# YOUR COUCH

Has not yielded to the various remedies you have been taking. It troubles you day and night, breaks your rest and reduces your strength. Now try Ayer's Cherry Pectoral, before the bronchial tubes become enlarged or the delicate tissues of the lungs sustain fatal injury. As an anodyne and expectorant, this preparation has no equal. It soothes the irritated membrane, promotes expectoration, and induces repose. The worst cough

# Can Be Cured

by the use of Ayer's Cherry Pectoral. Dr. J. G. Gordon, Carrol Co., Va., writes: "I use Ayer's Cherry Pectoral in my practice, and pronounce it to be unequaled as a rem-edy for colds and coughs."

"After the grippe-cough. This was my experience - a hacking, dry cough, with an incessant tickling in the throat, keeping me awake nights, and disturbing the household. I tried a great number of 'cough-cures.' but they gave me only temporary relief. At last I concluded to take Ayer's Cherry Pectoral, and before I had used half a bottle, I had my first all-night sleep. I continued to im-prove, and now consider myself cured."-A. A. Sherman, Coeymans, N. Y.

# By Using

Ayer's Cherry Pectoral, many have been saved from fatal illness. E. D. Estabrooks, Canterbury, N. B., says;

<sup>1</sup> In the winter of 1559 I was a surveyor of lumber in Sacramento, Cal. Being consid-erably exposed, I took a bad cold accompanied with a terrible cough. I tried several remedies, but they failed to cure me, and it was thought I was going into a decline. On the advice of a friend, I began to use Aver's Cherry Pectoral, and less than half a bottle completely cured me.
