Would you rather buy lamp chimneys, one a week the year round, or one that lasts till some accident breaks it?

Common glass may break or not the minute you light your lamp; if not, the first draft may break it; if not, it may break from a mere whim.

Tough glass chimneys, Macbeth's "Pearl-top" or "Pearl-glass," almost never break from heat, not one in a hundred.

Where can you get it? and what does it cost?

Your dealer knows where and how much. It costs more than common glass; and may be, he thinks tough glass isn't good for his business.

DEAFNESS,
ITS CAUSES AND CURE

Scientifically treated by a method of world-wide reputation. Deafness eradicated and entirely cured, of from 20 to 30 years' standing, after all other treatments have failed. How the difficulty is reached and the cause removed, fully explained in circulars, with affidavits and testimonials of cures from prominent people, mailed free. Dr. A. FOUNSAIN, Tacoma, Wash.

A FORTUNE

Inherited by few, is pure blood, free from hereditary taint. Catarrh, consumption, rheumatism, Scrofula, and many other maladies born in the blood, can be effectually eradicated only by the use of powerful alteratives. The standard specific for this purpose—the one best known and approved—is Ayer's Sarsaparilla, the compound, concentrated extract of Honduras sarsaparilla, and other powerful alteratives.

SAVED

several hundred dollars' expense, by using Ayer's Sarsaparilla, and would strongly urge all who are troubled with lameness or rheumatic pains to give it a trial. I am sure it will do them permanent good, as it has done me."—Mrs. Joseph Wood, West Plattsburgh, N. Y.

Dr. J. W. Shields, of Smithville, Tenn., says: "I regard Ayer's Sarsaparilla as the best blood medicine on earth, and know of many wonderful cures effected by its use."

"For many years I was laid up with Scrofula, no treatment being of any benefit. At length I was recommended to give Ayer's Sarsaparilla a trial. I did so, and

By Taking

about a dozen bottles, was restored to perfect health—weighing 200 pounds—and am now a believer in the merits of Ayer's Sarsaparilla."—James Potts, Mine Boss, Breckinridge Coal Co. (Limited), Victoria, Ky.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves." Dr. J. F. KINCHESLO, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it." New Zealand Holidays.

The colonists of New Zealand, according to Mr. Edwin Wakefield, are a "day-making" people. There is almost an average of one recognized holiday to a month, and it is a common practice for all working people to take two or more days at Christmas, New Year's and Easter, so as to make an unbroken playtime of three or four days, including a Sunday.

The commonest of all holiday amusements is the picnic. The several trades, sects and societies have picnics of their own, to which the public are cordially welcome on the payment of a small sum toward the expense of the entertainment. It is amusing to the railway traveler to note, as he passes through some pretty country, side, not one or two, but perhaps fifty different picnics in full swing, each numbering scores or hundreds of guests. It has been said, with much more truth than is usually to be found in epigrams of this kind, that "New Zealand is almost like cattle. You need only turn a number of them into a pasture and leave them alone, and they will make themselves perfectly happy."

On a warm and tempting New Year's day an enterprising burglar might walk through a New Zealand city and help himself undisturbed to the contents of most of the houses. Dwellings and streets are alike deserted, and the casual sojourner who does not understand the ways of the place seeks in vain for some one to speak to or something to do. By 6 or 7 o'clock in the evening the streets are lively with returning crowds.—Youth's Companion.

"How would you like to cure your horse of that shaggy look and rough coat?" "Well, you can do it by giving him Bull's-Head Horse and Cattle Powder; a pound package costs only 25cts."

"I don't seem to quite understand the drift of this play yet," said one gentleman to another at the theatre, the other evening.

"You don't?"

"No; do you?"

"Yes, what I've seen of it. There's one thing, though, that I can't see through."

"What is that?"

"The hat of the lady in front of me."—New York Press.

GRATEFUL—COMFORTING.

EPPS' COCOA

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up on solid strength enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to take advantage of a weak point. We may escape them by guarding our system by keeping ourselves fortified with pure blood and a properly nourished frame.—Civil Service Gazette.
