

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

# Royal Baking Powder

ABSOLUTELY PURE

## THE COLUMBIAN.

Entered at the Post Office at Bloomsburg, Pa. as second class matter, March 1, 1888.

BLOOMSBURG, PA.

FRIDAY, APRIL 22, 1892.

### ACADEMY OF MUSIC.

The Decker Brothers' Minstrels, a big troupe, gave a fine entertainment at the Academy of Music last night. The audience, which was a large one, went to the Academy to listen to good music, take in a big pile of fun, and go home happy. They were not disappointed, and how could such be the case with such men in the company as Lew Benedict, J. M. Woods, Ramasa, Arno and others of equal ability? Come again, gentlemen, and you will receive a hearty welcome.—*Gazette & Bulletin, Williamsport.*

Bloomsburg Opera House, Friday, April 22nd. Admission 35 and 50 cts. No extra charge for reserved seats.

If you have horses, cattle, wagons, furniture or anything else that you want to sell, make it known to the Bloomsburg Bazar Co., Guy Jacoby, Treasurer, J. S. Williams, auctioneer, Bloomsburg, Pa.

### ESPY.

C. R. Miller and wife from Plymouth spent Sunday at this place, among their friends.

"Sport" has arrived home from Cumberland, at which place he has been for some time employed.

Samuel Kressler our aged friend from Wilkesbarre, but formerly of this place has been paying us a visit during the past week.

An entertainment suitable for the occasion was given by the M. E. Sabbath School on Easter Sabbath morning.

### MILLVILLE.

Mr. and Mrs. Alfred Hawley of Northumberland spent Sunday at Wm. Masters. They came to see David Masters who has been sick for some time. Mrs. Hawley being a sister-in-law of David's.

Mr. Leidecker of Jerseytown came near being killed at this place last Saturday. He stood talking till the train started and then made an attempt to board the train, and would have fallen between the wheels but for the timely aid of Mr. Shaffer one of the employees.

Jack Mitchell who sustained a strained ankle on the W. & W. is out again by the rise of a cane.

Regina Rote of West town is visiting relatives and friends in town this week.

The new machine shop on Rail Road street is now in running order. Mr. Park the proprietor is a fine mechanic and perfect gentleman and all who patronize him may rest assured of fair and honest treatment.

Lydia Vanhorn is having her house on state street remodeled by changing the interior somewhat.

F. W. Heller is making some improvements around his property by taking down the yard fence and changing the garden site.

Several of our townsmen went to Bloomsburg last Tuesday to attend the funeral of Anna Appelman.

Some of our townsmen have lots of lip, if one can judge of looks. Hiram and Spud can answer for themselves.

House and yard cleaning seem to be the thing just now and one and all are doing their best in competition with their neighbors.

Patent medicines differ—One has reasonableness, another has not. One has reputation—another has not. One has confidence, born of success—another has only "hopes."

Don't take it for granted that all patent medicines are alike. They are not. Let the years of uninterrupted success and the tens of thousands of cured and happy men and women, place Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription on the side of the comparison to which they belong. And there isn't a state or territory, nor hardly a country in the world, where there are men and women in them that're happier because of their discovery and their effects.

Think of this in health. Think of it in sickness. And then think whether you can afford to make a trial if the makers can afford to take the risk to give you money back, as they do, if they do not benefit or cure you.

### When to Catch Fish.

Trout, April 15 to July 15; salmon, April 15 to July 15; bass, May 30 to January 1; pike, June 1 to Decenber 1; carp, September 1 to May 1.

We are sorry to be called upon to record the death of Miss Anna, daughter of I. K. Appelman who resides on the Light-street road, on the farm formerly owned by Dr. Kinney. She was but nineteen years of age, and would have graduated in the Senior class at the Normal School in June. Death is never a welcome visitor, but it seems peculiarly sad when those who have just reached an age when life seems brightest to them, are cut off in the flower of youth. Mr. and Mrs. Appelman have the profound sympathy of many friends in their affliction. There was no session at the Normal, and a delegation of students accompanied the remains to the Kitchen cemetery in Mount Pleasant, where the burial took place. There were some beautiful floral offerings. The members of the Faculty, the Senior Class and other students attended the funeral. The services were conducted by Rev. Mr. Ferguson.

At a meeting of the Senior Class of State Normal School held April 16th, the following resolutions were unanimously adopted:

WHEREAS—It has pleased Almighty God in His infinite wisdom to call from our midst our beloved classmate, Anna M. Appelman, and

WHEREAS—Her untimely death renders it fitting that we should give some expression of our feelings of this sad event, therefore be it

Resolved—That while we deeply feel the loss of our beloved classmate, we bow in meek submission to the will of Him who doeth all things, well.

Resolved—That we tender our sincerest sympathy to the bereaved father, sister and brother, and for consolation can point them only to our Heavenly Father, who alone can heal every wound he makes.

Resolved—That we, in a body, attend the funeral services.

Resolved—That a copy of these resolutions be presented to the father of the deceased, and also to each of the Bloomsburg papers for publication.

Hallie F. Keffer,  
Mabel E. Westover,  
Francis S. Conner,  
Kate Cannon,  
Anna Sheely,  
Committee.

I suffered from acute inflammation in my nose and head—for a week at a time I could not see. I used Ely's Cream Balm and in a few days I was cured. It is wonderful how quick it helped me.—Mrs. Georgie S. Judson, Hartford, Conn.

For three weeks I was suffering from a severe cold in my head, accompanied by a pain in my temples. Ely's Cream Balm was recommended to me. After only six applications of the Balm every trace of my cold was removed.—Henry C. Clark, New York appraiser's Office. 4-15-21

### WASHINGTON LETTER.

WASHINGTON, April 18, 1892.

The anti-Harrison republican Senators are well nigh at the end of their wits. The trouble is that they can find no one to fight Harrison with. After the withdrawal of Cullum some of them thought that Alger might fill the bill, and he was sent for to talk the matter over. He has been here several days, but he hasn't made much progress; on the contrary he has got to the end of his rope, as he has been told that after mature consideration it had been decided that the little episode concerning his war record had made him an impossibility, and that the best thing he could do would be to withdraw. This has almost broken Alger's heart, but he has promised to withdraw. Ex Czar Reed could have the support of the anti-Harrison men, if it were not for Mr. Blaine's opposition to him; it has been tendered to McKinley but he would not accept it. Secret conferences are being nightly held, but the indications are not favorable to the anti's, at least not from the outside.

"Teddy" Roosevelt made a ten strike when that resolution authorizing an investigation of the violation of the civil service law (charged by him in a report made last year to Mr. Harrison) by Federal officials in Baltimore was introduced in the House. He has long been trying to find out why Mr. Harrison pigeon-holed that report. The House Committee on Rules will let Mr. Harrison say why no action was ever taken on that report, and then, if the answer is not satisfactory, the resolution for investigation will be reported to the House, and adopted.

Hon. Hugh S. Thompson, the democratic Civil Service Commissioner, has tendered his resignation to Mr. Harrison, to take effect May 15.

Every attempt made by the House

**Children Cry for Pitcher's Castoria.**

to give the Government more power over the national banks, thus adding to their safety as depositories of the people's money, has up to this time been thwarted by the Senate. The bill which was passed by the House a short time ago, prohibiting the borrowing of money by officers of national banks, except by authority of a majority of the bank's directors, which every person familiar with the inside histories of the big national bank failures will acknowledge is a good idea, was promptly saddled with an amendment in the Senate, which it was known that the House would not accept, authorizing the banks to increase their circulation to the full amount of bonds they have deposited in the U. S. Treasury. Which body legislates for the people, and which for the corporations? The House and Senate fairly represent the parties which respectively control them.

Senator Daniel, of Virginia, has introduced an amendment to the Naval appropriation bill, appropriating \$300,000 for the expense of the proposed international naval review, to be held in New York harbor and in Hampton Roads in April, 1893, in honor of the opening of the Columbian Exposition at Chicago. The President is directed, as soon as the appropriation becomes a law, to invite foreign nations to participate in the review.

Somebody is doing some very reckless swearing in the Pension Office investigation. Assistant Secretary Bussey flatly contradicted a statement made by Green B. Raum, Jr., and called upon the committee to judge which of them had lied.

Secretary Foster undertook the very difficult task of bolstering up an illegal act—the spending of money for alleged improvements on Ellis Island—with an opinion from the Attorney General, clearly made to order, and as might have been expected, he made a failure of the job. The alleged opinion is but a lawyer's plea; it justified the authorizing of the expenditure by Assistant Secretary Nettleton on the ground that the late secretary Windom had contemplated if he had not actually done, the same thing; and Congress is asked to accept this as a vindication of Nettleton, but it will not do so. If Nettleton has not resigned before the joint Immigration Committees conclude their investigation of this matter, it is believed that they will recommend his removal, and also that of Superintendent Owen.

Mr. Harrison may find himself in a very awkward predicament, on account of his very remarkable assumption of power in paying an indemnity of \$21,000 to Italy out of the State department contingent fund, without consulting Congress at all. This abuse of authority is absolutely without precedent, and Congressmen of both parties are at present inclined to ask awkward questions about it when the Consular and Diplomatic Appropriation bill gets before the House.

The House committee on Rules has been trying to get up some satisfactory method of putting a stop to the printing in the Record of matter entirely foreign to the proceedings of the House such as the entire contents of books and pamphlets, which have been printed there during the last week; but the matter is a very delicate one, involving privileges of which every member is jealous, and nothing has been agreed upon. The common sense of the members will probably come to the rescue, and stop the abuse of a privilege which in itself is highly desirable.

### ANOTHER NEW INDUSTRY.

There is a prospect that another factory will be established in Bloomsburg which will employ about 50 hands. Frank Kendrick, Samuel Coughlin and others of Philadelphia, propose to organize a company to be known as Suber's Patent Roller Bearing Company, with a capital of \$20,000. The works will be erected below the canal east of the Brass Tube Works.

J. G. Wells will be at Smith's hotel, Jerseytown, on Tuesday, April 26th and at Millville, at Rice's hotel, Thursday, 28th. Eyes examined free of charge, watches, clocks, and jewelry work taken in for repairs.

### BRIGHT MEN.

Bright men are those who make it profitable for themselves and others. The management of Wood's Business College is rich, and the fact that they place over three hundred students each year in good positions makes the work decidedly reciprocal.

### PUBLIC SALE.

The county commissioners will sell at auction on Saturday at 1 o'clock the following property: doors, gas pipe coal house, privy, &c.

The Bloomsburg Bazar Company will sell 15 head of horses, 7 top buggies, 1 spring wagon, 1 open buggy at the Exchange Hotel stables on Saturday, April 23rd, at noon.

April 30. Grant Herring, trustee will sell real estate in Jameson City on the premises at 10 o'clock a. m.

To Builders and Others.

For Shingles, Guaged Fencing, wide Barn boards, all kinds dressed lumber do to White & Conner, Orangeville, Pa. 3-25-6w.

### THE ICE FACTORY.

An organization of the Bloomsburg Ice and Cold Storage Company has been effected by the election of the following officers: Directors, M. I. Low, W. R. Kocher, L. E. Waller, C. M. Creveling, C. W. McKelvey, S. R. Frantz and C. W. Miller; President, M. I. Low; Secretary, W. R. Kocher; Treasurer, C. C. Peacock. The capital stock is \$27,000, and a charter will soon be obtained. The contract for the erection of the plant has been awarded.

Jim Patchen, owned by William A. Hartzell, is as handsome a stallion as can be found. He was sired by the celebrated trotter, George M. Patchen, and has a fine record. Last fall he trotted three heats in a race at the Bloomsburg Fair grounds in 2:41, 2:40 and 2:39, without a break. He is sound and gentle in every respect. For particulars, see William A. Hartzell, Exchange Hotel stables, Bloomsburg, Pa.

Plow repairs, stove repairs and light soft castings a specialty, also the cheapest cook stoves in the county at Sharpless foundry. 4-22 St.

A Veteran of the Mexican War.

Samuel L. McFadin whose portrait appears above, is a prominent citizen of Logansport, Ind., and one of but seven surviving veterans of a company of ninety-two young men who left that city forty-five years ago for the seat of War in Mexico. He now holds the position of Marshall of National Association, and although well advanced in years is still hearty and hale. In writing of his health he says:—I had been troubled for a long time with rheumatism, Kidney and Liver Complaint and could hardly get around. Suffered great pain night and day. After trying many different kinds of medicines and finding no relief, at last through the advice of a friend I purchased Dr. Kilmer's Swamp-Root from one of our leading Druggists, B. F. Kesting, and must say it has helped me wonderfully, as I now walk without pain.

It is the only medicine that has done me any good, and has been a great benefit in invigorating and building up my system, greatly assisting the liver, kidneys and digestive organs. This is the first recommendation I have ever given to call the attention of the public to the merits of this wonderful specific. Those who try Swamp-Root have generally first employed the family physician, or used all the prescriptions within their reach without benefit. As a last resort, when their case has become chronic, the symptoms complicated and their constitution run down, then they take this remedy, and it is just such cases and cures that have made Swamp-Root famous and given it a world-wide reputation.

### BUSINESS LOCALS.

Call and see our line of Wall Paper and Window Curtains before you buy. J. H. MERCER.

We are prepared to do papering either by contracting to put it on or only sell you the paper, just as you like. J. H. MERCER.

### FARMERS.

Look to your interest. Elmira Clipper chilled Plows, right and left South Bend chilled plows at bottom prices. Planet Jr. one horse cultivators, Blaker adjustable spring tooth harrow, set the teeth all at one time. All kind of repairs that farmers need. Call and see before you buy, at Eshleman & Wolf's, lower end Opera House, Bloomsburg, Pa.

For Wall Paper and Window Shades go to Mercer's Drug and Book Store.

### DR. MORITZ SALM.

This eminent Physician has devoted a life-time to his specialty—diseases of the Eye, Ear, Nose, Throat, Lung and Chronic Diseases.

The celebrated Authors and Medical Lecturers and Greatest Living Specialists for the treatment and cure of all long-standing and difficult chronic diseases, and diseases of the Blood, Nervous System, and Eye and Ear, Nose and Throat, will visit this county and meet their many patients and friends, and give ALL AFFLICTED an opportunity to consult them free of charge, and secure the latest and best treatment for such diseases as the regular family physician is not prepared to treat.

The Doctor's reputations are not only National but Continental, as they have visited Europe several times and treated thousands of cases, and made many remarkable cures, while bringing together their Anatomical Museum and fine collection of instruments, appliances, etc. which is the largest and finest collection now owned by any one in the country.

They will visit this county every four weeks, thus saving their patients the trouble and expense of visiting the city, as they are the only physicians and surgeons in this country who carry their own Manikins, Models, Diagrams, etc. to illustrate and make plain to all afflicted the cause and nature of their disease.

### CHRONIC DISEASES.

The Doctors treat no acute diseases, but make an entire specialty of chronic and long standing diseases. Cases given up by other doctors and pronounced incurable, they most desire to see. The Doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which had been given up as incurable, some to be blind, others deaf, and a large number of the "invalids for life." But behold! now they see and hear, and many are started on the high road to health and recovery every day.

The doctors are surrounded with the largest collection of the instruments ever imported to this country for examining and treating all chronic diseases of the HEAD, FACE, EYE, EAR, THROAT, HEART, LUNGS, Stomach, Liver, Kidneys, Bladder, Skin, Brain and Nervous System, Cancers, Tumors, Piles, Swellings, Old Sores, Ulcers, Paralysis, Neuralgia, Rheumatism, Dropsy, Gout, Sick Headache, Debility, Depression of Spirits, Diseases of Children, Hereditary Diseases, &c. and in fact, all long-standing and Chronic Diseases.

### EAR TROUBLES ARE CURED

In an astonishing quick time. They will relieve you of all roaring, hissing and singing noises, heaviness, itching, pain, ringing of the ear, will close up a hole in a drum of fifty years standing, will insert artificial Ears, Drums of their own invention with astonishing gratifying results.

### I. W. Hartman & Sons.

This week we give to you a few articles with prices, if in want of a cheap dress, we have all colors in double width, *Brecaides*, half wool for 12 1/4 yard. We have Ladies' Waists, 50c to 2:50, we have mens' outing flannel Shirts as low as 40c, and boys' from 25c and up. Childrens, *Cloaks* in the newest colors, Ladies' and Misses' Spring Coats and Wraps in all the latest makes and colors. Our Spring Linen goods are attracting buyers, the napkins are fine, the towels are large, the table covers are of a handsome pattern.

The reason buyers come a great distance to Bloomsburg, is they find a number of stores which carry from \$20,000 to \$40,000 in goods, and reason ought to teach everybody that in a store of that size, many goods can be found to please.

I. W. HARTMAN & SONS.

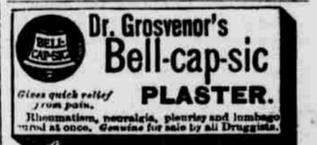

You pay your money and you take your choice. It is a good thing when you are invited to take your choice to insist that you have something to choose from.

You will find no fault with us in this respect if you will come and look at our wall paper and window curtains.

If you have need of either come and see our stock; if you have not, come along just the same.

We know you will admire the beautiful combination in wall papers; the new shades in curtains and be astonished at what you can do at a moderate outlay.

W. H. BROOKE & CO'S.

### DR. MORITZ SALM.

The Doctor has been for years a Professor and lecturer in several of our largest Medical Colleges, and has earned great fame as an authority and author on all subjects concerning his specialty.

### A WORD ABOUT CATARRH.

It is in the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that catarrh makes its stronghold. Once established it eats into the very vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammeling the power of speech, destroying the faculty of smell, tainting the blood, and enfeebling the bones, eating the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviations are simply procrastinated sufferings, leading to a fatal termination. The Drs. have by a treatment local and constitutional, made the cure of this dread disease a certainty, and has never failed. Even when the disease has made frightful inroads on delicate constitutions bearing small and taste have been removed, and the disease thoroughly averted.

They recognize the great principle that genius or talent, or exceptional skill in and profession, is a great public trust to be executed for the greatest good for the greatest number, hence they call your attention to the fact of their visit to your community, and to what you may expect from their treatment. The Doctors have devoted years to the study and treatment of

### Chronic and Complicated Diseases.

Which other physicians failed to treat successfully. Those delicate functions of the human frame, whose derangement, have for centuries defied human skill, have in many cases yielded to the patient investigation and untiring perseverance of these doctors, and thousands of sufferers from diseases heretofore pronounced incurable, have consulted these gentlemen, and been by them restored to health and usefulness.

### CHRONIC DISEASES OF THE EYE.

Such as Granulated Lids, Chronic Inflammation of the Lids, of the Iris, of the Choroid, of the Retina, Chronic Ulcerations, Spasms of the Lids, Cancer of the Lids and Eye, Tears running down the cheeks, Day and Night Blindness, Puffiness or Swelling of the Eye, Strabismus, Ophthalmia, Syphilitic Ophthalmia, Red Blood, Brown spots on the Ball, Phlyctenular Ophthalmia, Opacities of Milk, White Spots on the Eye, Haemorrhage or Cupping of the Nerve, Amaurosis, Falling out of Lashes, Sores, Redness of Edges of Lids and Eyes, and all other diseases to which the eye or its appendages are liable, positive and rapid cure guaranteed.

### SMALL TUMORS, CANCERS AND WARTS.

Removed without acids, knife pain or scar. New method. Electrolysis, EXPLIES OR FITS Scientifically treated and positively cured by a never-failing method. GUARANTEE LIFETIME FREE TO EVERYBODY, at the

EXCHANGE HOTEL Bloomsburg, Pa. on Friday April 29.

ADDRESS ALL COMMUNICATIONS TO BOX 780.
