Children Cry for
Pitcher's Castoria.

"It is another of Blaine's schemes to get Mr. Harrison in an awkward position" said a republican Senator who is not a very ardent admirer of the Secretary of State, speaking of the coming of Commissioners or the Canadian government to try to negotiate a treaty of reciprocity. "Blaine", continued the Senator, has always professed a willingness to negotiate, but I happen to know that he is opposed to giving Canada even the slightest trade concessions, no matter how much she is willing to give us in exchange. He brought the Canadian Commissioners here on a fool's errand last year, as you may remember, and Mr. Harrison, unwilling to delude them with any false hopes, sent them home so abruptly and curtly that many people regarded it as a snub administered to the representatives of a friendly government. But Mr. Harrison knew that it was useless to open negotiations with them that were bound to result in nothing. What Blaine's idea is now I do not know, but I feel certain that he is responsible for the coming of the Commissioners again at this time, and that his object is in some manner to trick the President." No one here seems to have any idea that the Canadians will accomplish anything by coming here.

The acting Secretary of the Treasury - Foster is here, but he has not resumed his official duties - in an official communication to the Ways and Means Committee has acknowledged that the expenditures of the Government, notwithstanding the hanging up of appropriations that should have been paid during that time, exceeded the income during the six months ending December 31, last. That report will not be printed in republican papers.

Representative Fithian's resolution instructing the House Ways and Means Committee to report at an early day a bill placing on the free list all sorts of agricultural implements, is a highly meritorious attempt to allviate the burdens of a most deserving class, but before the committee could obey the instructions, should the resolution be adopted, other bills would have to be reported and passed. It would hardly be practicable for instance to put agricultural implements on the free list while the raw material of their component parts - lumber and metal - is taxed. The free entrance of raw material should precede that of the manufactured article into which it enters, according to the ideas of those whose long study of the question entitle them to recognition.

Many pleasures in life are due to good health and good looks. A lamp chimney is a small thing, (however important) and it is strange a dealer will so belittle himself as to substitute an imitation for the genuine "Pearl-top" chimney, because it costs him a few cents per dozen less. Yet he does this—does it every day. We are blamed when these imitation things "don't work" and break. Every "Pearl-top" chimney bears a label for your protection. Look for it.

"Pearl-glass" (chimneys not pearled at top) are made of same quality of glass, and have etched near top "MARETH & CO." in plain letters. These are for central draft and student lamps. Do yourself the justice to examine your next purchase and take no substitute for "Pearl-top" or "Pearl-glass" chimneys. Pittsburgh, Pa. GEO. A. MACBETH & CO.

YOUR COUGH

Has not yielded to the various remedies you have been taking. It troubles you day and night, breaks your rest and reduces your strength. Now try Ayer's Cherry Pectoral, before the bronchial tubes become enlarged or the delicate tissues of the lungs sustain fatal injury. As an anodyne and expectorant, this preparation has no equal. It soothes the irritated membrane, promotes expectoration, and induces repose. The worst cough

Can Be Cured

by the use of Ayer's Cherry Pectoral. Dr. J. G. Gordon, Carroll Co., Va., writes: "I use Ayer's Cherry Pectoral in my practice, and pronounce it to be unequalled as a remedy for colds and coughs." "After the gripe—cough. This was my experience—a hacking, dry cough, with an incessant tickling in the throat, keeping me awake nights, and disturbing the household. I tried a great number of 'cough-cures,' but they gave me only temporary relief. At last I concluded to take Ayer's Cherry Pectoral, and before I had used half a bottle, I had my first all-night sleep. I continued to improve, and now consider myself cured."—A. A. Sherman, Coeymans, N. Y.

By Using

Ayer's Cherry Pectoral, many have been saved from fatal illness. E. D. Estabrooks, Canterbury, N. B., says: "In the winter of 1889 I was a surveyor in the State of Vermont, Cal. Being considerably exposed, I took a bad cold accompanied with a terrible cough. I tried several remedies, but they failed to cure me, and it was thought I was going into a decline. On the advice of a friend, I began to use Ayer's Cherry Pectoral, and less than half a bottle completely cured me."
