The Latest Swindle

The latest swindle is carried on by the means of a double fountain pen, one end of which is filled with good substantial ink, the other with ink that fades away in a day or two. The sharper writes the agreement, contract or whatever way he may have chosen with ink that will not last. In a few days he has a slip of paper with nothing but a signature over which he can write a note and easily turn it into cash. Look out for the fountain pen swindler, for he is dangerous.

W. S. Rishton, a graduate of the Phila. College of Pharmacy, has opened an elegant new store in Ent's building one door below the Farmers National Bank where he will be pleased to see any who may need anything in his line.

He carries the largest, finest and best line of toilet preparations, perfumes, and sundries in the town.

His prescription department is stocked with a complete line of pure drugs and chemicals. Every prescription which goes out of his store is guaranteed to be composed of perfectly pure ingredients and exactly as specified on the Physician's prescription.

Can you Cook a Trout.

To fry a trout well is a great art, and rarely understood. The fat, be it butter olive oil or lard, should be sweet and burning hot. As soon as browned, the fish should be lifted out and the fat allowed to drain off. A thin slice of salt pork or bacon will go well with the fish, but too much bacon may give them a smoky flavor. Small trout from six to eight inches long are cooked in this manner. Any sized fish may be roasted in the ashes, and they are excellent in that way, but trout from a fourth to three-fourths of a pound give the best results. But, above all, give us a good big trout, boiled properly, with a little white-wine vinegar in the water, and served hot with either caper or egg sauce and a glass or two of white caper wine to wash them down, says *Forest and Stream*.

The New D. L. & W. Coal Field.

That the D. L. & W. is ready to tap their great Hanover coal basin is evidenced by the removal of Thomas H. Carey from the superintendency of the Woodward mines and his transfer to Hanover. Mr. Carey is recognized as being the most successful superintendent of the company, and he is employed only in developing new coal properties. He took charge at the Woodward about six years ago, and under his direction the two shafts were sunk, the mines opened, and the breaker and other buildings erected. Mr. Carey has spent nearly a million dollars for the company since he was first sent to Kingston from Scranton, but his new work is of even greater importance than that which he has done. The Hanover coal field of the D. L. & W. is the largest and most important remaining in the Wyoming Valley, and it is estimated to be worth from twenty to fifty millions of dollars.—*W. B. Times*.

Talking of patent medicines—you know the old prejudice. And the doctors—some of them are between you and us. They would like you to think that what's cured thousands won't cure you. You'd believe in patent medicines if they didn't profess to cure *everything*—and so, between the experiments of doctors, and the experiments of patent medicines that are sold only because there's money in the "stuff," you loose faith in *everything*.

And, you can't always tell the prescription that cures by what you read in the papers. So, perhaps, there's no better way to sell a remedy, than to tell the truth about it, and take the risk of its doing just what it professes to do.

That's what the World's Dispensary Medical Association, of Buffalo, N. Y., does with Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription.

If they don't do what their makers say they'll do—you get your money back.

W. S. Rishton keeps the finest line of soaps, sponges, brushes and all utensils for the bath and toilet in town.

OFFERED FOR THE ARREST OF HARRIS AND CHARLEY WHO KILLED JACOB MARKS.

The murderers of Jacob Marks in Sullivan county, last month, are being diligently tracked by detectives, and no stone will be left unturned to apprehend them. Harris and Charley, for by this title they operated as a firm, lost no time in getting back to New York, and from that point officers are now tracking them.

Harris is a man not over 30 years of age, five feet seven inches in height, dark complexion, dark hair, brown eyes, and weighs about 150 pounds; he wears a small moustache, and is a good talker. Charley has reddish hair, light complexion, rather heavy sandy moustache, is a little taller than his companion in crime, although about the same weight and age. Both were peddlars and natives of Germany, and speak somewhat broken English.

A reward of \$500 has been offered for their capture—\$150 of that sum being offered by the commissioners of Sullivan county, \$100 by the sheriff of that county, and \$250 by the brothers of their victim.

It is thought by some people here that the New York officers already have a clue, and that the arrest of the men is only a question of time.

MRS. C. F. STOENER & SISTER, Evan's block two doors above Iron St. 4-29-4t.

The plague of breaking lamp chimneys is abroad in the land. There are two sorts of chimneys; brittle and tough. Ninety-nine in a hundred are brittle. The worst are imported from Germany. The best are Macbeth's "Pearl-top" & "Pearl-glass."

Two sorts as to workmanship; fine and coarse. The fine are Macbeth's "Pearl-top" and "Pearl-glass." The coarse are rough and out of proportion; misfits and misshapen; they do not make a good draft; they smoke.

Two sorts as to glass; transparent and gray. "Pearl-top" and "Pearl-glass" are clear, fine and tough—not tough against accident—tough against heat.

Call for "Pearl-top" or "Pearl-glass" chimneys.
