They are not created just to keep other roads in fine condition while their own are almost impassible.

They claim that the American ladies are now buying their journals to such an extent that most of the newsdealers are entirely out of them by the fifth of the month. As all the Just above Bear's Gap 5 miles plates are made in Paris by the best artists, the publishers claim that it re-quires considerable time to catch up with such an increased demand. We agree with our lady friends that these are superior fashion journals. We J. W. Evans is doing a fine life and suggest to them to become regular subscribers, thus making sure of receiving their journal each month, and securing that valuable book, "Dressmaking Simplified," that is given as a premium to each subscriber paying \$3.50 in advance for either "La Mode de Paris" or "Album des Modes" for one year. You may place the order through your news agent, or send direct to the publishers.
