhibit at the Exposition. He says he will spend \$50,000 in showing the people, manners, customs, amusements, etc., of his country and in bringing to Chicago a tribe of Berbers.

Bald heads are too many when they may be covered with a luxuriant growth of hair by using the best of all restorers, Hall's Hair Renewer.

William Lively aged 14 years who was kicked by a mule at the Bloomsburg Lock Oct. 12, had his skull fractured and a piece of bone 1 x 2 1/2 inches driven into his brain. An operation was performed and the piece of bone removed from the brain, thereby exposing the brain matter about 1 1/2 by 2 1/2 inches. The boy remained in an unconscious condition for over two weeks and last Thursday, Nov. 5th he uttered the first word for three long weeks. He has now recovered so that he can talk rationally. His left side is partially paralyzed but it is hoped by the time the wound is healed that he will regain the use of his limbs. The boy says that he is very thankful for the kindness he has received from Mr. and Mrs. Hoover and the citizens of Bloomsburg. His father Samuel Lively, has been by his side for the last week and will take his son home in a few days.
