There's Music in the Air.

This genius is away up in G, and is engaged in the literal fulfillment of a very common expression. It is as seldom that musical notes are seen floating over housetops, as it is that bank notes are found growing on bushes. Our artist has therefore photographed them on the spot. The man in the picture is on top. So is J. Saltzer, the well known dealer in all kinds of musical instruments and sewing machines. He handles the Steck, Estey and Starr pianos; the Estey, Miller and United States Organs:

The celebrated White, and other makes of Sewing Machines. Satisfaction guaranteed by J. Saltzer, Bloomsburg Pa. Main St. below Market.

ARABIAN NIGHTS AGAIN
A WONDERFUL CAVE DISCOVERED NEAR PETERBOROUGH, ONT.

Subterranean Cavern Filled With Solid Silver—The Roof Studded With Stalactites—The Revelations of a Dying Counterfeiter in Prison.

Peterborough, Ont., Jan. 18.—Two half-breeds were arrested some years ago for counterfeiting and were given long terms in prison at Kingston. Their counterfeits proved to be of pure silver. One of the men died in prison and the other escaped and was shot on the Canadian border in the Northwest.

Before dying he told his physician, Dr. Young, about a wonderful cave in this vicinity, whose floor and sides were said to contain large quantities of pure silver. This information was turned over to A. P. Poussett, Q. C. As a result sixty acres of farming land were bought near here and mining was begun. One of the miners recently discovered a cleft in the side of a rocky hill, and passing through a narrow passage entered a magnificent cave.

Lights were procured and the cave was explored. The sides were found to be formed of marble, the ceiling and floor of pure silver. About fifty feet from the entrance was a subterranean lake, extending as far as the eye could reach. A dugout was found upon a shelf of rock and launched. At a distance of 300 feet the explorers found another platform leading into a second chamber.

The roof was about twenty feet high and studded with stalactites. Twelve pounds of the ore have been found to contain \$11 worth of silver. Armed men are guarding the cave. The principal stockholders of the mine are A. P. Poussett, Q. C., A. V. Young and A. E. Dixon, all of Peterborough.

He was born at Totteridge, Hertfordshire, July 15, 1808, was educated at Harrow and Balliol College, Oxford. He entered the priesthood in 1837. Pope Pius IX. created him a Cardinal Priest, March 15, 1875.

CHIEF JUDGE RUGER'S DEATH.

A Vacancy at the Head of the Highest Court in New York State.

SYRACUSE, N. Y., Jan. 15.—William C. Ruger, Chief Judge of the Court of Appeals, died to-day after an illness of only a week, catarrh of the stomach causing his death. He had not been in good health for a long time.

Judge Ruger was born at Bridgeport, Oneida county, on January 30, 1824. He was admitted to the bar at Utica in July, 1845, and began practice at Bridgeport, where he remained until 1853, when he came to Syracuse.

In 1863 and 1865 he was the candidate of his party for member of Congress, but was defeated. He was elected president at the first meeting of the State Bar Association held at Albany in 1876, and he held the same office again in 1882.
