THE READING'S LEASES.

Governor Pattison has received a letter from A. J. Cassatt of Philadelvisions of the constitution have been violated by the absorption of the Lerailroads, they being competing lines. In closing he says:

which are all derived from public' before you, and may take such action as you deem proper and right, if the consolidation of these competing lines, under one control, with the avowed purpose of removing competition, and of securing the power to regulate the production and fix the price of anthracite coal, should seem to you to be contrary to public policy, or to be in violation of that provision of the constitution which prohibits any transportation company from acquiring in any way the control of a competing line. I obedient servant."

To this letter Governor Pattison sent the following reply:

My DEAR SIR-Your communicaments alleging the consolidation of connecting railway lines under one control for the avowed purpose of removing competition and securing the power to regulate the production and fixing the price of anthracite coal to be contrary to public policy and in violation of the provisions of the railroad article of the constitution, has been received and referred to the attorney general to take such action as will en force the constitution and protect every interest of the commonwealth." The Governor has also received the

following letter: DEAR SIR-In the absence of any uthorized form of making complaint, take this means of calling your attenon to the attempted violation of the onstitution of this state by the Philaelphia and Reading railroad compa-

Article seventeen, in every section and clause, is being violated and set phia and Reading company. If there is in the constitution of this state any authority for the action of the railroads above mentioned I, as one citizen of the commonwealth, would esteem it a great favor if it be pointed out to me by the legal authority of the state itself. If there is no such warrant of an authority in the constitution of the state then I demand, as required by section four of article seventeen, that he complaint be decided by a jury. I have the honor to be, very truly yours. T. V. POWDERLY.

To this communication Governor Pattison replied :

THE NEW YORK CONVENTION.

The convention held at Albany on Ionday was in the interest of Senator David P. Hill. It was called for the urpose of sending a delegation to the lational convention in June that will ote for the nomination of Hill for resident, and it performed its work tlly. The Philadelphia Times of

uesday says editorially: It is quite possible that Senator Hill imself does not appreciate the situaon. Few men who have been sudenly elevated to the position of candiental view of the political situation Apply to Geo. E. Elwell.

and it is more than probable that Hill dreams of the possibility of his nomination and election to the Presidency. Such a delusion may be measurably pardored in Hill, but there are many men around him who must know that his candidacy for the Presidency promises only incalculable evil to his party without even a silver lining of good.

If the New York delegation shall appear at Chicago disposed to confer with the leading Democrats throughout the country, and to pay reasonable deterence to the dominant sentiment of those who must elect a Democratic President, if one shall be elected this year, Senator Hill cannot only be saved from the most conspicuous suicide of modern times, but the Democratic party may be saved from defeat by perfidy within its own household. If, on the other hand, the New York delegation shall go to the National Convention and demand the nomination of Senator Hill, the signs are unmistakable that the Democrats of the nation phia in which he claims that the pro- will assert themselves over and above New York, and nominate Mr. Cleveland for President on the first ballot. high Valley and New Jersey Central It is not disputed that the overwhelming sentiment of the Democratic people calls for Cleveland's nomination, "I have thought it right to collect and that sentiment will be invited to together and submit to you the facts, assert its omnipotence if New York shall appear at Chicago in the disgracesources equally accessible to you, so ful attitude of demanding that a great that you may have the situation closely party shall be prostituted to nationalize saloon politics.

What is lacking is truth and confidence. If there were absolute truth on the one hand and absolute confidence on the other, it wouldn't be necessary for the makers of Dr. Sage's Catarrh Remedy to back up a plain statement of fact by a \$500 guarantee. They say-"If we can't cure you (make it personal, please,) of catarrh in the head, in any form or stage, we'll pay you \$500 for your trouble in making have the honor to be, sir, your most the trial." Ward off disease by removing the cause of it. It's with the liver or the blood, nine times out of ten. A sluggish liver makes bad blood—and bad blood makes trouble. Dr. Pierce's Gold-en Medical Discovery makes pure blood. It invigorates the liver and kidneys, rouses every organ into healthful action, and cleanses and renews the whole system. KE YOUR MEAT WITH KRAUSERS LIQUID EXTRACT SMOKE

Militon, Pa.,—Your Liquid Extract of Smoke is excellent; it gives the meat a good flavor and keeps it tree from insects; it saves time, trouble and money, and is far superior to the old way of smoking meat.

JAMES FOX.

MILTON, PA . - I gave your Liquid Extract of Smoke a good trial last fall and it proved very satisfactory. I do heartily recommend it to all. GEO. JERRY.

NEAR POTTSGROVE, PA.,—I cannot say too much for your Liquid Extract of Smoke. It is excellent and will do just what you recommend; easily appled, less trouble and expense, and can hang it in a more secure place than a smoke house, and gives the meat a good playor, better than you can get from wood, and keeps it solid and entirely free from insects. I recommend it to all who smoke meat.
