FRIDAY, AFRIL 15, 1892.

The House has passed bills putting wool, cotton ties and bagging on the free list.

A bill has been reported to the House by the Ways and Means Committee putting tin plates on the free list after October 1, 1894.

Ex-Senator William A. Wallace has announced that he favors the nomination of Governor Pattison for President. The two had an interview last week, with the above result.

The present indications are that ing chosen as delegates in many counties. The Republican leaders of Columbia county are solid for him, as usual.

Fuller returns in Rhode Island show that the Republican candidate for Lieutenant Governor. The Attorney General and State Treasurer did not receive a majority of the whole vote, so the legislature will elect.

A difference of 74 votes between his and the lowest vote of the successful delegate, and of 301 votes on the highest cast for any of the opposition. people quickly rally. In the gubernatorial contest of 1890, he found himself a successful leader and a democratic governor was the result. With his counsel in the presidential battle this fall, the republican party must have a good organizati n or Pennsylvania will fall into the democratic column.

INSULT TO JUSTICE.

Mr Krickbaum tried to deceive his readers in his last week's paper, by saying that the appointment of Secre tary of the Bloom Poor District, was a people's victory and a defeat of Senator Herring, who had no more to do with it than the man in the moon. The sum and substance in a nut shell is when Mr. Lar's') asked Mr. Mercer to support him for the nomination of Poor Director, Mr. Mercer promised him to do so, and was faithful to his promise and used all honorable means to elect him at the general election by being on the ground from the time the polls opened until they closed soliciting votes, and employed a man to drive his conveyance to haul Larish and Hidlay voters to the polls, they being the regular nominees.

Now what did Mr. Krickbaum do? He opposed Larish's nomination, and did all in his power underhandedly to defeat him at the general election, and no sooner than Larish was declared elected he persuaded him to go against his friend Mercer and being successful in overcoming poor Larish's weakness. he calls it a "people's victory," which is an insult to justice and a parallel case to his securing his nomination to go to the Chicago Convention which he claims as a similar victory. People who know Krickbaum's methods can not be fooled wi h this kind of chaff.

Krickbaum is always boasting of his honest democracy. Wilhe be kind enough to tell his readers how he voted for Governor when Pattison was first a candidate, also how he voted for President when Cleveland was first a zandidate, and how often since he had office he has bolted the ticket. This will be in order to explain before he asks ! the honest democrats to elect him to the third term for the legislature?

DETECTIVES WILL INDEAVOR TO FIND OUT HOW THE \$20,000 DISAPPEARED.

The mystery of the missing \$20, ooo belonging to Muncy Bank is to be cleared up if skill can accomplish that result.

A R. Barrett, an expert accountant, and O. F. Saltmarsh, a Government detective have been sent by Comptroller Lacey for the purpose of making a thorough examination with t e view of locating the leak by which the money disappeared.

Receiver Collins was closeted with these officials. They have engaged hotel accommodations for a month, and will begin the work before them at once.

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, cars, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

CURED How Can It Be

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have falled, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

" My daughter Mary was afflicted with scrofulous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave ner Hood's Sarsaparilla, when the lump and all indications of scrofula entirely dis-appeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J. N. B.
