FRIDAY, FEBRUARY 5, 1892. INSTITUTE AT ORANGEVILLE.

A local institute convened at Orangeville on January 30th, in the school room of the Academy, composed of Orange, Fishingcreek and Mt. Pleasant townships.

The following teachers were present : Fishingcreek , Mr. Beishline, S. A. Smith, J. W. Hidlay and Miss Ella Andrews ; absent, Misses Blaine, Jones, Mrs. Zed Creveling, Messrs. J. S. Campbell, Frank Creveling and O. J

Orange, W. C. Sharpless, Rob't Bardo, Misses Shoemaker, Ada Conner; absent, C. H. Moore, Misses Maggie Eves and Laura Seybert.

Mt. Pleasant, Misses Townsend, absent, Mr. Frank Kline, Misses. M. Eves, Wright and Follmer, Teachers from other districts; Benton, H. W. Beishline; Centre, Miss Lizzie Fister; Millville, N. E. John, H W. Eves and Anna W. Rich; Bloomsburg, Prof. Sterner.

Institute called to order by Supt Johnston. Singing by Institute. Scriptby Rev. Houtz. Recitation, 'Sign Board" by six little boy's.

Supt. Johnston spoke on the importance of teachers taking and reading educational papers and books. Teachers should study at least one book and paper this year, next year take an-other. A teacher should not scatter ring. his forces by taking and reading too many books and papers.

The following subjects were discussed by the Institute: Condition of Blackboards, Whispering, How would our annual district institute. you teach numbers to 2nd and 3rd year pupils?

Give pupils problems which they can find out at home, spend more time in teaching the fundamental principles of arithmetic.

Recitation "The Blue and Gray," by Laura Delong

Singing. Adjourned until 1:30 p. m. Music by Orchestra. Calling of the Roll. Singing, "Robin Red Breast" by Primary school.

Prof. Sterner introduces "Our Little People," a paper for supplementary reading for pupils in 3rd reader.

know the wants of the pupils. There the teacher, which should be the opposite. Do not strengthen the strong and weaken the weak. Have all the pupils prepare the same lesson at the same time. It is not the fault of the pupil in not desiring a practical knowledge, neither is it a fault of the teacher, but it is a fault of the teacher in not directing the pupil to such knowledge. The strong are strength-ened and the weak weakened by too rapid promotion. The teacher should be careful in praising pupils for their work, as this has a tendency to strengthen the strong and hinder the weak. The teacher should strengthen the weak without interrupting the strong.

Recitation, "Put no flowers on Papa's Grave" by Leona Carl. Address by N. E. John.

A teacher should have an aim for everything. The aim should be to make noble men and women of the boys and girls in our care. The teacher should have in view for the pupils an ideal picture of a noble man or

Recitation, "Curfew Must not Ring To-night," by Blanche Eves.

Essay, "Discipline," by Rob't Bardo. We may have our schools quiet as far as noise is concerned, yet minds of the pupils may be immoral. The same treatment will do for all pupils. Great care should be taken in the formation of our laws by which we govern our pupils. The teacher should never get angry, and thus lose the confidence of the pupils.

Music, Orchestra.

Essay, "Oil," by J. W. Hidlay. The oil described was hickory or strap oil. Our boys to-day are too often considered too angelic. For the want of proper training at home they are allowed to get too much street education and gutter-snipe principles. Teachers too often with-hold the hickory oil for fear of being called to answer to a charge of assault and batter. Do not use the hickory for trivial offences, neither be brutal.

Never ask anything unanswerable from your pupils or anything that they are unable to perform, but whatever is asked of them see that it is performed f within the easy range of their ability. If they positively refuse to obey, try Pitcher's Castoria.

all other means, and if all fail, try the 'oil,' and try it effectually and fearless

of sentiment against you. Recitation, "In the Gate," by Florence Kitchen. Address by H. W. Eves. Recita-tion, "The Doctor's story" by Della

Address, "Faith," by Rev. Houtz. We must all have faith in whatever we undertake. We teachers must have faith in our work. The teachers must have taith in the boys and girls they are teaching. The sculptor has faith in making an image from the inanimate block of marble. The teacher has a double advantage as he has living material to deal with.

Recitation, "If You are Courting a Girl, Court her Honest and Square," by Geraldine Conner.

Address by Prof. Sterner, "Irregular Attendance and Truancy." Whenever a pupil stays away from school, the teacher should inquire about his Lizzie Kline, and Mr. A. H. Kitchen; absence. When a pupil is kept from school by sickness the teacher should show his sympathy to the pupil by visiting him. If the teacher does only what is required of them they will make no great success as teachers.

Address by Dr. Waller. The work of those wito have done anything toward education can hardly be measured. There is no mere method ure read, 12th chapter Romans. Prayer which will give desired results, the teacher is the important element. As a matter of economy lengthen your school term. As a matter of justice to the pupils and teachers have free text books.

Let every enfeebled woman know it There's a medicine that'll cure her, and the proof's positive!

Here's the proof-if it doesn't do you good within reasonable time, report the fact to its makers and get your money back without a word—but you won't do it.!

The remedy is Dr. Pierce's Favorite Prescription—and it has proved itself the right remedy in nearly every case of female weakness. It is not a miracle. It won't cure everything-but it has done more to build-up tired, enfeebled and broken-down women than any other medicine known.

Where's the woman who's not ready for it? All that we've to do is to get the news to her. The medicine will do the rest.

Wanted-Women. First to know it. Second to use it. Third to be cured by it. The one comes of the other.

The seat of sick headache is not in the brain. Regulate the stomach and you cure it. Dr. Pierce's Pellets are the Little Regulators. Only 25 cents a

Profits of Girard Coal Lands-

The Board of City Trusts held their regular monthly meeting on Thursday The financial report showed that the net receipts for the year ending December 31 amounted to \$576,953.63. This is the largest sum ever realized from this source, and is an increase of 52,727,06 over the receipts of the year 1890. This great income comes from the development of the Girard coal lands in Schuylkill, the Girard Water Company and the other improvements instituted by the managers of the estate.

Children Cry for

Little Goldie, the pretty and captivating little star, made a decided hit at the Park Theatre last night. The spacious theatre was crowded, every seat taken and standing room at a premium. The play was well received, highly commended, and heartly enjoyed. The appearance of Little Goldie herself was the signal for a storm of applause, her acting was a pleasant surprise to everybody. She had three difficult parts, and though two of them were of a wild and hoydenish nature, she never overstepped the bounds of propriety, but conducted herself with a sweet and winning abandon that fairly captured the hearts of the great audience. Her support is exceptionally strong — Dayton Herald, Aug. 11. Bloomsburg Opera House Friday. February 5th.

SMALL Are many of the count-DEADLY (fest the earth. Their destruction is great, as they destroy life in thousands of human beings annually. The only limitation to their devastation is food to feed on. They produce countless diseases - as malaria, scrofula, eczema, cancer, contagious blood poison, etc., etc. The remedy for this small but numerous and destructive foe, is to expel him from the body by the use of Swift's Specific. S. S. S. will route him out completely, and force out also the poison which he has left behind. Be sure to get the genuine. Do not let any one put off on you a substitute or imitation. This Man is an Uncle to Himself-

The fact that Mr. Hukle will marry his step mother's sister of course will make him no blood relationship. But, neverless, his father will be his brother in-law just the same. Miss Wilkins has one unmarried sister now living at home. She will be a sisterin-law of Mr. Hukle as well as his stepaunt. His own wife will be his stepaunt. His step-mother will be his sister-in-law, while his own mother-inlaw is his step-grandmother. Mr.-Burt Wilkins, a brother of the bride, will be Mr. Hukle's brother in-law, while he is still his step uncle, and thus the entire relationship of the contracting parties can be figured out.

It is this which makes the marriage a remarkable one.-Ex.
